Workers’ Compensation

THE WORKERS’ COMPENSATION ACT
AS AMENDED TO JANUARY 1, 2001

ISSUED BY
THE WORKERS’ COMPENSATION COMMISSION
JANUARY 1, 2001
PREFATORY NOTE

The Connecticut Workmen’s Compensation Act was adopted in 1913, (changed to Workers’ Compensation Act in 1979) as chapter 138 of the Public Acts of that year. It became generally effective with the year 1914, and was printed as part of bulletin No. 1. Its provisions covered injuries from January 1, 1914, to May 20, 1915 at which time it was amended by chapter 288 of the Public Acts of 1915. These amendments were incorporated into the act and printed in bulletin No. 5, which was applicable to injuries from May 20, 1915, to July, 1917.

On July 1, 1917, amendments enacted by the General Assembly of that year went into effect. The main provisions formed the subject matter of chapter 368 of the Public Acts of that year. The original act, with amendments up to that date, was printed in bulletin No. 6, and there were added the provisions of the Public Acts of 1915, chapter 287, and of the Public Acts of 1917, chapter 126.

Injuries from July 1, 1918, to July 1, 1919, are covered by chapter 285 of the General Statutes, Revision of 1918. As this was a revision of the act generally in matters of arrangement and form only, its provisions were not incorporated into any bulletin, bulletin No. 6 being sufficient for practically all purposes.

Bulletin No. 7 was issued in 1919, and contains the act as amended by the General Assembly of that year.

The various legislatures from 1921 to 1929 inclusive amended the act in different particulars. These changes were covered by bulletins Nos. 8 to 11 inclusive but were not effective until August 6, 1929. It should be noted that injuries occurring between July 1, 1919, and August 6, 1929, are governed by the law as it appears in bulletin No. 7, that bulletin No. 11 applies only to injuries occurring from August 7, 1929, to the date when the Revised Statutes of 1930 became effective.

See Prevelin vs. Derby, 112 Conn. 129.

Bulletin No. 12 contained the act as it appears in the General Statutes, Revision of 1930, as amended by chapter 9 and chapter 132 of the Public Acts of 1931.

In bulletins Nos. 13 to 42 inclusive were incorporated the amendments passed by the General Assembly from 1930 through 1995 which were in effect as of January 1, 1996.

Several areas of the administration of the act are subject to regulations. These are printed immediately after the statutes in this bulletin and should be carefully noted as they have the force of the law.

A number of sections of the General Statutes, while not properly a part of the Workers’ Compensation act, confer additional jurisdiction on Compensation Commissioners or concern the rights of special categories of employees. The most significant of such provisions, including those of interest to employees of the state, civil defense workers, volunteer fire fighters, etc., are printed after the Workers’ Compensation Act and before the administrative regulations in this bulletin.
Each district Commissioner has jurisdiction of injuries which occur within that district. In 1965 a Commissioner at Large was added to sit in districts designated by the Chairman. The districts ceased to be identical with Congressional districts in 1969.

In 1967, the legislature established a separately funded Division of Workmen’s Rehabilitation whose title was changed in 1979 to Division of Workers’ Rehabilitation.

The legislature in 1979 amended the Workmen’s Compensation Act title to Workers’ Compensation Act effective October 1, 1979.

Also in 1979, the legislature eliminated the appeal from a Commissioner to the Superior Court and provided an intra-agency appeal to the Compensation Review Division presided over by the Chairman.

The legislature in 1980 made the Chairman a full-time position and added the Chairman as a ninth Commissioner with power to hear any case in any district and with control over the hearings calendars of the district Commissioners.

The 1981 legislature created a Statistical Division.

The 1982 legislature created a separately funded Division of Worker Education.

The 1984 legislature created the Eighth District.

The 1985 legislature amended the Workers’ Compensation Act requiring employers to report employee injuries to the Chairman of the Workers’ Compensation Commission. The amendment effectively initiated the computerization of the Workers’ compensation commission’s database. The 1985 legislature added one and the 1987 legislature added two Commissioners at Large bringing the total number of Commissioners to thirteen.

The 1991 legislative session made numerous substantive, administrative, and technical changes to the Workers’ Compensation Act. Among the substantive changes; the compensation rate was changed to eighty percent of average weekly earnings after deduction for federal income taxes and social security withholdings, the maximum rate for permanent partial, partial incapacity, scarring and disfigurement was limited to one hundred percent of the average weekly production earnings rate and the dependency allowance was eliminated. Among the administrative changes; the formation of a Workers’ Compensation Commission advisory board appointed by the Governor, the addition of a Commissioner increasing total number of Commissioners to 14 including the Chairman, vesting of greater administrative powers in the position of the Chairman, and the assignment of all Commissioners on an at large basis. The technical changes to the Act involved reorganizing and re-grouping various statutes and updating certain language in the text of the statutes.

In 1993 the legislature enacted Public Act 93-228 which made sweeping changes in our Workers’ Compensation Act. Among some of the changes were; restrictions for claims filed by non-residents injured in this state, disallowance of injuries resulting from voluntary participation in activities which are mostly social or recreational, disallowance of mental or emotional injuries which either result from a personnel action or do not result from a physical injury or occupational disease, elimination of cost of living allowances,
reduction in the compensation rate to seventy-five percent of the injured workers’ average weekly earnings after deduction for federal and state taxes and for social security. Extension of the time period for the computation of the average weekly wage from twenty-six weeks to fifty-two weeks, reduction in the number of weeks for the proportional and total loss of certain body parts, organs or systems, and reduction in the maximum compensation rate for temporary total disability to one hundred percent of the average weekly earnings of all workers in the state. Additionally, the legislature amended provisions regarding employer sponsored medical care plans enacted in Public Act 91-339 by including in Public Act 93-228 language that failure to treat in an approved employer sponsored medical care plan shall suspend the right to compensation, subject to the order of a commissioner.

In 1995 the legislature made significant changes to the provisions of the Workers’ Compensation Act which concerned the operation of, and transfer of claims to the Second Injury Fund. Public Act 95-277 significantly increased the penalties for the failure to carry workers’ compensation insurance and mandated the imposition of those penalties. Public Act 95-277 also altered the procedures for notice to the Second Injury Fund for the transfer of claims, required the submission of controverted claims regarding the existence of a pervious disability to a medical panel appointed by the Chairman and terminated the transfer of claims to the Second Injury Fund for injuries arising after July 1, 1995. Additionally, Public Act 95-277 altered the method of apportionment for payment of concurrent employment benefits and mandated local building officials require proof of workers’ compensation insurance prior to issuing any building permit.

In 1996 the legislature again made several noteworthy changes to the Workers’ Compensation Act. Public Act 96-65 permitted civil actions against employers who failed to carry insurance. Public Act 96-72 repealed the residency requirements for commissioners. Public Act 96-125 required the furnishing of medical reports concerning any injury sustained in the course of employment within 30 days. Public Act 96-216 increased the penalty for an employer’s noncompliance with the obligation to carry workers’ compensation insurance by removing the $1,000 penalty cap and subjecting the offending employer to fines under § 31-288. Public Act 96-242 provided a date certain, July 1, 1999, by which all claims to the Second Injury Fund for injuries occurring prior to July 1, 1995 must be effected.

In 1997 the legislature amended the act’s provisions regarding cost of living adjustments. The act was amended so as to provide cost of living adjustments to those who were injured after July 1, 1993 and were: (1) permanently disabled or adjudicated totally disabled for a period of 5 years or more, or (2) surviving dependents of a claimant. The legislature expanded the definition of personal injury so as to include board of education employees injured as a result of participation at a school-sponsored activity.

In 1998 the legislature again amended its provisions regarding cost of living adjustments [COLAs]. The act was amended so as to permit the recalculation of COLAs for those entitled to a COLA and injured prior to July 1, 1993 on the basis of the annual percentage increase in the maximum compensation rate between their compensation rate at the date of injury or October 1, 1990, whichever is later. That year the legislature also enacted a provision requiring employers or insurance carriers to forward a notice within 30
days of the death of an employee to the last known address of the deceased employee indicating that dependents may be eligible for surviving dependents benefits. The legislature also amended the Workers’ Compensation Act so as to require relevant diagnostic and prophylactic procedures for police and fire officers who may have been exposed to a blood-borne disease.

In 2000, the legislature added the female reproductive organs to the scheduled list of body parts for which Permanent Partial Disability benefits may be given. The legislature also provided tuition waivers at certain state higher education institutions for dependent children of a municipal or state employee killed in the line of duty.

This bulletin brings the law up to date.

For purposes of subparagraph (C) of this subdivision, “narcotic drugs” means all controlled substances, as designated by the Commissioner of Consumer Protection pursuant to subsection (c) of section 21a-243, but does not include drugs prescribed in the course of medical treatment or in a program of research operated under the direction of a physician or pharmacologist. For purposes of subparagraph (E) of this subdivision, “place of abode” includes the inside of the residential structure, the garage, the common hallways, stairways, driveways, walkways and the yard. The Workers’ Compensation Commission shall adopt regulations in accordance with the provisions of chapter 54 to implement the provisions of this section and shall define the terms “a preliminary act” and “acts in preparation for work” on or before October 1, 1995.

(5) “Date of the injury” means, for an occupational disease, the date of total or partial incapacity to work as a result of such disease.

(i) Has entered into or works under any contract of service or apprenticeship with an employer, whether the contract contemplated the performance of duties within or without the state;

(vi) Is an elected or appointed official or agent of any town, city or borough in the state, upon vote of the proper authority of the town, city or borough, including the elected or appointed official or agent, irrespective of the manner in which he is appointed or employed. Nothing in this subdivision shall be construed as affecting any existing rights as to pensions which such persons or their dependents had on July 1, 1927, or as preventing any existing custom of paying the full salary of any such person during disability due to injury arising out of and in the course of his employment.

(B) “Employee” shall not be construed to include:

(i) Any person to whom articles or material are given to be treated in any way on premises not under the control or management of the person who gave them out;
(ii) One whose employment is of a casual nature and who is employed otherwise than for the purposes of the employer’s trade or business;

(iii) A member of the employer’s family dwelling in his house; but, if, in any contract of insurance, the wages or salary of a member of the employer’s family dwelling in his house is included in the payroll on which the premium is based, then that person shall, if he sustains an injury arising out of and in the course of his employment, be deemed an employee and compensated in accordance with the provisions of this chapter;

(10) "Employer" means any person, corporation, limited liability company, firm, partnership, voluntary association, joint stock association, the state and any public corporation within the state using the services of one or more employees for pay, or the legal representative of any such employer, but all contracts of employment between an employer employing persons excluded from the definition of employee and any such employee shall be conclusively presumed to include the following mutual agreements between employer and employee: (A) That the employer may accept and become bound by the provisions of this chapter by immediately complying with section 31-284; (B) that, if the employer accepts the provisions of this chapter, the employee shall then be deemed to accept and be bound by such provisions unless the employer neglects or refuses to furnish immediately to the employee, on his written request, evidence of compliance with section 31-284 in the form of a certificate from the commissioner, the Insurance Commissioner or the insurer, as the case may be; (C) that the employee may, at any time, withdraw his acceptance of, and become released from, the provisions of this chapter by giving written or printed notice of his withdrawal to the commissioner and to the employer, and the withdrawal shall take effect immediately from the time of its service on the commissioner and the employer; and (D) that the employer may withdraw his acceptance and the acceptance of the employee by filing a written or printed notice of his withdrawal with the commissioner and with the employee, and the withdrawal shall take effect immediately from the time of its service on the commissioner and the employee. The notices of acceptance and withdrawal to be given by an employer employing persons excluded from the definition of employee and the notice of withdrawal to be given by the employee, as provided in this subdivision, shall be served upon the commissioner, employer or employee, either by personal presentation or by registered or certified mail. In determining the number of employees employed by an individual, the employees of a partnership of which he is a member shall not be included. A person who
is the sole proprietor of a business may accept the provisions of this chapter by notifying the commissioner, in writing, of his intent to do so. If such person accepts the provisions of this chapter he shall be considered to be an employer and shall insure his full liability in accordance with subdivision (2) of subsection (b) of section 31-284. Such person may withdraw his acceptance by giving notice of his withdrawal, in writing, to the commissioner. Any person who is a partner in a business shall be deemed to have accepted the provisions of this chapter and shall insure his full liability in accordance with subdivision (2) of subsection (b) of section 31-284, unless the partnership elects to be excluded from the provisions of this chapter by notice, in writing and by signed agreement of each partner, to the commissioner.

(16) (A) “Personal injury” or “injury” includes, in addition to accidental injury which may be definitely located as to the time when and the place where the accident occurred, an injury to an employee which is causally connected with his employment and is the direct result of repetitive trauma or repetitive acts incident to such employment and occupational disease.

(B) “Personal injury” or “injury” shall not be construed to include:

(i) An injury to an employee which results from his voluntary participation in any activity the major purpose of which is social or recreational, including, but not limited to, athletic events, parties and picnics, whether or not the employer pays some or all of the cost of such activity;
(ii) A mental or emotional impairment, unless such impairment arises from a physical injury or occupational disease;

EMPLOYERS’ LIABILITY

Sec. 31-284. Basic rights and liabilities. Civil action to enjoin noncomplying employer from entering into employment contracts. Notice of availability of compensation. (a) An employer who complies with the requirements of subsection (b) of this section shall not be liable for any action for damages on account of personal injury sustained by an employee arising out of and in the course of his employment or on account of death resulting from personal injury sustained, but an employer shall secure compensation for his employees as provided under this chapter, except that compensation shall not be paid when the personal injury has been caused by the willful and serious misconduct of the injured employee or by his intoxication. All rights and claims between an employer who complies with the requirements of subsection (b) of this section and employees, or any representatives or dependents of such employees, arising out of personal injury or death sustained in the course of employment are abolished other than rights and claims given by this chapter, provided nothing in this section shall prohibit any employee from securing, by agreement with his employer, additional compensation from his employer for the injury or for enforcing any agreement for additional compensation.

(b) Each employer who does not furnish to the chairman of the Workers’ Compensation Commission satisfactory proof of his solvency and financial ability to pay directly to injured employees or other beneficiaries compensation provided by this chapter shall insure his full liability under this chapter, other than his liability for assessments pursuant to sections 31-345 and 31-354 in one of the following ways: (1) By filing with the Insurance Commissioner in form acceptable to him security guaranteeing the performance of the obligations of this chapter by the employer; or (2) by insuring his full liability under this part, exclusive of any liability resulting from the terms of section 31-284b, in any stock or mutual companies or associations that are or may be authorized to take such risks in this state; or (3) by any combination of the methods provided in subdivisions (1) and (2) of this subsection as he may choose, subject to the approval of the Insurance Commissioner. If the employer fails to comply with the requirements of this
subsection, an employee may bring an action against such employer for damages on account of personal injury sustained by such employee arising out of and in the course of his employment or on account of death resulting from personal injury so sustained, except that there shall be no liability under this section to an individual on the part of the employer if such individual held himself out to the employer as an independent contractor and the employer, in good faith, relied on that representation as well as other indicia of such status and classified such individual as an independent contractor. In case of an alleged noncompliance with the provisions of this subsection, a certificate of noncompliance under oath, by the chairman of the Workers’ Compensation Commission, shall constitute prima facie evidence of noncompliance.

(c) Each employer who does not furnish to the chairman of the Workers’ Compensation Commission satisfactory proof of his solvency and financial ability to pay directly to the State Treasurer the assessments required in sections 31-345 and 31-354 shall insure his full liability for the assessments in one of the following ways: (1) By filing with the Insurance Commissioner in form acceptable to him security guaranteeing the payment of the assessments by the employer; (2) by insuring his full liability for the assessments in any stock or mutual companies or associations that are or may be authorized to take such risks in this state; or (3) by any combination of the methods provided in subdivisions (1) and (2) of this subsection as he may choose, subject to the approval of the Insurance Commissioner. The payment of the assessments required under sections 31-345 and 31-354 is a condition of doing business in this state and failure to pay the assessments, when due, shall result in the denial of the privilege of doing business in this state or to self-insure under subsections (b) and (c) of this section. If the liability for the assessments is insured, the insurance shall be by endorsement to a policy meeting all of the requirements of the Insurance Commissioner, or by a separate policy insuring the liability for the assessments, and otherwise meeting all of the requirements of the Insurance Commissioner. In the case of any employer who files acceptable security guaranteeing the liability for the assessments, failure to pay the assessments, when due, shall result in the denial of the privilege to self-insure under subsections (b) and (c) of this section.

(d) Any employer to whom a certificate of self-insurance has been issued pursuant to this section who fails or is unable to pay any compensation mandated by the provisions of this chapter, thereby requiring payment from the Second Injury Fund pursuant to section 31-355, shall be prohibited from self-insuring his liability under this chapter for a period of ten years from the date of the payment. The employer shall be required during the ten-year period to insure his full liability under this part, exclusive of any liability resulting from the terms of section 31-284b, in any stock or mutual companies or associations that are or may be authorized to take such risks in this state. Failure to so insure his liability shall result in the denial of the privilege of doing business in this state.

(e) Whenever an employer fails to comply with the requirements of subsection (b) of this section, the Attorney General may bring a civil action in the superior court for the judicial district of Hartford to enjoin the employer, until such time as he fully complies with such requirements, from entering into any contracts of employment as a result of which he will employ additional employees.
(f) Each employer subject to the provisions of this chapter shall post, in a conspicuous place, a notice of the availability of compensation, in type of not less than ten-point boldface. The notice shall contain, at a minimum, the information required by regulations adopted pursuant to section 3-1279.

Sec. 31-293. Liability of third persons to employer and employee. Limitations on liability of architects and engineers. Limitations on liability of insurers, self-insurance service organizations and unions relating to safety matters. (a) When any injury for which compensation is payable under the provisions of this chapter has been sustained under circumstances creating in a person other than an employer who has complied with the requirements of subsection (b) of section 31-284, a legal liability to pay damages for the injury, the injured employee may claim compensation under the provisions of this chapter, but the payment or award of compensation shall not affect the claim or right of action of the injured employee against such person, but the injured employee may proceed at law against such person to recover damages for the injury; and any employer or the custodian of the Second Injury Fund, having paid, or having become
obligated to pay, compensation under the provisions of this chapter may bring an action against such person to recover any amount that he has paid or has become obligated to pay as compensation to the injured employee. If the employee, the employer or the custodian of the Second Injury Fund brings an action against such person, he shall immediately notify the others, in writing, by personal presentation or by registered or certified mail, of the action and of the name of the court to which the writ is returnable, and the others may join as parties plaintiff in the action within thirty days after such notification, and, if the others fail to join as parties plaintiff, their right of action against such person shall abate. In any case in which an employee brings an action against a party other than an employer who failed to comply with the requirements of subsection (b) of section 31-284, in accordance with the provisions of this section, and the employer is a party defendant in the action, the employer may join as a party plaintiff in the action. The bringing of any action against an employer shall not constitute notice to the employer within the meaning of this section. If the employer and the employee join as parties plaintiff in the action and any damages are recovered, the damages shall be so apportioned that the claim of the employer, as defined in this section, shall take precedence over that of the injured employee in the proceeds of the recovery, after the deduction of reasonable and necessary expenditures, including attorneys’ fees, incurred by the employee in effecting the recovery. The rendition of a judgment in favor of the employee or the employer against the party shall not terminate the employer’s obligation to make further compensation which the commissioner thereafter deems payable to the injured employee. If the damages, after deducting the employee’s expenses as provided in this subsection, are more than sufficient to reimburse the employer, damages shall be assessed in his favor in a sum sufficient to reimburse him for his claim, and the excess shall be assessed in favor of the injured employee. No compromise with the person by either the employer or the employee shall be binding upon or affect the rights of the other, unless assented to by him. For the purposes of this section, the claim of the employer shall consist of (1) the amount of any compensation which he has paid on account of the injury which is the subject of the suit and (2) an amount equal to the present worth of any probable future payments which he has by award become obligated to pay on account of the injury. The word “compensation”, as used in this section, shall be construed to include incapacity payments to an injured employee, payments to the dependents of a deceased employee, sums paid out for surgical, medical and hospital services to an injured employee, the burial fee provided by subdivision (1) of subsection (a) of section 31-306, payments made under the provisions of sections 31-312 and 31-313, and payments made under the provisions of section 31-284b in the case of an action brought under this section by the employer or an action brought under this section by the employee in which the employee has alleged and been awarded such payments as damages. Each employee who brings an action against a party in accordance with the provisions of this subsection shall include in his complaint (A) the amount of any compensation paid by the employer or the Second Injury Fund on account of the injury which is the subject of the suit and (B) the amount equal to the present worth of any probable future payments which the employer or the Second Injury Fund has, by award, become obligated to pay on account of the injury. Notwithstanding the provisions of this subsection, when any injury for which compensation is payable under the provisions of this chapter has been sustained under circumstances creating in a person other than an employer who has complied with the requirements of subsection (b) of section 31-284, a legal liability to pay damages for the
injury and the injured employee has received compensation for the injury from such employer, its workers’ compensation insurance carrier or the Second Injury Fund pursuant to the provisions of this chapter, the employer, insurance carrier or Second Injury Fund shall have a lien upon any judgment received by the employee against the party or any settlement received by the employee from the party, provided the employer, insurance carrier or Second Injury Fund shall give written notice of the lien to the party prior to such judgment or settlement.

(b) When an injury for which compensation is payable under the provisions of this chapter is determined to be the result of a motor vehicle accident or other accident or circumstance in which a third person other than the employer was negligent and the claim is subrogated by the employer or its workers’ compensation insurance carrier, the insurance carrier shall provide a rate adjustment to the employer’s workers’ compensation policy to reflect the recovery of any compensation paid by the insurance carrier prior to subrogation.

(c) Notwithstanding the provisions of subsection (a) of this section, no construction design professional who is retained to perform professional services on a construction project, or any employee of a construction design professional who is assisting or representing the construction design professional in the performance of professional services on the site of the construction project, shall be liable for any injury on the construction project for which compensation is payable under the provisions of this chapter, unless responsibility for safety practices is specifically assumed by contract. The immunity provided by this subsection to any construction design professional shall not apply to the negligent preparation of design plans or specifications. For the purposes of this subsection “construction design professional” means (1) any person licensed as an architect under the provisions of chapter 390, (2) any person licensed, or exempted from licensure, as an engineer under the provisions of chapter 391, or (3) any corporation organized to render professional services through the practice of either or both of such professions in this state.

(d) Notwithstanding the provisions of subsection (a) of this section, the furnishing of or the failure to furnish safety inspections or safety advisory services (1) by an insurer incident to providing workers’ compensation insurance to an employer, (2) pursuant to a contract providing for safety inspections or safety advisory services between an employer and a self-insurance service organization incident to providing workers’ compensation related services or (3) by a union representing employees of the employer, shall not subject the insurer or self-insurance service organization or their agents or employees, or the union, its members or the members of its safety committee, to third party liability for damages for injury, death or loss resulting therefrom unless the liability arises from a breach of a duty of fair representation of its members by a union. The immunity from liability extended under this subsection shall not be extended to any insurer or self-insurance service organization other than where the immunity is incident to the provision of workers’ compensation insurance or workers’ compensation related services.

History: 1961 act entirely replaced previous provisions; 1967 acts allowed employer to be party plaintiff in cases where employee brings an action against a third party, specified that bringing action against employer does not constitute notice and increased burial fee from five hundred to one thousand dollars; P.A. 86-266 added Subsec. (b), limiting the civil liability of
certain architects, engineers and their employees for injuries compensable under workers’ compensation which occur on construction projects. P.A. 90-145 added Subsec. (c) concerning limitations on the liability of insurers, self-insurance service organizations and unions in relation to safety inspections and safety advisory services. P.A. 91-2 amended the definition of “compensation” in Subsec. (a) to include payments made under Sec. 31-284 to certain cases. P.A. 92-28 amended Subsec. (a) to specify required contents of employer’s complaints against third parties and to give employers liens on judgments or settlements paid by third parties to employers, added new Subsec. (b) to prohibit insurers from adjusting employers’ workers’ compensation insurance rates if payments made by insurers will be recovered from negligent third parties, and redesignated existing Subsec. (b) and (c) as (c) and (d) respectively, effective July 1, 1993. P.A. 96-45 amended Subsec. (a) to make technical changes for consistency and to include references to the caudron of the Second Injury Fund and employers who fail to comply with Subsec. (b) of Sec. 31-284.

Sec. 31-293a. No right against fellow employee; exception. If an employee or, in case of his death, his dependent has a right to benefits or compensation under this chapter on account of injury or death from injury caused by the negligence or wrong of a fellow employee, such right shall be the exclusive remedy of such injured employee or dependent and no action may be brought against such fellow employee unless such wrong was willful or malicious or the action is based on the fellow employee's negligence in the operation of a motor vehicle as defined in section 14-1. For purposes of this section, contractors' mobile equipment such as bulldozers, power shovels, graders or scrapers, farm machinery, cranes, diggers, forklifts, pumps, generators, air compressors, drills or other similar equipment designed for use principally off public roads are not "motor vehicles" if the claimed injury involving such equipment occurred at the worksite on or after October 1, 1983. No insurance policy or contract shall be accepted as proof of financial responsibility of the owner and as evidence of the insuring of such person for injury to or death of persons and damage to property by the Commissioner of Motor Vehicles required by chapter 246 if it excludes from coverage under such policy or contract any agent, representative or employee of such owner from such policy or contract. Any provision of such an insurance policy or contract effected after July 1, 1969, which excludes from coverage thereunder any agent, representative or employee of the owner of a motor vehicle involved in an accident with a fellow employee shall be null and void.

History: 1969 act clarified provisions re actions against fellow employees and added provisions re insurance policies and contracts; P.A.83-297 provided that contractor's mobile equipment designed for use principally off public roads are not "motor vehicles" for purposes of this section if the injuries involving the equipment occur at the worksite; P.A.84-22 made clear that the exclusions from the definition of "motor vehicle" established in P.A.83-297 apply only to injuries which occur on or after October 1, 1983.

**Sec. 31-294c. Notice of claim for compensation. Notice contesting liability.** (a) No proceedings for compensation under the provisions of this chapter shall be maintained unless a written notice of claim for compensation is given within one year from the date of the accident or within three years from the first manifestation of a symptom of the occupational disease, as the case may be, which caused the personal injury, provided if death has resulted within two years from the date of the accident or first manifestation of a symptom of the occupational disease, a dependent or dependents, or the legal representative of the deceased employee, may make claim for compensation within the two-year period or within one year from the date of death, whichever is later. Notice of a claim for compensation may be given to the employer or any commissioner and shall state, in simple language, the date and place of the accident and the nature of the injury resulting from the accident, or the date of the first manifestation of a symptom of the occupational disease and the nature of the disease, as the case may be, and the name and address of the employee and of the person in whose interest compensation is
claimed. An employee of the state shall send a copy of the notice to the Commissioner of Administrative Services. As used in this section, "manifestation of a symptom" means manifestation to an employee claiming compensation, or to some other person standing in such relation to him that the knowledge of the person would be imputed to him, in a manner that is or should be recognized by him as symptomatic of the occupational disease for which compensation is claimed.

(b) Whenever liability to pay compensation is contested by the employer, he shall file with the commissioner, on or before the twenty-eighth day after he has received a written notice of claim, a notice in accord with a form prescribed by the chairman of the Workers’ Compensation Commission stating that the right to compensation is contested, the name of the claimant, the name of the employer, the date of the alleged injury or death and the specific grounds on which the right to compensation is contested. The employer shall send a copy of the notice to the employee in accordance with section 31-321. If the employer or his legal representative fails to file the notice contesting liability on or before the twenty-eighth day after he has received the written notice of claim, the employer shall commence payment of compensation for such injury or death on or before the twenty-eighth day after he has received the written notice of claim, but the employer may contest the employee’s right to receive compensation on any grounds or the extent of his disability within one year from the receipt of the written notice of claim, provided the employer shall not be required to commence payment of compensation when the written notice of claim has not been properly served in accordance with section 31-321 or when the written notice of claim fails to include a warning that (1) the employer, if he has commenced payment for the alleged injury or death on or before the twenty-eighth day after receiving a written notice of claim, shall be precluded from contesting liability unless a notice contesting liability is filed within one year from the receipt of the written notice of claim, and (2) the employer shall be conclusively presumed to have accepted the compensability of the alleged injury or death unless the employer either files a notice contesting liability on or before the twenty-eighth day after receiving a written notice of claim or commences payment for the alleged injury or death on or before such twenty-eighth day. An employer shall be entitled, if he prevails, to reimbursement from the claimant of any compensation paid by the employer on and after the date the commissioner receives written notice from the employer or his legal representative, in accordance with the form prescribed by the chairman of the Workers’ Compensation Commission, stating that the right to compensation is contested. Notwithstanding the provisions of this subsection, an employer who fails to contest liability for an alleged injury or death on or before the twenty-eighth day after receiving a written notice of claim and who fails to commence payment for the alleged injury or death on or before such twenty-eighth day, shall be conclusively presumed to have accepted the compensability of the alleged injury or death.

(c) Failure to provide a notice of claim under subsection (a) of this section shall not bar maintenance of the proceedings if there has been a hearing or a written request for a hearing or an assignment for a hearing within a one-year period from the date of the accident or within a three-year period from the first manifestation of a symptom of the occupational disease, as the case may be, or if a voluntary agreement has been submitted within the applicable period, or if within the applicable period an employee has been furnished, for the injury with respect to which compensation is claimed, with medical or
surgical care as provided in section 31-294d. No defect or inaccuracy of notice of claim shall bar maintenance of proceedings unless the employer shows that he was ignorant of the facts concerning the personal injury and was prejudiced by the defect or inaccuracy of the notice. Upon satisfactory showing of ignorance and prejudice, the employer shall receive allowance to the extent of the prejudice.

Sec. 31-294d. Medical and surgical aid; hospital and nursing service. (a) The employer, as soon as he has knowledge of an injury, shall provide a competent physician or surgeon to attend the injured employee and, in addition, shall furnish any medical and surgical aid or hospital and nursing service, including medical rehabilitation services, as the physician or surgeon deems reasonable or necessary. If the injured employee is a local or state police officer, state marshal, judicial marshal, correction officer, emergency medical technician, paramedic, ambulance driver, firefighter, or active member of a volunteer fire company or fire department engaged in volunteer duties, who has been exposed in the line of duty to blood or bodily fluids which may carry blood-borne disease, the medical and surgical aid or hospital and nursing service provided by his employer shall include any relevant diagnostic and prophylactic procedure for and treatment of any blood-borne disease.

(b) The employee shall select the physician or surgeon from an approved list of physicians and surgeons prepared by the chairman of the Workers’ Compensation Commission. If the employee is unable to make the selection, the employer shall do so, subject to ratification by the employee or his next of kin. If the employee has a full-time staff physician or if a physician is available on call, the initial treatment required immediately following the injury may be rendered by that physician, but the employee may thereafter select his own physician as provided by this chapter for any further treatment without prior approval of the commissioner.

(c) The commissioner may, without hearing, at the request of the employer or the injured employee, when good reason exists, or on his own motion, authorize or direct a
change of physician or surgeon or hospital or nursing service provided pursuant to subsection (a) of this section.

(d) The pecuniary liability of the employer for the medical and surgical service required by this section shall be limited to the charges that prevail in the same community or similar communities for similar treatment of injured persons of a like standard of living when the similar treatment is paid for by the injured person. The liability of the employer for hospital service shall be the amount it actually costs the hospital to render the service, as determined by the commissioner, except in the case of state humane institutions, the liability of the employer shall be the per capita cost as determined by the Comptroller under the provisions of section 17b-223. All disputes concerning liability for hospital services in workers' compensation cases shall be settled by the commissioner in accordance with this chapter.

(e) If the employer fails to promptly provide a physician or surgeon or any medical and surgical aid or hospital and nursing service as required by this section, the injured employee may obtain a physician or surgeon, selected from the approved list prepared by the chairman, or such medical and surgical aid or hospital and nursing service at the expense of the employer.

(a) An injured employee shall submit himself to examination by a reputable practicing physician or surgeon, at any time while claiming or receiving compensation, upon the reasonable request of the employer or at the direction of the commissioner. The examination shall be performed to determine the nature of the injury and the incapacity resulting from the injury. The physician or surgeon shall be selected by the employer from an approved list of physicians and surgeons prepared by the chairman of the Workers' Compensation
Commission and shall be paid by the employer. At any examination requested by the 
employer or directed by the commissioner under this section, the injured employee shall 
be allowed to have in attendance any reputable practicing physician or surgeon that the

examinations as required by this chapter. The refusal of an injured employee to submit

ensation during such refusal.

Sec. 31-295. Waiting period. When compensation begins. Penalty for late pay-
ment of permanent partial disability benefits. (a) No compensation shall be payable 
for total or partial incapacity under the provisions of this chapter on account of any in-
jury which does not incapacitate the injured employee for a period of more than three 
days from earning full wages at his customary employment. If the incapacity continues 
for a period of more than three days but less than seven days, compensation shall begin 
at the expiration of the first three days of total or partial incapacity. If the incapacity 
continues for a period of seven days, compensation shall begin from the date of the in-
jury.

(b) The injured employee shall be entitled to full wages for the entire day of the in-
jury and that day shall not be counted as a day of incapacity.

(c) If the employee is entitled to receive compensation for permanent disability to an 
injured member in accordance with the provisions of subsection (b) of section 31-308, 
the compensation shall be paid to him beginning not later than thirty days following the 
date of the maximum improvement of the member or members and, if the compensation 
payments are not so paid, the employer shall, in addition to the compensation rate, pay 
interest at the rate of ten per cent per annum on such sum or sums from the date of 
maximum improvement. The employer shall ascertain at least monthly whether employ-
ees are entitled to compensation because of a loss of wages as a result of the injury and,
if there is a loss of wages, shall pay the compensation. The chairman of the Workers’ Compensation Commission shall adopt regulations, in accordance with the provisions of chapter 54, for the purpose of assuring prompt payment by the employer or his insurance carrier.

Sec. 31-296. Voluntary agreements. If an employer and an injured employee, or in case of fatal injury his legal representative or dependent, at a date not earlier than the expiration of the waiting period, reach an agreement in regard to compensation, such agreement shall be submitted in writing to the commissioner by the employer with a statement of the time, place and nature of the injury upon which it is based; and, if such commissioner finds such agreement to conform to the provisions of this chapter in every regard, he shall so approve it. A copy of the agreement, with a statement of the commissioner’s approval thereof, shall be delivered to each of the parties and thereafter it shall be as binding upon both parties as an award by the commissioner. The commissioner’s statement of approval shall also inform the employee or his dependent, as the case may be, of any rights the individual may have to an annual cost-of-living adjustment or to participate in a rehabilitative program under the provisions of this chapter. He shall retain the original agreement, with his approval thereof, in his office and, if an application is made to the superior court for an execution, he shall, upon the request of said court, file in the court a certified copy of the agreement and his statement of approval thereof.

Before discontinuing or reducing payment on account of total or partial incapacity under any such agreement, the employer, if it is claimed by or on behalf of the injured person that his incapacity still continues, shall notify the commissioner and the employee, by certified mail, of the proposed discontinuance or reduction of such payments, with the date of such proposed discontinuance or reduction and the reason therefor, and, such discontinuance or reduction shall not become effective unless specifically approved in writing by the commissioner. The employee may request a hearing on any such proposed discontinuance or reduction within ten days of receipt of such notice. Any such request for a hearing shall be given priority over requests for hearings on other matters. The commissioner shall not approve any such discontinuance or reduction prior to the expiration of the period for requesting a hearing or the completion of such hearing, whichever is later. In any case where the commissioner finds that an employer has discontinued or reduced any payments made in accordance with this section without the approval
of the commissioner, such employer shall be required to pay to the employee the total amount of all payments so discontinued or the total amount by which such payments were reduced, as the case may be, and shall be required to pay interest to the employee, at a rate of one and one-quarter per cent per month or portion thereof, on any payments so discontinued or on the total amount by which such payments were reduced, as the case may be, plus reasonable attorney’s fees incurred by the employee in relation to such discontinuance or reduction. Sec. 31-296a. Discontinuance or reduction of payments under oral agreements. No employer shall discontinue or reduce payment on account of total or partial incapacity under any oral agreement or in any case where the employer's acceptance of compensability has been conclusively presumed under subsection (b) of section 31-294c because of failure to file a timely notice contesting liability, if it is claimed by or on behalf of the injured person that his incapacity still continues, unless such employer notifies the commissioner and the employee of the proposed discontinuance or reduction in the manner prescribed in section 31-296 and the commissioner specifically approves such discontinuance or reduction in writing.

Sec. 31-297. Hearing of claims. If an employer and his injured employee, or his legal representative, as the case may be, fail to reach an agreement in regard to compensation under the provisions of this chapter, either party may notify the commissioner of the failure. Upon such notice, or upon the knowledge that an agreement has not been reached in a case in which a right to compensation may exist, the commissioner shall schedule an early hearing upon the matter, giving both parties notice of time and place not less than ten days prior to the scheduled date; provided the commissioner may, on finding an emergency to exist, give such notice as he finds reasonable under the circumstances. If no agreement has been reached within sixty days after the date notice of claim for compensation was received by the commissioner, as provided in section 31-294c, a formal hearing shall be scheduled on the claim and held within thirty days after the end of the sixty-day period, except that if an earlier hearing date has previously been scheduled, the earlier date shall prevail. Hearings shall be held, if practicable, in the town in which the injured employee resides; or, if it is not practicable to hold a hearing in the town, in any other convenient place that the commissioner may prescribe. Sufficient notice of the hearing may be given to the parties in interest by a brief written statement in
ordinary terms of the date, place and nature of the injury upon which the claim for compensation is based.

History: 1961 act entirely replaced previous provisions; 1967 act divided section into Subsecs. required filing of notice on or before twentieth day after receipt of written notice of claim rather than after “knowledge of alleged injury or death” and specified that employer’s failure to file notice concerning liability results in presumption of his acceptance of liability; P.A. 83-123 required that, if no voluntary agreement has been reached within sixty days of the filing of a notice of claim for compensation, a formal hearing on the claim shall be scheduled and held within thirty days of the end of the sixty-day period, unless a prior hearing date was previously established; P.A. 89-31 added Subsec. (c), providing a twenty-eight-day period for an employer to give notice that he contests a claim for injuries sustained on or after October 1, 1989; P.A. 90-116 provided that if the employer’s failure to contest shall not constitute a conclusive presumption when the notice has not been properly served or when the notice fails to include a warning concerning the time period to contest liability; P.A. 91-32 made technical changes and deleted Subsecs. (b) and (c) re filing of notice that claim is contested, but see Sec. 31-294c.

Sec. 31-297a. Informal hearings. In any informal hearing held by the commissioner or chairman of the Workers’ Compensation Commission in regard to compensation under the provisions of this chapter, any recommendations made by the commissioner or chairman at the informal hearing shall be reduced to writing and, if the parties accept such recommendations, the recommendations shall be as binding upon both parties as an award by the commissioner or chairman. The commissioner or chairman shall not postpone any such informal hearing if one party fails to attend unless both parties agree to the postponement.

Sec. 31-298. Conduct of hearings. Both parties may appear at any hearing, either in person or by attorney or other accredited representative, and no formal pleadings shall be required, beyond any informal notices that the commission approves. In all cases and hearings under the provisions of this chapter, the commissioner shall proceed, so far as possible, in accordance with the rules of equity. He shall not be bound by the ordinary common law or statutory rules of evidence or procedure, but shall make inquiry, through
oral testimony, deposition testimony or written and printed records in a manner that is best calculated to ascertain the substantial rights of the parties and carry out the provisions and intent of this chapter. No fees shall be charged to either party by the commissioner in connection with any hearing or other procedure, but the commissioner shall furnish at cost (1) certified copies of any testimony, award or other matter which may be of record in his office, and (2) duplicates of audio cassette recordings of any formal hearings. Witnesses subpoenaed by the commissioner shall be allowed the fees and traveling expenses that are allowed in civil actions, to be paid by the party in whose interest the witnesses are subpoenaed. When liability or extent of disability is contested by formal hearing before the commissioner, the claimant shall be entitled, if he prevails on final judgment, to payment for oral testimony or deposition testimony rendered on his behalf by a competent physician, surgeon or other medical provider, including the stenographic and videotape recording costs thereof, in connection with the claim, the commissioner to determine the reasonableness of such charges.

History: 1961 act entirely replaced previous provisions; 1967, P.A. 242 added, "and attorney's fees for representation of the claimant at the formal hearing," in the last sentence before "the commissioner to determine the reasonableness of such charges." ( Held repugnant to implication, see 165 C. 338, 349.) 1967, P.A. 842 added reference to extent of liability and entitled claimant to one-fifth of weekly compensation for each day or portion of day he attends a formal hearing if he is not receiving compensation at that time; 1971 act entitled claimant to reimbursement for wages lost because he has been called to appear at conference or informal hearing; P.A. 85-65 required the commissioner to furnish to the parties, at cost, duplicates of audio cassette recordings of any formal hearings; P.A. 91-32 made technical changes and deleted provisions re reimbursement of wages lost by reason of appearance at a conference or informal hearing and provisions re payments made to claimants who prevail on final judgment; P.A. 93-228 added provision allowing use of deposition testimony during workers' compensation hearings, effective July 1, 1993; P.A. 97-328 added provisions entitling claimant to payment for medical testimony if he prevails on final judgment.

Sec. 31-298a. Use of medical panel. Duties of commissioner and panel. Appeal. Regulations. (a) A medical panel shall be established for use in solving controverted medical issues in claims for workers' compensation due to occupational lung disease. The American College of Chest Physicians shall submit to the chairman of the Workers' Compensation Commission by October 10, 1981, and annually thereafter a list of five to
ten physicians who are expert in the diagnosis, care and treatment of occupational lung disease for membership in the panel. In the event that no such list is submitted, the chairman shall appoint to the panel five to ten licensed physicians who are expert in the diagnosis, care and treatment of such diseases.

(b) In each occupational lung disease claim for workers' compensation where there are controverted medical issues, the commissioner hearing the case may choose three members of the medical panel for assistance in the case. The commissioner shall submit, at his discretion and within thirty days after choosing said panel, interrogatories concerning the controverted medical issues to such three-member panel, along with whatever evidence and materials the commissioner deems necessary for their consideration. The three-member panel may examine the employee, who shall submit to any examination such panel may require. Within sixty days of the submission of such interrogatories to it, the three-member panel shall file with the commissioner its answers, report and findings on all such medical issues, along with any records generated from its work in the case. The answers to the interrogatories and the contents of the report shall be determined by majority vote of the three panel members.

(c) The answers to the interrogatories, report, findings and records of the three-member panel shall become part of the record of the hearing before the commissioner. In making his decision in such a case, the commissioner shall conform his decision or award to the findings of such panel as to medical issues. Either party may appeal the decision of the commissioner to the Compensation Review Board according to the provisions of section 31-301.

(d) The chairman of the Workers' Compensation Commission shall adopt regulations in accordance with the provisions of chapter 54 to establish a fee schedule for the payment of medical panel members. Sufficient funding for the payment of such fees shall be supplied from the administrative costs fund, as provided in section 31-345.

(P.A. 81-392, S. 1-4; P.A. 91-339, S. 18, 55.)

History: P.A. 91-339 changed "compensation review division" to "compensation review board" in Subsec. (c) and changed "workers' compensation commissioners" to "the chairman of the workers' compensation commission" in Subsec. (d).

Sec. 31-299. Prior statements of parties as evidence at hearings before commissioners. At any hearing before a compensation commissioner no written statement, and no oral statement taken by means of tape recorder or any mechanical, electrical or electronic device, concerning the facts out of which the claim arose or affecting such claim, given by either party to the other, or to his agent, attorney or insurer, shall be admissible in evidence unless a copy of the written statement or a transcript of the oral statement, as the case may be, is retained by the party giving such statement or delivered to him at the time such statement was given or within thirty days thereafter. In the case of an oral statement taken by means of tape recorder or other mechanical, electrical or electronic device, the person recording such oral statement shall prepare a full and complete transcript thereof and submit it to the person giving such statement for signature and such transcript must be signed by the employee before such statement may be used at any such hearing.
Sec. 31-299a. Payments under group medical policy not defense to claim for benefits. Health insurer’s duty to pay. Lien. (a) Where an employer contests the compensability of an employee’s claim for compensation, proof of payment made under a group health, medical or hospitalization plan or policy shall not be a defense to a claim for compensation under this chapter.

(b) Where an employer contests the compensability of an employee’s claim for compensation, and the employer has also filed a claim for benefits or services under the employer’s group health, medical, disability or hospitalization plan or policy, the employer’s health insurer may not delay or deny payment of benefits due to the employee under the terms of the plan or policy by claiming that treatment for the employee’s injury or disease is the responsibility of the employer’s workers’ compensation insurer. The health insurer may file a claim in its own right against the employer for the value of benefits paid by the insurer within two years from payment of the benefits. The health insurer shall not have a lien on the proceeds of any award or approval of any compromise made by the commissioner pursuant to the employee’s compensation claim, in accordance with the provisions of section 38a-470, unless the health insurer actually paid benefits to or on behalf of the employee.

Sec. 31-299b. Initial liability of last employer. Reimbursement. If an employee suffers an injury or disease for which compensation is found by the commissioner to be payable according to the provisions of this chapter, the employer who last employed the claimant prior to the filing of the claim or the employer’s insurer, shall be initially liable for the payment of such compensation. The commissioner shall, within a reasonable period of time after issuing an award, on the basis of the record of the hearing, determine whether prior employers, or their insurers, are liable for a portion of such compensation and the extent of their liability. If prior employers are found to be so liable, the commissioner shall order such employers or their insurers to reimburse the initially liable employer or insurer according to the proportion of their liability. Reimbursement shall be made within ten days of the commissioner’s order with interest, from the date of the initial payment, at twelve per cent per annum. If no appeal from the commissioner’s order is taken by any employer or insurer within ten days, the order shall be final and may be enforced in the same manner as a judgment of the Superior Court.
Sec. 31-300. Award as judgment. Interest. Attorney's fee. Procedure on discontinuance or reduction. As soon as may be after the conclusion of any hearing, but no later than one hundred twenty days after such conclusion, the commissioner shall send to each party a written copy of his findings and award. The commissioner shall, as part of the written award, inform the employee or his dependent, as the case may be, of any rights the individual may have to an annual cost-of-living adjustment or to participate in a rehabilitation program under the provisions of this chapter. He shall retain the original findings and award in his office. If no appeal from his decision is taken by either party within ten days thereafter, such award shall be final and may be enforced in the same manner as a judgment of the Superior Court. The court may issue execution upon any uncontested or final award of a commissioner in the same manner as in cases of judgments rendered in the Superior Court; and, upon the filing of an application to the court for an execution, the commissioner in whose office the award is on file shall, upon the request of the clerk of said court, send to him a certified copy of such findings and award. In cases where through the fault or neglect of the employer or insurer, adjustments of compensation have been unduly delayed, or where through such fault or neglect, payments have been unduly delayed, the commissioner may include in his award interest at the rate prescribed in section 37-3a and a reasonable attorney's fee in the case of undue delay in adjustments of compensation and may include in his award in the case of undue delay in payments of compensation, interest at twelve per cent per annum and a reasonable attorney's fee. Payments not commenced within thirty-five days after the filing of a written notice of claim shall be presumed to be unduly delayed unless a notice to contest the claim is filed in accordance with section 31-297. In cases where there has been delay in either adjustment or payment, which delay has not been due to the fault or neglect of the employer or insurer, whether such delay was caused by appeals or otherwise, the commissioner may allow interest at such rate, not to exceed the rate prescribed in section 37-3a, as may be fair and reasonable, taking into account whatever advantage the employer or insurer, as the case may be, may have had from the use of the money, the burden of showing that the rate in such case should be less than the rate prescribed in section 37-3a to be upon the employer or insurer. In cases where the claimant prevails and the commissioner finds that the employer or insurer has unreasonably contested liability, the commissioner may allow to the claimant a reasonable attorney's fee. No employer or insurer shall discontinue or reduce payment on account of total or partial incapacity under any such award, if it is claimed by or on behalf of the injured person that his incapacity still continues, unless such employer or insurer notifies the commissioner and the employee of such proposed discontinuance or reduction in the manner prescribed in section 31-296 and the commissioner specifically approves such discontinuance or reduction in writing. The commissioner shall render his decision within fourteen days of receipt of such notice and shall forward to all parties to the claim a copy of his decision not later than seven days after his decision has been rendered. If the decision of the commissioner finds for the employer or insurer, the injured person shall return any wrongful payments received from the day designated by the commissioner as the effective date for the discontinuance or reduction of benefits. Any employee whose benefits
for total incapacity are discontinued under the provisions of this section and who is entitled to receive benefits for partial incapacity as a result of an award, shall receive those benefits commencing the day following the designated effective date for the discontinuance of benefits for total incapacity. In any case where the commissioner finds that the employer or insurer has discontinued or reduced any such payment without having given such notice and without the commissioner having approved such discontinuance or reduction in writing, the commissioner shall allow the claimant a reasonable attorney’s fee together with interest at the rate prescribed in section 37-3a on the discontinued or reduced payments.

Sec. 31-301. Appeals to the Compensation Review Board. Payment of award during pendency of appeal. (a) At any time within ten days after entry of an award by the commissioner, after a decision of the commissioner upon a motion or after an order by the commissioner according to the provisions of section 31-299b, either party may appeal therefrom to the Compensation Review Board by filing in the office of the commissioner from which the award or the decision on a motion originated an appeal peti-
tion and five copies thereof. The commissioner within three days thereafter shall mail the petition and three copies thereof to the chief of the Compensation Review Board and a copy thereof to the adverse party or parties.

(b) The appeal shall be heard by the Compensation Review Board as provided in section 31-280b. The Compensation Review Board shall hear the appeal on the record of the hearing before the commissioner, provided, if it is shown to the satisfaction of the board that additional evidence or testimony is material and that there were good reasons for failure to present it in the proceedings before the commissioner, the Compensation Review Board may hear additional evidence or testimony.

(c) Upon the final determination of the appeal by the Compensation Review Board, but no later than one year after the date the appeal petition was filed, the Compensation Review Board shall issue its decision, affirming, modifying or reversing the decision of the commissioner. The decision of the Compensation Review Board shall include its findings, conclusions of law and award.

(d) When any appeal is pending, and it appears to the Compensation Review Board that any part of the award appealed from is not affected by the issues raised by the appeal, the Compensation Review Board may, on motion or of its own motion, render a judgment directing compliance with any portion of the award not affected by the appeal; or if the only issue raised by the appeal is the amount of the average weekly wage for the purpose of determining the amount of compensation, as provided in section 31-310, the commissioner shall, on motion of the claimant, direct the payment of the portion of the compensation payable under his award that is not in dispute, if any, pending final adjudication of the disputed portion thereof. In all appeals in which one of the parties is not represented by counsel, and in which the party taking the appeal does not prosecute the case within a reasonable time from the date of appeal, the Compensation Review Board may, of its own motion, affirm, reverse or modify the award.

(e) When an appeal is taken to the Compensation Review Board, the chief clerk thereof shall notify the commissioner from whose award the appeal was taken, in writing, of any action of the Compensation Review Board thereon and of the final disposition of the appeal, whether by judgment, withdrawal or otherwise, and shall upon the decision of the appeal, furnish the commissioner with a copy of the decision. Whenever any appeal is pending, if it appears to the Compensation Review Board that justice so requires, the Compensation Review Board shall order a certified copy of the evidence for the use of the employer, the employee or both, and the certified copy shall be made a part of the record on the appeal. The procedure in appealing from an award of the commissioner shall be the same as the procedure employed in an appeal from the Superior Court to the Supreme Court, where applicable. The chairman of the Workers' Compensation Commission shall adopt regulations, in accordance with the provisions of chapter 54, to establish rules, methods of procedure and forms as the chairman deems expedient for the purposes of this chapter.

(f) During the pendency of any appeal of an award made pursuant to this chapter, the claimant shall receive all compensation and medical treatment payable under the terms of the award to the extent the compensation and medical treatment are not being paid by any health insurer or by any insurer or employer who has been ordered, pursuant to the
provisions of subsection (a) of this section, to pay a portion of the award. The compensation and medical treatment shall be paid by the employer or its insurer.

(g) If the final adjudication results in the denial of compensation to the claimant, he has previously received compensation on the claim pursuant to subsection (f) and this subsection, the claimant shall reimburse the employer or its insurer for all sums previously expended, plus interest at the rate of ten percent per annum. Upon any such denial of compensation, the commissioner who originally heard the case or his successor shall conduct a hearing to determine the repayment schedule for the claimant.

History: 1961 act entirely replaced previous provisions; 1963 act allowed appeals after commissioner's decision upon a motion and required that appeals be made to the court for the county where injury occurred rather than county where award was filed, adding provision for appeal when injury occurred outside state; 1967 act deleted references to findings of commissioners and specified that appeal procedure is subject to appeals from superior court to supreme court; 1972 act substituted superior court with court of common pleas throughout section, effective September 1, 1972, except that courts with cases pending retain jurisdiction; P.A. 74-183 added references to judicial districts and made appeal procedure same as for appeals from court of common pleas to superior court, effective December 31, 1974; P.A. 76-433 replaced court of common pleas with superior court and deleted provisions for appeal procedure, effective July 1, 1974; P.A. 78-230 eliminated references to counties; P.A. 79-540 amended provisions for appeals to compensation review division; P.A. 81-155 permitted the appeal of orders made by the commissioner according to the provisions of § 31-299b; P.A. 81-472 made technical changes; P.A. 84-133 added Subsec. (b), providing for the payment of compensation and benefits due under an occupational disease award during the pendency of any appeal of such award; P.A. 86-27 provided that compensation and benefits due under any award made pursuant to this chapter shall be paid by the second injury fund during the pendency of any appeal of the award; P.A. 86-56 required the compensation review division to issue its decision on any appeal within one year of the filing of the appeal petition, except that any decision on an appeal pending on October 1, 1983, shall be issued within one year of said date; P.A. 91-32 divided existing Subsec. (a) into Subsecs. (a) and (b); P.A. 91-294 divided Technicities of Subsec. (b) into Subsecs. (a) and (b); P.A. 91-339 changed "appeal review board" to "appeal review board" which was changed to "appeal commissioner" to adopt regulations in Subsec. (a); P.A. 94-277 added Subsec. (f) to provide that the commissioner and medical treatment of the injured employee be paid by the employer or its insurer rather than Second Injury Fund and, in Subsec. (g) substituted references to "Second Injury Fund" with "employer or its insurer" to reflect the closing of the Second Injury Fund and deleted provision for reimbursement of Second Injury Fund by employer, effective July 1, 1995.

Appeal does not open the case for trial de novo, 89 C. 143, 150; id., 370; 92 C. 90. The commissioner's finding is part of the record and may be corrected by the superior court in the same manner as the finding of a trial court by the supreme court. 90 C. 440, 91 C. 351, 92 C. 90; 93 C. 94; 95 C. 673, 96 C. 634, 98 C. 287; id., 755; 99 C. 355, 103 C. 429, 104 C. 537, 107 C. 251. There is no appeal from refusal of commissioner to rehear the case or alter his finding, 101 C. 358; 108 C. 161. Conclusion of fact based on subordinate facts is reviewable by the court. 100 C. 347; 102 C. 50; id., 257; id., 472. If the court failed to review the finding, it should remand it to the commissioner to decide on the altered facts. 97 C. 77; 106 C. 254. What justifies setting award aside, 93 C. 83; 94 C. 9; 96 C. 290. Court should not set aside award because it differs from the commissioner as to preponderance of evidence. 106 C. 109. (a) No costs shall be taxed in favor of either party on any such appeal either in the Compensation Review Board or in the Appellate Court, and no party shall be liable to pay any fees or costs in connection therewith, except the record fee on appeal to the Supreme Court; provided, if an appeal is taken to the Appellate Court from a decision of the Compensation Review Board, and such appeal is found by said court to be either frivolous or taken for the purpose of vexation or delay, said court may tax costs in its discretion against the person so taking the appeal.

Sec. 31-302. Payment of compensation. Commutation into monthly, quarterly or lump sums. Compensation payable under this chapter shall be paid at the particular times in the week and in the manner the commissioner may order; and shall be paid directly to the persons entitled to receive them unless the commissioner, for good reason, orders payment to those entitled to act for such persons; but, when he finds it just or necessary, the commissioner may approve or direct the commutation, in whole or in part, of weekly compensation under the provisions of this chapter into monthly or quarterly payments, or into a single lump sum, which may be paid to the one then entitled to the compensation, and the commutation shall be binding upon all persons entitled to compensation for the injury in question. In any case of commutation, a true equivalence of value shall be maintained, with due discount of sums payable in the future; and, when commutation is made into a single lump sum, the commissioner may direct that it be paid to any savings bank, trust company or life insurance company authorized to do
business within this state, to be held in trust for the beneficiary or beneficiaries under the provisions of this chapter and paid in conformity with the provisions of this chapter.

Sec. 31-306. Death resulting from accident or occupational disease. Dependants. Compensation. (a) Compensation shall be paid to dependents on account of death result-
ing from an accident arising out of and in the course of employment or from an occupational disease as follows:

(1) Four thousand dollars shall be paid for burial expenses in any case where the employee died on or after October 1, 1988. If there is no one wholly or partially depend-
ent upon the deceased employee, the burial expenses of four thousand dollars shall be paid to the person who assumes the responsibility of paying the funeral expenses.

(2) To those wholly dependent upon the deceased employee at the date of his injury, a weekly compensation equal to seventy-five per cent of the average weekly earnings of the deceased calculated pursuant to section 31-310, after such earnings have been reduced by any deduction for federal or state taxes, or both, and for the federal Insurance Contributions Act made from such employee's total wages received during the period of calculation of the employee's average weekly wage pursuant to said section 31-310, as of the date of the injury but not more than the maximum weekly compensation rate set forth in section 31-309 for the year in which the injury occurred or less than twenty dollars weekly. (A) The weekly compensation rate of each dependent entitled to receive compensation under this section as a result of death arising from a compensable injury occurring on or after October 1, 1977, shall be adjusted annually as provided in this subdivision as of the following October first, and each subsequent October first, to provide the dependent with a cost-of-living adjustment in his weekly compensation rate as determined as of the date of the injury under section 31-309. If the maximum weekly compensation rate, as determined under the provisions of said section 31-309, to be effective as of any October first following the date of the injury, is greater than the maximum weekly compensation rate prevailing at the date of the injury, the weekly compensation rate which the injured employee was entitled to receive at the date of the injury or October 1, 1990, whichever is later, shall be increased by the percentage of the increase in the maximum weekly compensation rate required by the provisions of said section 31-309 from the date of the injury or October 1, 1990, whichever is later, to such October first. The cost-of-living increases provided under this subdivision shall be paid by the employer without any order or award from the commissioner. The adjustments shall apply to each payment made in the next succeeding twelve-month period commencing with the October first next succeeding the date of the injury. With respect to any dependent receiving benefits on October 1, 1997, with respect to any injury occurring on or after July 1, 1993, and before October 1, 1997, such benefit shall be recalculated to October 1, 1997, as if such benefits had been subject to recalculation annually under this subparagraph. The difference between the amount of any benefits which would have been paid to such dependent if such benefits had been subject to such recalculation and the actual amount of benefits paid during the period between such injury and such recalculation shall be paid to the dependent not later than December 1, 1997, in a lump-sum payment. The employer or his insurer shall be reimbursed by the Second Injury Fund, as provided in section 31-354, for adjustments, including lump-sum payments, payable under this subparagraph for deaths from compensable injuries occurring on or after July 1, 1993, and before October 1, 1997, upon presentation of any vouchers and information that the Treasurer shall require. (B) The weekly compensation rate of each dependent entitled to receive compensation under this section as a result of death arising from a compensable injury occurring on or before September 30, 1977, shall be adjusted as of October 1, 1977, and October 1, 1980, and thereafter, as provided in this subdivision to provide the dependent with partial cost-of-living adjustments in his weekly compensation rate. As of October 1, 1977, the weekly compensation rate paid prior to October 1, 1977, to the dependent shall be increased by twenty-five per cent. The partial cost-of-living adjustment provided under this subdivision shall be paid by the employer without any order or
award from the commissioner. In addition, on each October first, the weekly compensation rate of each dependent as of October 1, 1990, shall be increased by the percentage of the increase in the maximum compensation rate over the maximum compensation rate of October 1, 1990, as determined under the provisions of section 31-309 existing on October 1, 1977. The cost of the adjustments shall be paid by the employer or his insurance carrier who shall be reimbursed therefor from the Second Injury Fund as provided in section 31-354 upon presentation of any vouchers and information that the Treasurer shall require.

(3) If the surviving spouse is the sole presumptive dependent, compensation shall be paid until death or remarriage.

(4) If there is a presumptive dependent spouse surviving and also one or more presumptive dependent children, all of which children are either children of the surviving spouse or are living with the surviving spouse, the entire compensation shall be paid to the surviving spouse in the same manner and for the same period as if the surviving spouse were the sole dependent. If, however, any of the presumptive dependent children are neither children of the surviving spouse nor living with the surviving spouse, the compensation shall be divided into as many parts as there are presumptive dependents. The shares of any children having a presumptive dependent parent shall be added to the share of the parent and shall be paid to the parent. The share of any dependent child not having a surviving dependent parent shall be paid to the father or mother of the child with whom the child may be living, or to the legal guardian of the child, or to any other person, for the benefit of the child, as the commissioner may direct.

(5) If the compensation being paid to the surviving presumptive dependent spouse terminates for any reason, or if there is no surviving presumptive dependent spouse at the time of the death of the employee, but there is at either time one or more presumptive dependent children, the compensation shall be paid to the children as a class, each child sharing equally with the others. Each child shall receive compensation until the child reaches the age of eighteen or dies before reaching age eighteen, provided the child shall continue to receive compensation up to the attainment of the age of twenty-two if unmarried and a full-time student, except any child who has attained the age of twenty-two while a full-time student but has not completed the requirements for, or received, a degree from a postsecondary educational institution shall be deemed not to have attained age twenty-two until the first day of the first month following the end of the quarter or semester in which he is enrolled at the time, or if he is not enrolled in a quarter or semester system, until the first day of the first month following the completion of the course in which he is enrolled or until the first day of the third month beginning after such time, whichever occurs first. When a child's participation ceases, his share shall be divided among the remaining eligible dependent children, provided if any child, when he reaches the age of eighteen years, is physically or mentally incapacitated from earning, his right to compensation shall not terminate but shall continue for the full period of incapacity.

(6) In all cases where there are no presumptive dependents, but where there are one or more persons wholly dependent in fact, the compensation in case of death shall be divided according to the relative degree of their dependence. Compensation payable un-
under this subdivision shall be paid for not more than three hundred and twelve weeks from the date of the death of the employee. The compensation, if paid to those wholly dependent in fact, shall be paid at the full compensation rate. The compensation, if paid to those partially dependent in fact upon the deceased employee as of the date of the injury, shall not, in total, be more than the full compensation rate nor less than twenty dollars weekly, nor, if the average weekly sum contributed by the deceased at the date of the injury to those partially dependent in fact is more than twenty dollars weekly, not more than the sum so contributed.

(7) When the sole presumptive dependents are, at the time of the injury, nonresident aliens and the deceased has in this state some person or persons who are dependent in fact, the commissioner may in his discretion equitably apportion the sums payable as compensation to the dependents.

(b) The dependents of any deceased employee who was injured on or after January 1, 1974, and who died not later than November 1, 1991, shall be paid compensation on account of the death retroactively to the date of the employee's death. The cost of the payment or adjustment shall be paid by the employer or his insurance carrier who shall be reimbursed therefor from the Second Injury Fund as provided in section 3-1-354 upon presentation of any vouchers and information that the Treasurer shall require.

(c) The dependents of any deceased employee who was injured in an accident arising out of and in the course of employment before January 1, 1952, and who died, as a result of those injuries, after October 1, 1991, shall be paid compensation, under the provisions of this section, effective as of the date of death of any such employee. Notwithstanding the provisions of subsection (a) of this section, the compensation rate for such dependents shall equal the amount of compensation the injured employee was receiving prior to death pursuant to section 3-1-307. Such weekly compensation rate shall hereafter be adjusted in accordance with the provisions of subsection (a) of this section. The cost of such payment or adjustment shall be paid by the employer or the insurance carrier of such employer who shall be reimbursed therefor from the Second Injury Fund provided for in section 3-1-354.

History: 1959 act replaced previous provisions and was in turn replaced by provisions of 1961 act; 1967 act increased payments for burial expenses from five hundred to one thousand dollars in all cases where previously thousand-dollar payment was given to father, mother, brother, sister, son or daughter of deceased in Subsec. (a) and raised weekly compensation allowed in Subsec. (b) from forty to sixty-six and two-thirds per cent of deceased's average weekly earnings; P.A. 77-554 increased burial payments to one thousand five hundred dollars and deleted requirement that death must have occurred within six years of date of injury or first manifestation of occupational disease symptoms in Subsec. (b), added provisions re cost-of-living adjustments in Subsec. (b) and amended Subsec. (c) to allow compensation to widows and widowers on same basis where previously widowers' payments terminated after three hundred and twelve weeks; P.A. 78-369 reorganized Subsec., designating former Subsec. (a) to (6) as Subdivs. (1) to (8) under Subsec. (b) and deleted former Subsec. (c); (2) reduction of compensation period by the period for which payments were made to deceased if death occurred more than ten years from date of injury or manifestation of disease symptoms; P.A. 80-124 specified in Subsec. (b) (2) that time of injury is date of incapacity to work because of disease in cases involving occupational disease; P.A. 80-284 added Subdiv. (4) in Subsec. (a) for unmarriage children, reimbursed Subdiv. (5) in Subsec. (b) accordingly and deleted Subdiv. (6); P.A. 80-339 added provisions re cost-of-living adjustments as of October 1, 1980; P.A. 84-453 amended Subdiv. (1) of Subsec. (c) to increase burial expense benefits from three to four thousand dollars; P.A. 89-48 added Subsec. (c) providing for the payment of compensation to dependents of deceased employees who were injured or are after January 1, 1974, and who died not later than December 31, 1981; P.A. 91-32 deleted existing Subsec. (a) which had detailed persons to be considered wholly dependent on a deceased employee, relettering remaining Subsecs. accordingly and made technical changes; P.A. 91-339 changed the
weekly compensation allowed in Subsec. (a)(2) from sixty-six and two-thirds per cent of average weekly earnings to eighty per cent of average weekly earnings reduced by deductions for federal taxes and FICA. P.A. 92-31 amended Subdiv. (a) to provide that cost-of-living increases shall be calculated using a percentage instead of a dollar amount, and amended Subsec. (b) to authorize the payment of compensation to dependents of deceased employees who died not later than November 1, 1991; May 5th, 1991, amended Subsec. (c) (Revisor's note: A reference to "second injury and compensation assurance fund" was changed editorially by the Revisors to read "second injury fund" for consistency with section 28 of public act 91-22) P.A. 92-228 amended Subdiv. (2) of Subsec. (a) to decrease weekly compensation benefits for dependents of deceased employee from eighty to seventy-five per cent of deceased's average weekly earnings, to require that state taxes be deducted in calculating such earnings, and to eliminate cost-of-living adjustments for dependents of deceased employees injured on or after July 1, 1993, effective July 1, 1993. P.A. 97-205 amended Subsec. (a)(2) to reinstate cost-of-living adjustments to benefits received for injuries occurring on or after July 1, 1993, and before October 1, 1997. P.A. 98-104 increased the annual cost-of-living adjustment on workers' compensation benefits paid to those dependents upon a deceased employee who died of on-the-job injuries prior to October 1, 1990, effective July 1, 1998.

Annotations to present section:
Status of dependent in fact involves three factual elements: (1) Reliance on contributions of decedent for necessary living expenses; (2) a reasonable expectation that the contributions will continue; (3) an absence of sufficient means at hand for meeting those expenses. The first two are fixed at the time of injury and consequently the measure of dependence in section 31-315 can change from that existing at the time of the injury only if there is a subsequent change in the financial resources of the claimant. 152 C. 481. Where commissioner found claimant was partial dependent at time of injury but subsequently received sufficient funds from other sources to supply her present necessities, commissioner correctly concluded that, although claimant was dependent in fact at time of injury, her "measure of dependence" had changed before the time of the hearing and dependent defendants were relieved from paying compensation to her unless and until she showed a further change in circumstances. (P.A. 98-104, S. 1.)

Sec. 31-307. Compensation for total incapacity. (a) If any injury for which compensation is provided under the provisions of this chapter results in total incapacity to work, the injured employee shall be paid a weekly compensation equal to seventy-five per cent of his average weekly earnings as of the date of the injury, calculated pursuant to section 31-310, after such earnings have been reduced by any deduction for federal or state taxes, or both, and for the Federal Insurance Contributions Act made from such em-
employee’s total wages received during the period of calculation of the employee’s average weekly wage pursuant to said section 31-310; but the compensation shall not be more than the maximum weekly benefit rate set forth in section 31-309 for the year in which the injury occurred. No employee entitled to compensation under this section shall receive less than twenty per cent of the maximum weekly compensation rate, as provided in section 31-309, provided the minimum payment shall not exceed seventy-five per cent of the employee’s average weekly wage, as determined under section 31-310, and the compensation shall not continue longer than the period of total incapacity.

(b) Notwithstanding the provisions of subsection (a) of this section, any employee who suffers any injury or illness caused by his employer’s violation of any health or safety regulation adopted pursuant to chapter 571 or adopted by the federal Occupational Safety and Health Administration and listed in 29 CFR Chapter XVII, after the violation has been cited in accordance with the provisions of section 31-375 or the provisions of the Occupational Safety and Health Act of 1970, 84 Stat. 1601 (1970), 29 USC 658 and not abated within the time fixed by the citation, provided the citation has not been set aside by appeal to the appropriate agency or court having jurisdiction, shall receive a weekly compensation equal to one hundred per cent of the employee’s average weekly earnings at the time of the injury or illness.

(c) The following injuries of any person shall be considered as causing total incapacity and compensation shall be paid accordingly: (1) Total and permanent loss of sight of both eyes, or the reduction to one-tenth or less of normal vision; (2) the loss of both feet at or above the ankle; (3) the loss of both hands at or above the wrist; (4) the loss of one foot at or above the ankle and one hand at or above the wrist; (5) any injury resulting in permanent and complete paralysis of the legs or arms or of one leg and one arm; (6) any injury resulting in incurable imbecility or mental illness.

(d) An employee who has suffered the loss or loss of the use of one of the members of his body, or part of one of the members of his body, or the reduction of vision in one eye to one-tenth or less of normal vision, shall not receive compensation for the later injury in excess of the compensation allowed for the injury when considered by itself and not in conjunction with the previous incapacity except as provided in this chapter.

(e) Notwithstanding any provision of the general statutes to the contrary, compensation paid to an employee for an employee’s total incapacity shall be reduced while the employee is entitled to receive old age insurance benefits pursuant to the federal Social Security Act. The amount of each reduced workers’ compensation payment shall equal the excess, if any, of the workers’ compensation payment over the old age insurance benefits.

History: 1961 act entirely replaced previous provisions; 1967 act increased compensation rate from sixty to sixty-six and two-thirds per cent of average weekly earnings at time of injury and deleted references to normal vision “with glasses”; P.A. 78-360 authorized compensation at seventy-five per cent rate where injury or illness caused by employer’s violation of health or safety regulation has been cited and he has subsequently failed to abate violation; P.A. 80-24 specified that time of injury is date of incapacity to work as a result of disease in cases involving occupational diseases; P.A. 82-455 changed the minimum weekly benefit from twenty dollars to twenty per cent of the maximum weekly compensation rate, provided the minimum does not exceed eighty per cent of the employee’s average weekly wage; P.A. 92-272 increased the weekly compensation from seventy-five per cent of the employee’s weekly earnings to one hundred per cent for injury or illness caused by his employer’s
OSH violations: P.A. 91-32 divided the existing section into Subsecs. (a) to (d), inclusive, and made technical changes; P.A. 91-339 changed the weekly compensation allowed in Subsec. (a) from sixty-six and two-thirds per cent of average weekly earnings to eighty per cent of average weekly earnings reduced by deductions for federal taxes and FICA. P.A. 93-228 amended Subsec. (a) to decrease weekly compensation allowed for total incapacity from eighty to seventy-five per cent of injured employee’s average weekly earnings, to require that state taxes be deducted in calculating each earnings, and to decrease maximum compensation allowed for minimum payment from eighty to seventy-five per cent of employee’s average weekly wage, and added Subsec. (e) to require that compensation for total incapacity be offset by Social Security retirement benefits, effective July 1, 1993.

Subsec. (a):

Sec. 31-307a. Cost-of-living adjustment in compensation rates. (a) The weekly compensation rate of each employee entitled to receive compensation under section 31-307 as a result of an injury sustained on or after October 1, 1969, and before July 1, 1993, which totally disables the employee continuously or intermittently for any period extending to the following October first or thereafter, shall be adjusted annually as provided in this subsection as of the following October first, and each subsequent October first, to provide the injured employee with a cost-of-living adjustment in his weekly compensation rate as determined of the date of the injury under section 31-309. If the maximum weekly compensation rate as determined under the provisions of section 31-309, to be effective as of any October first following the date of the injury, is greater than the maximum weekly compensation rate prevailing as of the date of the injury, the weekly compensation rate which the injured employee was entitled to receive at the date of the injury or October 1, 1990, whichever is later, shall be increased by the percentage of the increase in the maximum weekly compensation rate required by the provisions of section 31-309 from the date of the injury or October 1, 1990, whichever is later, to such October first. The cost-of-living increases provided under this subsection shall be paid by the employer without any order or award from the commissioner. The adjustments shall apply to each payment made in the next succeeding twelve-month period commencing with the October first next succeeding the date of the injury.
(b) The weekly compensation rate of each employee entitled to receive compensation under section 31-307 as a result of an injury sustained prior to October 1, 1969, which has disabled the employee for a period extending to October 1, 1969, or thereafter shall be adjusted as of October 1, 1969, and annually thereafter, as provided in this subsection to provide the injured employee with a partial cost-of-living adjustment in his weekly compensation rate. The weekly compensation rate paid prior to October 1, 1969, to the injured employee shall be increased as of October 1, 1969, by the amount that the maximum weekly compensation rate as determined under section 31-309 to be effective for injuries sustained on or after October 1, 1969, is greater than the maximum weekly compensation rate as determined under section 31-309 to be effective for injuries sustained on or after October 1, 1965, or the date of the injury, whichever is later, but not more than fifteen dollars per week. Thereafter, increases, if any, for cost-of-living as provided in subsection (a) of this section shall be added to the amount of weekly compensation payable as of the date of the injury or October 1, 1990, whichever is later. The partial cost-of-living adjustments provided under this subsection shall be paid by the employer without any order or award from the commissioner. The adjustments shall apply to each payment made in the next twelve-month period, or after October 1, 1969. The cost of the adjustments shall be paid by the employer or his insurance carrier who shall be reimbursed therefor from the Second Injury Fund as provided in section 31-354 upon presentation of any vouchers and information that the Treasurer shall require.

(c) On and after October 1, 1997, the weekly compensation rate of each employee entitled to receive compensation under section 31-307 as a result of an injury sustained on or after July 1, 1993, which totally incapacitates the employee permanently, shall be adjusted as provided in this subsection as of October 1, 1997, or the October first following the injury date, whichever is later, and annually on each subsequent October first, to provide the injured employee with a cost-of-living adjustment in his weekly compensation rate as determined as of the date of injury under section 31-309. If the maximum weekly compensation rate, as determined under the provisions of said section 31-309, to be effective as of any October first following the date of the injury, is greater than the maximum weekly compensation rate prevailing as of the date of injury, the weekly compensation rate which the injured employee was entitled to receive as of the date of injury shall be increased by the percentage of the increase in the maximum weekly compensation rate required by the provisions of said section 31-309 from the date of the injury to such October first. The cost-of-living adjustments provided under this subdivision shall be paid by the employer without any order or award from the commissioner. The adjustments shall apply to each payment made in the next succeeding twelve-month period commencing with October 1, 1997, or the October first succeeding the date of injury, whichever is later. With respect to any employee receiving benefits on October 1, 1997, with respect to any such injury occurring on or after July 1, 1993, and before October 1, 1997, or with respect to any employee who was adjudicated to be totally incapacitated permanently subsequent to the date of his injury or is totally incapacitated permanently due to the fact that the employee has been totally incapacitated by such an injury for a period of five years or more, such benefit shall be recalculated to October 1, 1997, to the date of such adjudication or to the end of such five-year period, as the case may be, as if such benefits had been subject to recalculation annually under the provisions of this subsection. The difference between the amount of any benefits which would
have been paid to such employee if such benefits had been subject to such recalculation and the actual amount of benefits paid during the period between such injury and such recalculation shall be paid to the dependent not later than December 1, 1997, or thirty days after such adjudication or the end of such period, as the case may be, in a lump-sum payment. The employer or his insurer shall be reimbursed by the Second Injury Fund, as provided in section 31-354, for adjustments, including lump-sum payments, payable under this subsection for compensable injuries occurring on or after July 1, 1993, and before October 1, 1997, upon presentation of any vouchers and information that the Treasurer shall require.

(a) to provide a cost-of-living adjustment based on the percentage of the increase in the maximum weekly compensation rate; P.A. 93-228 amended Subsec. (a) to eliminate cost-of-living adjustments for totally incapacitated employees injured on or after July 1, 1993, effective July 1, 1993; P.A. 97-205 added new Subsec. (c) establishing cost-of-living adjustments for compensation received by totally incapacitated employees on and after October 1, 1997; P.A. 98-104 increased the annual cost-of-living adjustment on workers' compensation benefits paid to employees totally and permanently disabled by a work-related injury prior to October 1, 1990, effective July 1, 1998.

Sec. 31-307b. Benefits after relapse from recovery. Recurrent injuries. If any employee who receives compensation under section 31-307 returns to work after recovery from his injury and subsequently suffers total or partial incapacity caused by a relapse from the recovery from, or a recurrence of, the injury, the employee shall be paid a weekly compensation equal to seventy-five per cent of his average weekly earnings as of the date of the original injury or at the time of his relapse or at the time of the recurrence of the injury, whichever is the greater sum, calculated pursuant to section 31-310, after such earnings have been reduced by any deduction for federal or state taxes, or both, and for the federal Insurance Contributions Act made from such employee's total wages received during the period of calculation of the employee's average weekly wage pursuant to said section 31-310, but not more than (1) the maximum compensation rate set pursuant to section 31-309 if the employee suffers total incapacity, or (2) one hundred per cent, raised to the next even dollar, of the average weekly earnings of production and related workers in manufacturing in the state, as determined in accordance with the provisions of section 31-309, if the employee suffers partial incapacity, for the year in which the employee suffered the relapse or recurrent injury and the minimum rate under this chapter for that year, and provided (A) the compensation shall not continue longer than the period of total or partial incapacity following the relapse or recurrent injury and (B) no employee eligible for compensation for specific injuries set forth in section 31-308 shall receive compensation under this section. The employee shall also be entitled to receive the cost-of-living adjustment provided in accordance with the provisions of section 31-307a commencing on October 1 following the relapse or recurrent injury which disables him. If the injury occurred originally prior to October 1, 1969, the difference between the employee's original weekly compensation rate and the rate required by this section and the cost-of-living adjustment, if any, thereafter due shall be paid initially by the employer or his insurance carrier who shall be reimbursed for such payment from
the Second Injury Fund as provided by section 31-354 upon presentation of any vouchers and information that the Treasurer shall require. In no event shall the employee receive more than the prevailing maximum compensation.

History: 1969 Act deleted reference to Sec. 31-306(b), deleted reference to “maximum” recovery from injury and set forth provisions re payments for cost-of-living adjustments; P.A. 79-376 added references to recurrent injuries; P.A. 91-32 made technical changes; June Sp. Spec. P.A. 91-12 changed the weekly compensation allowed under this section from seventy-six and two-thirds per cent of average weekly earnings to eighty per cent of average weekly earnings reduced by deductions for federal taxes and FICA, and provided for maximum compensation in the case of total and partial incapacity; P.A. 93-228 decreased weekly compensation benefits for relapse or recurrence of previous injury from eighty to seventy-five per cent of employee’s average weekly earnings and required that state taxes be deducted in calculating such earnings, effective July 1, 1993.

Claimant need only have recovered sufficiently to have returned to work with medical permission to be entitled to the section’s benefits on a relapse or recurrence of injury. 251 C. 524-532, 534-539.

Sec. 31-307c. Compensation under agreements or awards effected prior to October 1, 1953. Any person who received compensation for total incapacity under a workers’ compensation agreement or award effected prior to October 1, 1953, shall receive such compensation as was authorized by such agreement or award under section 31-307 or for not longer than the period of total disability, and shall be paid in addition thereto the cost-of-living adjustment provided for under subsection (b) of section 31-307a. The compensation authorized under this section, including the cost-of-living adjustment, shall be paid out of the Second Injury Fund provided for in section 31-354. Such compensation and cost-of-living adjustment shall be paid only for weeks of total disability existing on or after October 1, 1959.

Sec. 31-308. Compensation for partial incapacity. (a) If any injury for which compensation is provided under the provisions of this chapter results in partial incapacity, the injured employee shall be paid a weekly compensation equal to seventy-five per cent of the difference between the wages currently earned by an employee in a position comparable to the position held by the injured employee before his injury, after such wages have been reduced by any deduction for federal or state taxes, or both, and for the federal Insurance Contributions Act in accordance with section 31-310, and the amount he is able to earn after the injury, after such amount has been reduced by any deduction for federal or state taxes, or both, and for the federal Insurance Contributions Act in accordance with section 31-310, except that when (1) the physician attending an injured employee certifies that the employee is unable to perform his usual work but is able to perform other work, (2) the employee is ready and willing to perform other work in the same locality and (3) no other work is available, the employee shall be paid his full weekly compensation subject to the provisions of this section. Compensation paid under this subsection shall not be more than one hundred per cent, raised to the next even dollar, of the average weekly earnings of production and related workers in manufacturing in the state, as determined in accordance with the provisions of section 31-309, and shall continue during the period of partial incapacity, but no longer than five hundred twenty weeks. If the employer procures employment for an injured employee that is suitable to
his capacity, the wages offered in such employment shall be taken as the earning capacity of the injured employee during the period of the employment.

(b) With respect to the following injuries, the compensation, in addition to the usual compensation for total incapacity but in lieu of all other payments for compensation, shall be seventy-five per cent of the average weekly earnings of the injured employee, calculated pursuant to section 31-310, after such earnings have been reduced by any deduction for federal or state taxes, or both, and for the federal Insurance Contributions Act made from such employee's total wages received during the period of calculation of the employee's average weekly wage pursuant to said section 31-310, but in no case more than one hundred per cent, raised to the next even dollar, of the average weekly earnings of production and related workers in manufacturing in the state, as determined in accordance with the provisions of section 31-309, or less than fifty dollars weekly. All of the following injuries include the loss of the member or organ and the complete and permanent loss of use of the member or organ referred to:

*The loss or loss of use of one phalanx of a thumb shall be construed as seventy-five per cent of the loss of the thumb.

**The loss or loss of use of one phalanx of a finger shall be construed as fifty per cent of the loss of the finger. The loss of or loss of use of two phalanges of a finger shall be construed as ninety per cent of the loss of the finger.

***The loss or loss of use of one phalanx of a great toe shall be construed as sixty-six and two-thirds per cent of the loss of the great toe. The loss of the greater part of any phalanx shall be construed as the loss of a phalanx and shall be compensated accordingly.

If the injury consists of the loss of a substantial part of a member resulting in a permanent partial loss of the use of a member, or if the injury results in a permanent partial loss of function, the commissioner may, in the commissioner’s discretion, in lieu of other compensation, award to the injured employee the proportion of the sum provided in this subsection for the total loss of, or the loss of the use of, the member or for incapacity or both that represents the proportion of total loss or loss of use found to exist, and any voluntary agreement submitted in which the basis of settlement is such proportionate payment may, if otherwise conformable to the provisions of this chapter, be approved by the commissioner in the commissioner's discretion. Notwithstanding the provisions of this subsection, the complete loss or loss of use of an organ which results in the death of an employee shall be compensable pursuant only to section 31-306.

(c) In addition to compensation for total or partial incapacity or for a specific loss of a member or use of the function of a member of the body, the commissioner, not earlier than one year from the date of the injury and not later than two years from the date of the injury or the surgery date of the injury, may award compensation equal to seventy-five per cent of the average weekly earnings of the injured employee, calculated pursuant to section 31-310, after such earnings have been reduced by any deduction for federal or state taxes, or both, and for the federal Insurance Contributions Act made from such employee’s total wages received during the period of calculation of the employee’s average weekly wage pursuant to said section 31-310, but not more than one hundred per cent, raised to the next even dollar, of the average weekly earnings of production and related workers in manufacturing in the state, as determined in accordance with the provisions
of section 31-309, for up to two hundred eight weeks, for any permanent significant disfigurement of, or permanent significant scar on, (A) the face, head or neck, or (B) on any other area of the body which handicaps the employee in obtaining or continuing to work. The commissioner may not award compensation under this subsection when the disfigurement was caused solely by the loss of or the loss of use of a member of the body for which compensation is provided under subsection (b) of this section or for any scar resulting from an inguinal hernia operation or any spinal surgery. In making any award under this subsection, the commissioner shall consider (1) the location of the scar or disfigurement, (2) the size of the scar or disfigurement, (3) the visibility of the scar or disfigurement due to hyperpigmentation or depigmentation, whether hypertrophic or keloidal, (4) whether the scar or disfigurement causes a tonic or textural skin change, causes loss of symmetry of the affected area or results in noticeable bumps or depressions in the affected area, and (5) other relevant factors. Notwithstanding the provisions of this subsection, no compensation shall be awarded for any scar or disfigurement which is not located on (A) the face, head or neck, or (B) any other area of the body which handicaps the employee in obtaining or continuing to work. In addition to the requirements contained in section 31-297, the commissioner shall provide written notice to the employer prior to any hearing held by the commissioner to consider an award for any scar or disfigurement under this subsection.

(d) Any award or agreement for compensation made pursuant to this section shall be paid to the employee, or in the event of the employee’s death, whether or not a formal award has been made prior to the death, to his surviving spouse or, if he has no surviving spouse, to his dependents in equal shares or, if he has no surviving spouse or dependents, to his children, in equal shares, regardless of their age.

Sec. 31-308a. Additional benefits for partial permanent disability. (a) In addition to the compensation benefits provided by section 31-308 for specific loss of a member or use of the function of a member of the body, or any personal injury covered by this chapter, the commissioner, after such payments provided by said section 31-308 have been paid for the period set forth in said section, may award additional compensation benefits for such partial permanent disability equal to seventy-five per cent of the difference between the wages currently earned by an employee in a position comparable to the position held by such injured employee prior to his injury, after such wages have been reduced by any deduction for federal or state taxes, or both, and for the federal Insurance Contributions Act in accordance with section 31-310, and the weekly amount which such employee will probably be able to earn thereafter, after such amount has been reduced by any deduction for federal or state taxes, or both, and for the federal Insurance Contributions Act in accordance with section 31-310, to be determined by the commissioner upon the nature and extent of the injury, the training, education and experience of the employee, the availability of work for persons with such physical condition and at the employee’s age, but not more than one hundred per cent, raised to the next even dollar, of the average weekly earnings of production and related workers in manufacturing in the state, as determined in accordance with the provisions of section 31-309. If evidence of exact loss of earnings is not available, such loss may be computed from the proportionate loss of physical ability or earning power caused by the injury. The duration of such additional compensation shall be determined upon a similar basis by the commissioner, but in no event shall the duration of such additional compensation exceed the lesser of (1) the duration of the employee’s permanent partial disability benefits or (2) five hundred twenty weeks. Additional benefits provided under this section shall be available only to employees who are willing and able to perform work in this state.

(b) Notwithstanding the provisions of subsection (a) of this section, additional benefits provided under this section shall be available only when the nature of the injury and its effect on the earning capacity of an employee warrant additional compensation.

History: 1969 act created amount of additional compensation benefits from the difference between employee’s average weekly benefits and his probable weekly earnings after injury to two-thirds of that difference. P.A. 79-376 used wages currently earned by employee in comparable position to that of injured employee prior to injury rather than injured employee’s average weekly wages as basis of computation; June Sp. Sess. P.A. 91-12 changed the additional compensation allowed under this section to eighty per cent of the difference between wages currently earned in a comparable position prior to injury, reduced by deductions for federal taxes and FICA, and the weekly amount earned after the injury, reduced by deductions for federal tax and FICA, but not more than one hundred per cent of the average production wage; P.A. 93-228 designated existing
Sec. 31-308b. Dependency allowance. Section 31-308b is repealed.

Sec. 31-309. Maximum weekly compensation. Determination of average weekly earnings of state workers and production and related workers in manufacturing. (a) Except as provided in section 31-307, the weekly compensation received by an injured employee under the provisions of this chapter shall in no case be more than one hundred per cent, raised to the next even dollar, of the average weekly earnings of all workers in the state as hereinafter defined for the year in which the injury occurred except that the weekly compensation received by an injured employee whose injury occurred before July 1, 1993, shall be computed according to the provisions of law in effect at the time of his injury. In the case of an occupational disease, the time of injury shall be the date of total or partial incapacity to work as a result of such disease.

(b) (1) The average weekly earnings of all workers in the state shall be determined by the Labor Commissioner on or before the fifteenth day of August of each year, to be effective the following October first, and shall be the average of all workers’ weekly earnings for the year ending the previous June thirtieth and shall be so determined in accordance with the standards for the determination of average weekly earnings of all workers established by the United States Department of Labor, Bureau of Labor Statistics.

(2) Prior to July 1, 1993, the Labor Commissioner shall determine the average weekly earnings of all workers in the state to be effective during the period July 1, 1993, to October 1, 1993.

(c) The average weekly earnings of production and related workers in manufacturing in the state shall be determined by the Labor Commissioner on or before the fifteenth day of August of each year, to be effective the following October first, and shall be the average of the manufacturing production and related workers’ weekly earnings for the year ending the previous June thirtieth and shall be so determined in accordance with the standards for the determination of average weekly earnings of production and related workers in manufacturing established by the United States Department of Labor, Bureau of Labor Statistics.

History: 1961 act entirely replaced previous provisions; 1967 act set maximum at sixty rather than fifty-five per cent of average production wage in state for year in which injury occurred; 1969 act substituted "weekly earnings of production and related workers" for "production wage"; 1971 act raised percentage maximum to sixty-six and two-thirds per cent; P.A. 78-254 raised percentage maximum to eighty-five per cent and added exception re employees injured before January 1, 1979; P.A. 78-360 added exception re Sec. 31-307; P.A. 79-483 raised percentage maximum to one hundred per cent except for those injured October 1, 1979; P.A. 80-128 specified that in cases of occupational disease, time of injury is date of total or partial inability to work as a result of disease; P.A. 87-547 increased maximum percentages to one hundred fifty per cent; P.A. 88-2 replaced “1979” with

(a) For the purposes of this chapter, the average weekly wage shall be ascertained by dividing the total wages received by the injured employee from the employer in whose service he is injured during the fifty-two calendar weeks immediately preceding the week during which he was injured, by the number of calendar weeks during which, or any portion of which, the employee was actually employed by the employer, but, in making the computation, absence for seven consecutive calendar days, although not in the same calendar week, shall be considered as absence for a calendar week. When the employment commenced otherwise than at the beginning of a calendar week, that calendar week and wages earned during that week shall be excluded in making the computation. When the period of employment immediately preceding the injury is computed to be less than a net period of two calendar weeks, the employee’s weekly wage shall be considered to be equivalent to the average weekly wage prevailing in the same or similar employment in the same locality at the date of the injury except that, when the employer has agreed to pay a certain hourly wage to the employee, the hourly wage so agreed upon shall be the hourly wage for the injured employee and his average weekly wage shall be computed by multiplying the hourly wage by the regular number of hours that is permitted each week in accordance with the agreement. For the purpose of determining the amount of compensation to be paid in the case of a minor under the age of eighteen who has sustained an injury entitling him to compensation for total or partial incapacity for a period of fifty-two or more weeks, or to specific indemnity for any injury under the provisions of section 31-308, the commissioner may add fifty per cent to his average weekly wage, except in the case of a minor under the age of sixteen, the commissioner may add one hundred per cent to his average weekly wage. When the injured employee is a trainee or apprentice receiving a subsistence allowance from the United States because of war service, the allowance shall be added to his actual earnings in determining the average weekly wage. Where the injured employee has worked for more than one employer as of the date of the injury and the average weekly wage received from the employer in whose employ he was injured, as determined under the provisions of this section, are insufficient for him to obtain the maximum weekly compensation rate from the employer under section 31-309, prevailing as of the date of the injury, his average weekly wages shall be calculated upon the basis of wages earned from all such employers in the period of concurrent employment not in excess of fifty-two weeks prior to the date of the injury, but the employer in whose employ the injury occurred shall be liable for all medical and hospital costs and a portion of the compensation rate equal to seventy-five per cent of the average weekly wage paid by him to the injured employee, after
such earnings have been reduced by any deduction for federal or state taxes, or both, and for the federal Insurance Contribution Act made from such employee’s total wages received from such employer during the period of calculation of such average weekly wage, but not less than the amount equal to the minimum compensation rate prevailing as of the date of the injury. The remaining portion of the applicable compensation rate shall be paid from the Second Injury Fund upon submission to the Treasurer by the employer or the employer’s insurer of such vouchers and information as the Treasurer may require. In cases which involve concurrent employment and in which there is a claim against a third party, the injured employee or the employer in whose employ the injury was sustained or the employer’s insurer shall advise the custodian of the Second Injury Fund if there is a third party claim, and the employee, employer or employer’s insurer shall pursue its subrogation rights as provided for in section 31-293 and shall include in its claim all compensation paid by the Second Injury Fund and shall reimburse the Second Injury Fund for all payments made for compensation in the event of a recovery against the third party.

(b) Each August fifteenth, the chairman of the Workers’ Compensation Commission, in consultation with the advisory board, shall publish tables of the average weekly wage and seventy-five per cent of the average weekly wage after being reduced by any deduction for federal or state taxes, or both, and for the federal Insurance Contributions Act, to be effective the following October first, except that not later than June thirtieth, the chairman, in consultation with the advisory board, shall publish tables of the average weekly wage and seventy-five per cent of the average weekly wage after being reduced by any deduction for federal or state taxes, or both, and for the federal Insurance Contributions Act made from such employee’s total wages received during the period of calculation of the employee’s average weekly wage for purposes of sections 31-306, 31-307 and 31-308.

History: 1961 act entirely replaced previous provisions; 1967 act added provisions re calculation of and liability for compensation payments when injured employee worked for more than one employer; 1969 act expanded provisions added in 1967 to specify applicability to cases where wages at time of injury would not enable injured employee to receive maximum benefits, to change basis of calculation in such cases, to require that injured person receive at least minimum prevailing rate from employer and dependency allowance if he is totally incapacitated; 1971 act added provisions re third party claims; P.A. 79-376 substituted “worker” for “worker” and replaced reference to Sec. 31-208; P.A. 91-32 made technical changes; P.A. 91-339 designated existing section as Subsec. (a), defined provisions re dependency allowance, added provisions re submission of vouchers and information to the treasurer and added Subsec. (b) re average weekly wage tables; P.A. 93-228 amended Subsec. (a) to change the basis of calculation for an employee’s average weekly wage from twenty-six to fifty-two weeks and amended Subsec. (b) to require the chairman of the workers’ compensation commission to publish tables of seventy-five, rather than eighty, per cent of the average weekly wage less deductions for state and federal taxes and for the Federal Insurance Contributions Act, effective July 1, 1993, except that Subsec. (b), effective June 30, 1993; P.A. 95-277 amended Subsec. (b) to change portion of wages paid by the employer in whose employ the injury occurred from a "pro-rata" share to a portion equal to "seventy-five per cent of the average weekly wage paid by him to the injured employee" after such earnings have been reduced by the applicable federal and state taxes and the federal insurance contributions tax, and made technical corrections for clarity by substituting "insurer" for "insurance carrier", effective July 1, 1995.

History: 1961 act entirely replaced previous provisions; 1969 act expanded and clarified employer's responsibility to furnish or pay for transportation, replacing previous provision which simply stated that costs for travel "outside the one fare limit from the plant to the place of treatment and return shall be borne by the employer and shall not be included in the maximum limit set forth above"; 1971 act added Subsec. (b) prohibiting employer from requiring transportation to occur outside injured employee's regular work hours; P.A. 79-376 replaced "worker's compensation" with "workers' compensation"; P.A. 80-10 increased transportation allowance from ten to fifteen cents per mile; P.A. 91-32 made technical changes, added new Subsec. (b) re claimant's right to reimbursement for certain expenses and redesignated existing Subsec. (b) as Subsec. (c).

Sec. 31-313. Transfer to suitable work during period of treatment or rehabilitation or because of physical incapacity. Civil penalty for failure of employer to comply. (a) (1) Where an employee has suffered a compensable injury which disables him from performing his customary or most recent work, his employer at the time of such injury shall transfer him to full-time work suitable to his physical condition where such work is available, during the time that the employee is subjected to medical treatment or rehabilitation or both and until such treatment is discontinued on the advice of the physician conducting the same or of the therapist in charge of the rehabilitation program or until the employee has reached the maximum level of rehabilitation for such worker in the judgment of the commissioner under all of the circumstances, whichever period is the longest. (2) The commissioner shall conduct a hearing upon the request of an employee who claims his employer has not transferred him to such available suitable work. Whenever the commissioner finds that the employee is so disabled, and that the employer has failed to transfer the employee to such available suitable work, he shall order the employer to transfer the employee to such work.

(b) The commissioner shall conduct a hearing upon the request of an employee claiming to be unable to perform his customary or most recent work because of physical incapacity resulting from an injury or disease. Whenever the commissioner finds that the employee has such a physical incapacity, he shall order that the injured worker be removed from work detrimental to his health or which cannot be performed by a person so
disabled and be assigned to other suitable full-time work in the employer’s establishment, if available; provided the exercise of this authority shall not conflict with any provision of a collective bargaining agreement between such employer and a labor organization which is the collective bargaining representative of the unit of which the injured worker is a part.

(c) Whenever the commissioner finds that an employer has failed to comply with the transfer requirements of subdivision (1) of subsection (a) of this section, or has failed to comply with any transfer order issued by him pursuant to this section, he may assess a civil penalty of not more than five hundred dollars against the employer. Any appeal of a penalty assessed pursuant to this subsection shall be taken in accordance with the provisions of section 31-301. Any penalties collected under the provisions of this subsection shall be paid over to the Second Injury Fund or its successor.

History: 1961 act replaced previous provisions entirely; 1967 act increased weekly payments for rehabilitation treatments from fifteen to forty dollars and added Subsec. (b) re assignment of employees to different work positions; P.A. 79-376 specified that employee be transferred or reassigned to “full-time” suitable work in Subsec. (a) and (b) and substituted “worker” and “worker’s compensation” for “employe” and “employee’s compensation”; P.A. 83-65 amended Subsec. (a) to remove the provisions for compensation of forty dollars per week for rehabilitation treatments and to remove the requirement that the commissioners establish rules and regulations to carry out the provisions of this section and compile a list of available in-state rehabilitation facilities; P.A. 86-166 amended Subsec. (a) and (b) to specifically provide that the commissioner shall conduct a hearing to determine if a job transfer or assignment is necessary, and to issue an order for the employer to do so and added Subsec. (c), establishing a civil penalty for employers who fail to comply with the transfer requirements; P.A. 91-207 made a technical change to fund’s name in Subsec. (c).

Sec. 31-314. Allowance for advance payments. In fixing the amount of any compensation under this chapter, due allowance shall be made for any sum which the employer has paid to any injured employee or to his dependents on account of the injury, except such sums as the employer has expended or directed to be expended for medical, surgical or hospital service.

History: 1961 act entirely replaced previous provisions.

Payment to employee not deductible from amount due to dependent for his subsequent death, 93 C. 159.

Sec. 31-315. Modification of award or voluntary agreement. Any award of, or voluntary agreement concerning, compensation made under the provisions of this chapter or any transfer of liability for a claim to the Second Injury Fund under the provisions of section 31-349 shall be subject to modification in accordance with the procedure for original determinations, upon the request of either party or, in the case of a transfer under section 31-349, upon request of the custodian of the Second Injury Fund, whenever it appears to the compensation commissioner, after notice and hearing thereon, that the incapacity of an injured employee has increased, decreased or ceased, or that the measure of dependence on account of which the compensation is paid has changed, or that changed conditions of fact have arisen which necessitate a change of such agreement, award or transfer in order properly to carry out the spirit of this chapter. The commissioner shall also have the same power to open and modify an award as any court of the state has to open and modify a judgment of such court. The compensation commissioner
shall retain jurisdiction over claims for compensation, awards and voluntary agreements, for any proper action thereon, during the whole compensation period applicable to the injury in question.

History: 1961 act entirely replaced previous provisions; P.A. 95-277 amended the section to include any transfer of liability for a claim to the Second Injury Fund and allowed for its modification upon request of the custodian of the fund, effective July 1, 1995.

Status of dependent in fact involves three factual elements: (1) reliance on contributions of decedent for necessary living expenses, (2) a reasonable expectation that the contributions will continue, (3) an absence of sufficient means at hand for meeting these expenses. The first two are fixed at the time of injury and consequently the measure of dependence in this section can change from that existing at the time of the injury only if there is a subsequent change in the financial resources of the claimant. 152 C. 481. Where commissioner found claimant was partial dependent at time of injury but subsequently received sufficient funds from other sources to supply her present necessities, commissioner correctly concluded that, although claimant was dependent in fact at the time of injury, her "measure of dependence" had changed before the time of the hearing and consequently defendants were relieved from paying compensation to her unless and until she showed a further change in circumstances. Id., 481, 482. An award to a dependent in fact as well as to a presumptive dependent is an award of compensation and subject to modification. Id. Sec. 31-316. Employer to record and report employees’ injuries and report insurance coverage or welfare plan payments provided to employees. Increased award due to employer’s failure to file. (a) Each employer shall keep a record of the injuries sustained by his employees in the course of their employment that result in incapacity for one day or more. Each employer shall send to the chairman of the Workers’ Compensation Commission, in duplicate, each week, or more often if so directed, a report of all injuries that the rules prescribed by the chairman determine, including the time of each injury, together with notices of claims for compensation that have been served upon the employer under section 31-294c, within one week of the receipt of the notices of claims. The employer shall inform the chairman as to the extent to which he provides accident and health insurance and life insurance coverage for his employees, and his payment or contribution requirements for any employee welfare plan, as defined in section 31-284b. No other report of injuries to employees shall be required by any department or office of the state from employers. The duplicates of the reports shall be immediately transmitted to the Labor Commissioner.
(b) Upon determining that the employer failed to report injuries as required by subsection (a) of this section, the workers’ compensation commissioner may increase the award for compensation for the employee’s injuries proportionate to the prejudice that the employee sustained due to the employer’s failure to file.

(b) to allow the commissioner to increase an employee’s award proportionate to prejudice caused by an employer’s failure to report injuries as required.

Action for minors and incompetents.** When any employee affected by the provisions of this chapter or any person entitled to compensation thereunder is a minor or mentally incompetent, his parent or duly appointed guardian may, on his behalf, perform any act or duty required or exercise any right conferred by the provisions of this chapter with the same effect as if such person were legally capable to act in his own behalf and had so acted. The commissioner may, for just cause shown, authorize or direct the payment of compensation directly to a minor or to some person nominated by the minor and approved by the commissioner, which person shall act in behalf of such minor.

Sec. 31-323. Attachments to secure payment of compensation. When any person presents in writing to the commissioner a claim for compensation, either for injury sustained by himself arising out of and in the course of his employment or for injury resulting in the death of some person of whom he is an alleged dependent, he may ask that a writ of attachment issue to secure the payment of the claim or claims for compensation as may arise out of the injury. Unless it appears from the records of the commissioner that there has been a compliance with the provisions of section 31-284, which compliance is then effective, or that the Insurance Commissioner has approved a substitute system of compensation, benefit and insurance, the commissioner may issue a writ of attachment in the manner and form of writs of attachment in civil actions and shall be vested with the same jurisdiction as authorities authorized to issue writs of attachment in civil actions. If a writ is issued under this section and thereafter it appears to the satisfaction of the commissioner that there has been a compliance with the provisions of section 31-284, which compliance was then effective and applicable to the injury in question, or that the Insurance Commissioner has approved a substitute system of compensation, benefit and insurance, the commissioner may vacate the writ of attachment on the payment by the employer of the expense actually incurred under such writ of attachment. The commissioners are vested with the authority of the various courts to dissolve attachments made under this section and, on the dissolution of an attachment, may require the substitution of a bond in the same manner as any court upon the dissolution of attachments in civil actions.

Sec. 31-324. Reservation of cases for the Appellate Court. When, in any case arising under the provisions of this chapter, the Compensation Review Board is of the
opinion that the decision involves principles of law which are not free from reasonable doubt and which public interest requires shall be determined by the Appellate Court, in order that a definite rule be established applicable to future cases, said Compensation Review Board may, on its own motion and without any agreement or act of the parties or their counsel, reserve such case for the opinion of the Appellate Court. Upon a reservation so made, no costs shall be taxed in favor of either party, and no entry fee, record fee, judgment fee or other clerk's fee in either court shall be taxed. Upon the filing of such a reservation, the question shall come before the Appellate Court as though an appeal had been taken, and said court shall thereupon reserve the case for the opinion of the Supreme Court in the manner herein indicated; but if, in the opinion of the Appellate Court, the principles of law involved in the decision are in fact free from reasonable doubt and the public interest does not in fact require that they be determined by the Supreme Court, the Appellate Court may, in its discretion, hear and determine the controversy as in other cases.

Sec. 31-256. Proceedings against delinquent insurance companies or employers. Whenever the chairman of the Workers' Compensation Commission finds that any insurance company or association insuring the liability of an employer under the provisions of this chapter is conducting such business improperly or is dilatory in investigating and adjusting claims or making payments, or fails to comply with the provisions of this chapter or the rules, methods or procedure and forms adopted by the chairman, the chairman shall notify the Insurance Commissioner, in writing, setting forth the facts, and thereupon the Insurance Commissioner shall fix a time and place for a hearing thereon, giving reasonable notice to the chairman and to such company or association of such hearing, and, if he finds the allegations to be true, he shall either suspend for a time or revoke the license of such company or association to transact such business in this state. Whenever a compensation commissioner has reason to believe that any employer who has furnished proof of his financial ability or filed with the Insurance Commissioner security for the performance of the obligations of this chapter in accordance with section
31-284 is dilatory in investigating or adjusting claims or in making payments, or fails to comply with the provisions of this chapter or the rules, methods of procedure and forms adopted by the chairman, he may notify the Insurance Commissioner, in writing, setting forth the facts, and thereupon the Insurance Commissioner shall fix the time and place for a hearing thereon, giving reasonable notice to the commissioner and to such employer, and, if he finds the allegations to be true, then, after ten days from the notice of such findings to such employer, the compliance of such employer with the terms of section 31-284 shall be, as to any future injuries, null and void.

Sec. 31-327. Award of fees and expenses. (a) Whenever any fees or expenses are, under the provisions of this chapter, to be paid by the employer or insurer and not by the employee, the commissioner may make an award directly in favor of the person entitled to the fees or expenses, which award shall be filed in court, shall be subject to appeal and shall be enforceable by execution as in other cases. The award may be combined with an award for compensation in favor of or against the injured employee or the dependent or dependents of a deceased employee or may be the subject of an award covering only the fees and expenses.

PART C
EMPLOYERS’ MUTUAL INSURANCE

Sec. 31-328. Mutual associations authorized. With the approval of the Insurance Commissioner, employers who are subject to this chapter and are bound to pay compensation to their employees thereunder may associate themselves, in accordance with the law for the formation of corporations without capital stock, for the purpose of establishing and maintaining mutual associations to insure their liabilities under this chapter; but no such association shall be formed to include employers not in the same or similar trade or business or in trades or businesses with substantially similar degrees of hazard of injury to employees.

Sec. 31-329. Approval by Insurance Commissioner. Before giving his approval, the Insurance Commissioner may require the incorporators of any such association to include in their proposed certificate of incorporation such lawful provisions for the regulation of the affairs of the association and the definition of its powers and the powers of its officers, directors and incorporators as shall satisfy him that it is well designed and wisely adapted to its proposed purposes. When such a certificate, in form and substance acceptable to the Insurance Commissioner, has been approved and filed with the Secretary of the State, the incorporators shall forthwith cause copies thereof to be filed in the offices of the Insurance Commissioner and each of the compensation commissioners.

History: 1961 act entirely replaced previous provisions; P.A. 77-614 placed insurance commissioner within department of business regulation and made insurance department a division within that department, effective January 1, 1979; P.A. 80-832 restored insurance division as independent department with commissioner as its head, deleting references to abolished business regulation department.

Sec. 31-330. Membership. Membership in such associations shall be limited to employers as defined in this chapter, and each association shall have power, by appropriate bylaws, to provide for the admission, suspension, withdrawal or expulsion of members.

History: 1961 act entirely replaced previous provisions.

Sec. 31-331. Control of associations. Except as herein otherwise provided, such associations shall be subject to the same regulation and control as is or may be imposed by law upon other corporations or associations taking similar risks in the state, and over them the Insurance Commissioner shall have all the jurisdiction given him by sections 38a-14 and 38a-17 over insurance companies.

Sec. 31-332. Policies. Number of members required. No policies shall be issued by any such association until members in such numbers and with such numbers of employees as the Insurance Commissioner may decide will give a fair diffusion of risks have obligated themselves to take policies immediately upon their authorization, nor shall any policies be issued except such as the Insurance Commissioner has approved as conforming in all respects to the requirements of this chapter. In conformity with the provisions of section 31-284, policies may be issued covering claims only in excess of a certain amount. If, at any time, by the retirement of members, reduction of numbers of employees or other cause, the membership of any association appears to the Insurance Commissioner no longer to afford a fair diffusion of risks, he may suspend or forbid the further issue of policies until the former conditions of the association have been restored.
Sec. 31-333. Officers and voting. The affairs of all associations incorporated under this chapter shall be managed by such officers and directors as may be chosen in manner prescribed by the bylaws of the association; but each member shall be entitled to cast at least one ballot in all elections and votes, any member having had for six months an average of more than one hundred and not more than five hundred employees to whom he is bound to pay compensation under this chapter shall be entitled to cast two ballots, and each additional five hundred employees shall entitle such member to an additional ballot, but no member shall be entitled to cast more than eight ballots.

History: 1961 act entirely replaced previous provisions.

Sec. 31-335. Premium rates. Reserve notes. Each association shall have power to determine the comparative premium rates for each occupation or risk insured by it and to prescribe rates of cash premiums sufficient to cover the current cost. Such premium rates shall prevail for the fiscal year of the association, but they may be changed annually by the directors. The current cost herein specified shall be such an amount as is estimated to cover the expenses and the claims or portions of claims payable within the same fiscal year within which they originated. Members of each association shall be required to pay yearly in advance cash premiums for current costs, and in addition thereto an amount in negotiable notes sufficient to maintain a reserve equal to that required by statute of stock or commercial casualty companies for similar classes of risks. These notes shall be payable on the call of the treasurer of the association as they may be required to meet estimated losses or expenses in excess of the current cost or to meet claims covering losses not payable within the same fiscal year within which the claims originated. The directors may, in their discretion, fix rates of interest on either notes or balances.

History: 1961 act entirely replaced previous provisions.

**Sec. 31-336. Assessments.** If an association is not possessed of funds sufficient for the payment of incurred losses and expenses, it shall make an assessment for the amount needed to pay such losses and expenses upon the members liable to assessment therefor, in proportion to their several liabilities.

It shall also have power to make and amend bylaws or regulations for the prompt, economical and safe conduct of its affairs. All bylaws and regulations of each association shall be filed with the Insurance Commissioner and shall be subject to his approval. If not disapproved by him, they shall go into effect thirty days after filing or at such later date as may be indicated in the bylaws or regulations.

WORKERS' COMPENSATION INSURANCE

Sec. 31-340. Insurer directly liable to employee or dependent. Whenever any employer of labor as defined in this chapter insures his liability under this chapter with any company authorized to transact a compensation insurance business in this state, the contract of insurance between such employer of labor and such insurer shall be a contract for the benefit of any employee who sustains an injury arising out of and in the course of his employment by such insured by reason of the business operations described in the policy, while conducted at any working place therein described or elsewhere in connection therewith, or, in the event of such injury resulting in death, for the benefit of the dependents of such employee. Every such policy shall contain an agreement by the insurer to the effect that the insurer shall be directly and primarily liable to the employee and, in the event of his death, to his dependents or to any person entitled to burial expenses under section 31-306, to pay to him or to them the compensation, if any, for which the employer is liable; but payment in whole or in part of such compensation by either the employer or the insurer shall to the extent thereof be a bar to the recovery against the other of the amount so paid.

Sec. 31-341. Notice to insurer. When a claim for compensation by any such injured employee or the dependent of an injured employee of an employer who has insured his liability as aforesaid does not result in a voluntary agreement and a hearing before a compensation commissioner is necessary to determine such claim, the insurer shall receive the same notice of such hearing as is by law required to be given to the employer and shall thereupon be a party to the proceeding.

Sec. 31-344a. Workers' Compensation Administration Fund established. There is established a fund to be known as the “Workers’ Compensation Administration Fund”. The fund may contain any monies required by law to be deposited in the fund and shall be held by the Treasurer separate and apart from all other moneys, funds and accounts. (June Sp. Sess. P.A. 91-14, S. 17, 30.)

Sec. 31-345. Insurance Commissioner to approve form of policy. Assessments against employers for administrative costs. Surpluses. (a) No insurer or employer to whom a certificate of solvency pursuant to subsection (b) of section 31-284 has been issued, shall issue any policy of insurance purporting to cover the liability of an employer under the provisions of this chapter until a copy of the form of such policy has been filed with and approved by the Insurance Commissioner. No insurer or employer who is self-insured in whole or in part shall engage in writing insurance under this chapter or providing compensation and benefits directly to employees unless he files with the Insurance Commissioner a receipt from the State Treasurer or the Comptroller on or before the first day of October, that the employer has paid his pro rata cost of administration required by this section or if the self-insured employer has not, prior to July first of any year, provided compensation and benefits under this chapter, the self-insured employer shall file such receipt on or before October first, annually that he has paid an
amount equal to one-quarter of one per cent of the self-insured employer’s payroll for the twelve months immediately preceding such July first.

(b) (1) When, after the close of a fiscal year ending prior to July 1, 1990, the chairman of the Workers’ Compensation Commission and the Comptroller have determined the total amount of expenses of the Workers’ Compensation Commission in accordance with the provisions of subsection (d) of section 31-280, the Treasurer shall thereupon assess upon and collect from each employer, other than the state and any municipality participating for purposes of its liability under this chapter as a member in an interlocal risk management agency pursuant to chapter 113a, the proportion of such expenses that the total compensation and payment for hospital, medical and nursing care made by such self-insured employer or private insurance carrier acting on behalf of any such employer bore to the total compensation and payments for hospital, medical and nursing care made by all such insurance carriers and self-insurers. The amount so secured shall be used to reimburse the Treasurer for appropriations theretofore made by the state for the payment in the first instance of the expenses of administering this chapter. On and after July 1, 1986, the Treasurer shall, as soon as possible after the close of a fiscal year ending prior to July 1, 1990, estimate the pro rata cost to each employer based upon the costs assessed to such employer in the immediately preceding fiscal year and shall assess upon and collect from each such employer such estimated costs annually which shall be payable as provided in subsection (a) of this section except each annual assessment shall include an amount which represents the difference between the payments collected and the actual costs assessed to such employer for the immediately preceding fiscal year. The Treasurer is authorized to make credits or rebates for overpayments made under this subsection by any employer for any fiscal year.

(2) The chairman of the Workers’ Compensation Commission shall annually, on or after July first of each fiscal year, determine an amount sufficient in the chairman’s judgment to meet the expenses of the Workers’ Compensation Commission. Such expenses shall include the costs of the Division of Workers’ Rehabilitation and the programs established by its director, the costs of the Division of Worker Education and the programs established by its director and funding for the occupational health clinic program created pursuant to sections 31-396 to 31-402, inclusive. The Treasurer shall thereupon assess upon and collect from each employer, other than the state and any municipality participating for purposes of its liability under this chapter as a member in an interlocal risk management agency pursuant to chapter 113a, the proportion of such expenses, based on the immediately preceding fiscal year, that the total compensation and payment for hospital, medical and nursing care made by such self-insured employer or private insurance carrier acting on behalf of any such employer bore to the total compensation and payments for the immediately preceding fiscal year for hospital, medical and nursing care made by such insurance carriers and self-insurers. For the fiscal years ending June 30, 2000, and June 30, 2001, such assessments shall not exceed five per cent of such total compensation and payments made by such insurance carriers and self-insurers. For any fiscal year ending on or after June 30, 2002, such assessment shall not exceed four per cent of such total compensation and payments made by such insurance carriers and self-insurers. Such assessments and expenses shall not exceed the budget estimates submitted in accordance with subsection (c) of section 31-280. For each fiscal year, such assessment shall be reduced pro rata by the amount of any surplus from the assessments.
of prior fiscal years. Said surplus shall be determined in accordance with subdivision (3) of this subsection. Such assessments shall be made in one annual assessment upon receipt of the chairman's expense determination by the Treasurer. All assessments shall be paid not later than sixty days following the date of the assessment by the Treasurer. Any employer who fails to pay such assessment to the Treasurer within the time prescribed by this subdivision shall pay interest to the Treasurer on the assessment at the rate of eight per cent per annum from the date the assessment is due until the date of payment. All assessments received by the Treasurer pursuant to this subdivision shall be deposited in the Workers' Compensation Administration Fund established under section 31-344a. The Treasurer is hereby authorized to make credits or rebates for overpayments made under this subsection by any employer for any fiscal year.

(3) As soon as practicable after the close of the state fiscal year, the Comptroller shall examine the Workers' Compensation Administration Fund and shall direct the State Treasurer to set aside within said fund amounts in excess of fifty per cent of the expenditures of the Workers' Compensation Commission for the most recently completed fiscal year, which shall be considered a surplus for purposes of subdivision (2) of subsection (b) of this section.

(a) On or before July 1, 1993, each insurer writing workers’ compensation insurance in this state, either individually or through a rating organization licensed pursuant to section 38a-672 of which the insurer is a member or subscriber, shall file new voluntary pure premium and assigned risk rates effective for the period July 1, 1993, to June 30, 1994, containing a nineteen percent benefit level reduction and allowing due consideration for changes in loss costs based upon experience updated through the end of 1992.

(b) Upon receipt of any rate filing made under this section by a rating organization licensed pursuant to section 38a-672, the Insurance Commissioner shall conduct a public hearing regarding the filing and consult with an independent actuary engaged for the purpose of certifying the accuracy of the benefit level reduction set forth in subsection

The rates approved for the period July 1, 1993, to June 30, 1994, shall reflect (i) the actual loss costs experience through the end of 1992 and (ii) the savings from benefit level reductions effective July 1, 1993, as achieved by this section and sections 31-40u, 31-40v, 31-275, 31-276, 31-279, 31-280, 31-284a, 31-288, 31-289b, 31-293, 31-294c, 31-295, 31-297a, 31-298, 31-299a, 31-300, 31-303, 31-306, 31-307 to 31-307b, inclusive, 31-308, 31-308a, 31-309, 31-310, 31-310c, 31-349, 31-349a and 31-354.

Such revised rates shall be applicable to all new and renewal workers' compensation insurance policies effective on or after July 1, 1993. PART E
SECOND INJURY FUND

Secs. 31-349-31-355 cited. 37 CA 835, 838.

Sec. 31-349. Compensation for second disability. Payment of insurance coverage. Second Injury Fund closed July 1, 1995, to new claims. Procedure. (a) The fact that an employee has suffered a previous disability, shall not preclude him from compensation for a second injury, nor preclude compensation for death resulting from the second injury. If an employee having a previous disability incurs a second disability from a second injury resulting in a permanent disability caused by both the previous disability and the second injury which is materially and substantially greater than the disability that
would have resulted from the second injury alone, he shall receive compensation for (1) the entire amount of disability, including total disability, less any compensation payable or paid with respect to the previous disability, and (2) necessary medical care, as provided in this chapter, notwithstanding the fact that part of the disability was due to a previous disability. For purposes of this subsection, “compensation payable or paid with respect to the previous disability” includes compensation payable or paid pursuant to the provisions of this chapter, as well as any other compensation payable or paid in connection with the previous disability, regardless of the source of such compensation.

(b) As a condition precedent to the liability of the Second Injury Fund, the employer or its insurer shall: (1) Notify the custodian of the fund by certified mail no later than three calendar years after the date of injury or no later than ninety days after completion of payments for the first one hundred and four weeks of disability, whichever is earlier, of its intent to transfer liability for the claim to the Second Injury Fund; (2) include with the notification (A) copies of all medical reports, (B) an accounting of all benefits paid, (C) copies of all findings, awards and approved voluntary agreements, (D) the employer’s or insurer’s estimate of the reserve amount to ultimate value for the claim, (E) a two-thousand-dollar notification fee payable to the custodian to cover the fund’s costs in evaluating the claim proposed to be transferred and (F) such other material as the custodian may require. The employer by whom the employee is employed at the time of the second injury, or its insurer, shall in the first instance pay all awards of compensation and all medical expenses provided by this chapter for the first one hundred four weeks of disability. Failure on the part of the employer or an insurer to comply does not relieve the employer or insurer of its obligation to continue furnishing compensation under the provisions of this chapter. The custodian of the fund shall, by certified mail, notify a self-insured employer or an insurer, as applicable, of the rejection of the claim within ninety days after receiving the completed notification. Any claim which is not rejected pursuant to this section shall be deemed accepted, unless the custodian notifies the self-insured employer or the insurer within the ninety-day period that up to an additional ninety days is necessary to determine if the claim for transfer will be accepted. If the claim is accepted for transfer, the custodian shall file with the workers’ compensation commissioner for the district in which the claim was filed, a form indicating that the claim has been transferred to the Second Injury Fund and the date that such claim was transferred and shall refund fifteen hundred dollars of the notification fee to the self-insured employer or the insurer, as applicable. A copy of the form shall be mailed to the self-insured employer or the insurer and to the claimant. No further action by the commissioner shall be required to transfer said claim. If the custodian rejects the claim of the employer or its insurer, the question shall be submitted by certified mail within thirty days of the receipt of the notice of rejection by the employer or its insurer to the commissioner having jurisdiction, and the employer or insurer shall continue furnishing compensation until the outcome is finally decided. Claims not submitted to the commissioner within said time period shall be deemed withdrawn with prejudice. If the employer or insurer prevails, or if the custodian accepts the claim all payments made beyond the one-hundred-four-week period shall be reimbursed to the employer or insurer by the Second Injury Fund.

(c) If the second injury of an employee results in the death of the employee, and it is determined that the death would not have occurred except for a preexisting permanent
physical impairment, the employer or its insurer shall, in the first instance, pay the funeral expense described in this chapter, and shall pay death benefits as may be due for the first one hundred four weeks. The employer or its insurer may thereafter transfer liability for the death benefits to the Second Injury Fund in accordance with the procedures set forth in subsection (b) of this section.

(d) Notwithstanding the provisions of this section, no injury which occurs on or after July 1, 1995, shall serve as a basis for transfer of a claim to the Second Injury Fund under this section. All such claims shall remain the responsibility of the employer or its insurer under the provisions of this section.

(e) All claims for transfer of injuries for which the fund has been notified prior to July 1, 1995, shall be deemed withdrawn with prejudice, unless the employer or its insurer notifies the custodian of the fund by certified mail prior to October 1, 1995, of its intention to pursue transfer pursuant to the provisions of this section. No notification fee shall be required for notices submitted pursuant to this subsection. This subsection shall not apply to notices submitted prior to July 1, 1995, in response to the custodian’s request, issued on March 15, 1995, for voluntary resubmission of notices.

(f) No claim, where the custodian of the Second Injury Fund was served with a valid notice of intent to transfer under this section, shall be eligible for transfer to the Second Injury Fund unless all requirements for transfer, including payment of the one hundred and four weeks of benefits by the employer or its insurer, have been completed prior to July 1, 1999. All claims, pursuant to this section, not eligible for transfer to the fund on or before July 1, 1999, will remain the responsibility of the employer or its insurer.

(a) The commissioner shall give notice to the Treasurer of all hearing of matters which may involve payment from the Second Injury Fund, and may make an award directing the Treasurer to make payment from the fund.

(b) When an award of compensation has been made under the provisions of this chapter against an employer who fails or is unable to pay medical and surgical aid or hospital and nursing service required under this chapter or any type of compensation for disability, or both, whether for total or partial disability of a permanent or temporary
nature, death benefit, funeral expense, or any adjustment in compensation required by this chapter, and whose insurer fails or is unable to pay the compensation, such compensation shall be paid from the Second Injury Fund. The commissioner, on a finding of failure or inability to pay compensation, shall give notice to the Treasurer of the award, directing the Treasurer to make payment from the fund. Whenever liability to pay compensation is contested by the Treasurer, the Treasurer shall file with the commissioner, on or before the twenty-eighth day after he has received an order of payment from the commissioner, a notice in accordance with a form prescribed by the chairman of the Workers' Compensation Commission stating that the right to compensation is contested, the name of the claimant, the name of the employer, the date of the alleged injury or death and the specific grounds on which the right to compensation is contested. A copy of the notice shall be sent to the employee. The commissioner shall hold a hearing on such contested liability at the request of the Treasurer or the employee in accordance with the provisions of this chapter. If the Treasurer fails to file the notice contesting liability within the time prescribed in this section, the Treasurer shall be conclusively presumed to have accepted the compensability of such alleged injury or death from the Second Injury Fund and shall have no right thereafter to contest the employee’s right to receive compensation on any grounds or contest the extent of the employee’s disability.

(c) The employer and the insurer, if any, shall be liable to the state for any payments made out of the fund in accordance with this section or which the state has by award become obligated to make from the fund, together with cost of attorneys’ fees as fixed by the court. If reimbursement is not made, or a plan for payment to the fund has not been agreed to by the Treasurer and employer, within ninety days of any payment from the fund, the Attorney General shall bring a civil action, in the superior court for the judicial district where the award was made, to recover all amounts paid by the fund pursuant to the award, plus double damages together with reasonable attorney’s fees and costs as taxed by the court. Any amount paid to the Treasurer by the employer or insurer after the filing of an action, but prior to its completion, shall be subject to an interest charge of eighteen per cent per annum, calculated from the date of original payment from the fund.

(d) Any recovery made under this section, including any recovery for costs or attorney’s fees, shall be paid into the fund. Any administrative or other costs or expenses incurred by the Attorney General in connection with carrying out the purposes of this section, including the hiring of necessary employees, shall be paid from the fund. The Treasurer shall adopt regulations, in accordance with the provisions of chapter 54, which describe what constitutes a proper and sufficient “plan for payment to the fund” for the purposes of this section.

(e) Notwithstanding the provisions of subsections (a) to (d), inclusive, of this section, whenever the employer’s insurer has been determined to be insolvent, as defined in section 38a-838, payments required under this section shall be the obligation of the Connecticut Insurance Guaranty Association pursuant to the provisions of sections 38a-836 to 38a-853, inclusive.

History: 1961 act entirely replaced previous provisions; 1969 act specified benefits to be considered as "compensation"; P.A. 85-349 required the attorney general to bring a civil action for reimbursement of the payments made by the fund, and assessed an interest charge of eighteen per cent on delinquent payments; P.A. 86-35 provided (1) any recovery of moneys
pursuant to this section shall be paid into the second injury fund, (2) outside counsel may be used for reimbursement procedures and paid for from the fund, (3) the treasurer may agree to a reimbursement payment plan in lieu of civil action, and (4) payments due from an insolvent workers' compensation insurer shall be the obligation of the Connecticut Insurance Guaranty Association; P.A. 87-277 deleted provision re payment from fund of compensation for outside counsel and substituted provision re payment from fund of costs or expenses incurred by attorney general in carrying out purposes of section; P.A. 87-289 changed effective date of P.A. 87-277 from July 1, 1988 to July 1, 1987. P.A. 91-32 made technical changes, added new Subsec. (a), divided existing Subsec. (a) into Subsecs. (b) to (d), inclusive, and redesignated existing Subsec. (b) as Subsec. (e). Sec. 31-355a. Collection of moneys owed to the Second Injury Fund. Tax warrants. Lien. Foreclosure. (a) Whenever the Second Injury Fund is required, pursuant to section 31-355 or subsection (c) of section 31-349, to pay benefits or compensation mandated by the provisions of this chapter for any employer or insurer who fails or is unable to make such payments, the amount so paid by the fund shall be collectible by any means provided by law for the collection of any tax due the state of Connecticut or any subdivision thereof, including any means provided by section 12-35. Tax warrants referred to in said section 12-35 may be signed by the State Treasurer.

(b) Any such amount due shall be a lien from the due date until discharged by payment against all the property of the employer or insurer within the state, whether real or personal, except such as is exempt from execution, including debts to the employer or insurer, and a certificate of such lien without specifically describing such real or personal property, signed by the State Treasurer, may be filed in the office of the clerk of any town in which such real property is situated, or, in the case of personal property, in the office of the Secretary of the State, which lien shall be effective from the date on which it is recorded. When any such amount with respect to which a lien has been recorded under the provisions of this section has been satisfied, the State Treasurer, upon request of any interested party, shall issue a certificate discharging such lien. Any action for the foreclosure of such lien shall be brought by the Attorney General in the name of the state in the superior court for the judicial district in which the property subject to such lien is situated or, if such property is located in two or more judicial districts, in the superior court for any one such judicial district and the court may limit the time for redemption or order the sale of such property or pass such other or further decree as it judges equitable. When the property to be liened is concealed in the hands of an agent or trustee so that it cannot be found or attached, or is a debt due to the employer, the certificate of lien may be filed by leaving a copy thereof with such agent, trustee or debtor, or by mailing to him a copy thereof by registered or certified mail, and from the time of the receipt of such lien all the effects of the employer or insurer in the hands of such agent or trustee and any debt due from such debtor to the employer or insurer shall be secured in the hands of such agent, trustee or debtor to pay the amount secured by such lien. The payment by such agent, trustee or debtor to the State Treasurer shall discharge him of his
liability to the employer or insurer to the extent thereof. The State Treasurer may require such agent, trustee or debtor to disclose under oath within ten days whether he has in his hands the goods or effects of the employer or insurer or is indebted to him. If such agent, trustee or debtor fails to disclose or, having disclosed, fails to turn over such effects or pay to the State Treasurer the amount of his indebtedness to the employer or insurer, the lien shall have the effect of a judgment and the State Treasurer may proceed against him by scire facias taken out from the clerk of the superior court for the judicial district of Hartford in the manner provided in chapter 905 for scire facias against a garnishee.

contact with any culture, collection or concentration of the organisms producing any communicable disease, or who is regularly exposed to the bacteria, germs, virus or other organisms, by whatever name called, producing any communicable disease, shall be given a physical examination semiannually by the state. If any such employee is found to be infected with any such disease, contracted while in the employ of the state and during the performance of such employee’s duties, the state shall pay for all necessary medical and hospital expenses resulting from such disease and, if incapacity results, such employee shall be removed from the payroll the first day of incapacity and shall receive compensation at the rate of one-half the salary he was receiving at the time of infection. Such state employee may elect to receive, in addition to the benefits due him under this subsection, an amount which will result in his receiving his full salary or wages for the period of any accumulated sick leave, computed on an hourly basis, due him. Upon the expiration of such period of sick leave, the provisions of this subsection shall apply. All provisions of the workers’ compensation law not inconsistent herewith, including the specific indemnities and provisions for hearing and appeal, shall be available to any such state employee or the dependents of such a deceased employee. (c) If a member of the Division of State Police within the Department of Public Safety who is not subject to the federal Insurance Contributions Act for such employment becomes or became disabled on or after July 1, 1979, and (1) the disability is not compensable under the terms of subsection (a) of this section and he elects or elected to receive disability retirement benefits under the provisions of section 5-169 or section 5-192p, or (2) he elects or elected to receive such disability retirement benefits in lieu of benefits otherwise available under subsection (a) of this section, the member shall be eligible to receive benefits under the provisions of subsection (d) of this section. Notwithstanding any other provision of the general statutes, the benefits granted under subsection (d) shall be deemed to be federal Social Security disability benefits for purposes of calculating the maximum benefits available under the provisions of section 5-169 or 5-192p. Any disability Social Security benefits payable to or on behalf of such member shall also be recognized for purposes of calculating such maximum benefits. For the purposes of this subsection “disability” means any medically determinable injury or physical or mental impairment which permanently prevents the discharge of normal police functions by any member of the Division of State Police, provided the Commissioner of Public Safety cannot find a suitable position within the agency for such member. The determination as to whether a member is so disabled shall be made by the board of physicians established under section 5-169. Notwithstanding any provisions to the

(d) Commencing on May 8, 1984, or the date of disability, if later, each such disabled member of the Division of State Police within the Department of Public Safety shall receive a monthly allowance payable by the state employees retirement system, so long as the member remains so disabled, as follows: (1) To a disabled member, a monthly allowance of three hundred dollars for his lifetime; (2) if such disabled member is married, an additional monthly allowance of two hundred fifty dollars payable to the member and payable for the member’s lifetime or until the spouse’s divorce from the member; (3) if there are less than three dependent children, a monthly allowance of two hundred fifty dollars payable to the member for each child until each such child reaches the age of eighteen or until the child’s marriage if such occurs earlier; (4) if there are three or more dependent children, a monthly allowance of five hundred and seventy-five dollars payable to the member but deemed to be divided equally among them. As each such dependent child reaches the age of eighteen years, or marries, if such occurs earlier, the child’s share shall be deemed divided equally among the remaining surviving children, provided each child’s share shall not exceed two hundred fifty dollars; when the shares payable on behalf of all but one of such dependent children have ceased, the disability benefit payable on behalf of the remaining child shall be two hundred fifty dollars. These benefits shall be integrated with the benefits of section 5-169 or 5-192 as if they were federal Social Security disability benefits in order to determine the maximum benefits payable to such disabled member. These benefits shall be subject to increases as provided in subsection (e). All benefits provided under this subsection shall be discontinued at the earlier of the member’s recovery from disability or the member’s death. If a disabled member dies, the survivor benefits provided under sections 5-146 to 5-150, inclusive, shall be payable.

(e) On January 1, 1985, and annually thereafter, up to and including January 1, 1988, the benefits then being provided under subsection (d) of this section to a disabled member of the Division of State Police within the Department of Public Safety shall be increased by three per cent. Such increase shall not affect the initial level of benefits payable to a member who qualifies for such disability benefits under subsection (d) after the date of any increase under this subsection. Such benefits shall be deemed to be the cost-of-living provision of the federal Social Security disability law for purposes of calculating the maximum benefits available under the provisions of section 5-169 or 5-192.

Such information shall be verbally disclosed to each patient or shall be posted in a conspicuous place visible to patients in the practitioner’s office. The posted information shall list the therapeutic and diagnostic services in which the practitioner has an ownership or investment interest and therapeutic and diagnostic services from which the practitioner receives compensation or remuneration for referrals and state that alternate referrals will be made upon request. Sec. 20-87a. Definition of “nursing”, “advanced nursing practice” and “practical nursing”. (a) The practice of nursing by a registered nurse is defined as the process of diagnosing human responses to actual or potential health problems, providing supportive and restorative care, health counseling and teaching, case finding and referral, collaborating in the implementation of the total health care regimen, and executing the medical regimen under the direction of a licensed physician or dentist.

(b) Advanced nursing practice is defined as the performance of advanced level nursing practice activities that, by virtue of postbasic specialized education and experience, are appropriate to and may be performed by an advanced practice registered nurse. The advanced practice registered nurse performs acts of diagnosis and treatment of alterations in health status, as described in subsection (a) of this section, and shall collaborate with a physician licensed to practice medicine in this state. If practicing in (1) an institution licensed pursuant to subsection (a) of section 19a-491 as a hospital, residential care home, health care facility for the handicapped, nursing home, rest home, mental health facility, substance abuse treatment facility, infirmary operated by an educational institution for the care of students enrolled in, and faculty and staff of, such institution, or facility operated and maintained by any state agency and providing services for the prevention, diagnosis and treatment or care of human health conditions, or (2) an industrial health facility licensed pursuant to subsection (h) of section 31-374 which serves at least two thousand employees, or (3) a clinic operated by a state agency, municipality, or private nonprofit corporation, or (4) a clinic operated by any educational institution prescribed by regulations adopted pursuant to section 20-99a, the advanced practice registered nurse may, in collaboration with a physician licensed to practice medicine in this state, prescribe, dispense, and administer medical therapeutics and corrective measures. In all other settings, the advanced practice registered nurse may, in collaboration with a physician licensed to practice medicine in the state, prescribe and administer medical therapeutics and corrective measures and may dispense drugs in the form of professional samples in accordance with sections 20-14c to 20-14e, inclusive, except that an advanced practice registered nurse licensed pursuant to section 20-99a and maintaining current certification from the American Association of Nurse Anesthetists who is prescribing and administering medical therapeutics during surgery may only do so if the physician who is medically directing the prescriptive activity is physically present in the
institution, clinic or other setting where the surgery is being performed. For purposes of this subsection, “collaboration” means a mutually agreed upon relationship between an advanced practice registered nurse and a physician who is educated, trained or has relevant experience that is related to the work of such advanced practice registered nurse. The collaboration shall address a reasonable and appropriate level of consultation and referral, coverage for the patient in the absence of the advanced practice registered nurse, a method to review patient outcomes and a method of disclosure of the relationship to the patient. Relative to the exercise of prescriptive authority, the collaboration between an advanced practice registered nurse and a physician shall be in writing and shall address the level of schedule II and III controlled substances that the advanced practice registered nurse may prescribe and provide a method to review patient outcomes, including, but not limited to, the review of medical therapeutics, corrective measures, laboratory tests and other diagnostic procedures that the advanced practice registered nurse may prescribe, dispense and administer.

(c) The practice of nursing by a licensed practical nurse is defined as the performing of selected tasks and sharing of responsibility under the direction of a registered nurse or an advanced practice registered nurse and within the framework of supportive and restorative care, health counseling and teaching, case finding and referral, collaborating in the implementation of the total health care regimen and executing the medical regimen under the direction of a licensed physician or dentist.

(d) In the case of a registered or licensed practical nurse employed by a home health care agency, the practice of nursing includes, but is not limited to, executing the medical regimen under the direction of a physician licensed in a state that borders Connecticut.

Sec. 28-14. Compensation for death, disability or injury. (a) All members of any auxiliary police, auxiliary fire or other civil preparedness force shall be compensated for
death, disability or injury incurred while in training for or on civil preparedness duty under the provisions of this chapter as follows: (1) Employees of the state, municipalities or political subdivisions of the state who are members of civil preparedness forces and for whom such compensation is provided by any provision of existing law shall be construed to be acting within the scope of their employment while in training for or engaged in civil preparedness duties and shall be compensated in accordance with the provisions of chapter 568, section 5-142 or any special act concerning compensation to certain employees: Regular policemen or firemen who are members of the State Police Association or the State Firemen's Association shall be construed to be acting within the scope of their employment while in training for or engaged in civil preparedness duties and shall be entitled to all the benefits as members of said associations; (2) any persons who are engaged in regular employment apart and separate from their duties as members of civil preparedness forces and for whom such compensation is not so provided shall, while in training for or engaged in civil preparedness duty under the provisions of this chapter, be construed to be employees of the state for the purposes of chapter 568 and section 5-142 and shall be compensated by the state in accordance with the provisions of said chapter 568 and section 5-142. For the purposes of this subsection, the average weekly wage, as said term is used in said chapter 568, shall be ascertained by dividing the total wages received by the injured person from all employers during the twenty-six calendar weeks immediately preceding that in which he was injured by the number of calendar weeks during which, or any portion of which, such person was actually employed, but, in making such computation, absence for seven consecutive calendar days, though not in the same calendar week, shall be considered as absence for a calendar week. For the purpose of determining the amount of compensation to be paid in the case of a minor under the age of eighteen years who has sustained an injury entitling him to compensation for total or partial incapacity for a period of fifty-two or more weeks, or to specific indemnity for any of the injuries enumerated in section 3 l-308, fifty per cent may be added to the average weekly wage. When the injured person is a trainee or apprentice receiving a subsistence allowance from the United States because of war service, such allowance shall be added to his actual earnings in determining the average weekly wage. All claims under this subsection shall be determined according to the procedures specified in chapter 568. For the purpose of this subsection, no person shall be considered regularly employed unless his total employment previous to injury as provided above exceeds a net period of thirteen calendar weeks; (3) any member of the civil preparedness forces not covered in subdivision (1) or (2) hereof, for disability or injury incurred while in training or on civil preparedness duty under the provisions of this chapter, or his dependents in the event of his death while in such training or on such civil preparedness duty, shall be compensated by the state in such amount as is determined to be just and reasonable by the compensation commissioner for the district in which such member resides or resided, provided a claim shall be made in writing to the commissioner for the district in which the claimant resides within one year from the date of injury or death. No event shall such amount exceed the maximum payments provided in chapter 568 or be less than the minimum wage as determined by the Labor Commissioner for a period of recovery from injury to be determined by such compensation commissioner.

(b) Any sums payable under any Act of Congress or other federal program as compensation for death, disability or injury of civil preparedness workers shall be deducted from the amount payable under subsection (a) of this section.
Sec. 29-4a. Death or disability from hypertension or heart disease. Compensation. Any condition of impairment of health caused by hypertension or heart disease resulting in total or partial disability or death to a member of the Division of State Police within the Department of Public Safety who successfully passed a physical examination on entry into such service, which examination failed to reveal any evidence of such condition, shall be presumed to have been suffered in the performance of his duty and shall be compensable in accordance with the provisions of section 5-142 for a period of three months. If, at the end of that period, the administrator of the state's workers' compensation claims wishes to contest whether the disability occurred in the actual performance of police duty as defined in subsection (a) of section 5-142, he shall notify the member of his decision. The member or the employee organization may then bring the matter before the workers' compensation commissioner of the appropriate district to determine if the disability is compensable under chapter 568 or subsection (a) of section 5-142. A member who has suffered such total or partial disability shall have the right to elect to receive either (1) the compensation indicated in section 5-142, or (2) the benefits produced under chapter 568 and the state employees retirement system, but not both. The provisions of subsection (a) of section 5-142 shall apply with regard to the timing of such election.

Sec. 29-22. Volunteer auxiliary force. The Commissioner of Public Safety is authorized to recruit, train and organize a volunteer police auxiliary force for the purpose of providing emergency services throughout the state for peace-time or war-time emergencies or threatened emergencies and for augmenting the state police force in such manner as the Commissioner of Public Safety may deem appropriate. Such volunteer police auxiliary force shall at all times be under the direction of said commissioner and subject to the rules and regulations of the Division of State Police within the Department of Public Safety. The total membership of the auxiliary force shall not exceed in number twice the authorized strength prescribed in section 29-4 for the state police, and such auxiliary force may be equipped with uniforms prescribed by the commissioner and delegated special police powers for specific emergency police duties. The commissioner may, within available appropriations, provide subsistence and maintenance to the volunteer police auxiliary force when called to duty. In the event of participation in emergency services, the members of the volunteer police auxiliary force shall have the same immunities and privileges as apply to the organized militia and to the regular members of the Division of State Police. All members of the volunteer police auxiliary force shall be compensated for death, disability or injury incurred while in training for or on auxiliary state police duty under the provisions of this section as follows: (1) Employees of the state, municipalities or political subdivisions of the state who are members of the volunteer police auxiliary force and for whom such compensation is provided by any provision of existing law shall be construed to be acting within the scope of their em-
ployment while in training for or engaged in auxiliary state police duty and shall be compensated in accordance with the provisions of chapter 568 and sections 5-142 and 5-144. (2) Any persons who are engaged in regular employment apart and separate from their duties as members of the volunteer police auxiliary force and for whom such compensation is not so provided shall, while in training for or engaged in duties under the provisions of this section, be construed to be employees of the state for the purpose of chapter 568 and sections 5-142 and 5-144, and shall be compensated by the state in accordance with the provisions of said chapter and sections.

History: 1963 act clarified provisions, authorized use of auxiliary force for “peace time or war time emergencies or threatened emergencies and for augmenting the state police force ...” where previously its use was for “disasters caused by fires, explosions or floods and for such threatened disasters” and added references to compensation under Secs. 5-142 and 5-144; P.A. 77-614 made state police department a division within the department of public safety and replaced commissioner of state police with commissioner of public safety, effective January 1, 1979; P.A. 96-230 made technical change, specifying that aid to volunteer police auxiliary forces be “within available appropriations”, effective July 1, 1996.

Sec. 31-40a. (Formerly Sec. 19-48). Reports of occupational diseases and investigations concerning them. Each physician having knowledge of any person whom he believes to be suffering from poisoning from lead, phosphorus, arsenic, brass, wood alcohol or mercury or their compounds, or from anthrax or from compressed-air illness or any other disease, contracted as a result of the nature of the employment of such person, shall, within forty-eight hours, mail to the Labor Department, Department of Factory Inspection, as provided in section 31-9, a report stating the name, address and occupation of such patient, the name, address and business of his employer, the nature of the disease and such other information as may reasonably be required by said department. The department shall prepare and furnish to the physicians of this state suitable blanks for the reports herein required. No report made pursuant to the provisions of this section shall be admissible as evidence of the facts therein stated in any action at law or in any action under the Workers’ Compensation Act against any employer of such diseased person. Any physician who fails to send any report herein required or who fails to send the same within the time specified herein shall be liable to the state for a penalty of not more than ten dollars, recoverable by civil action in the name of the state by said department. The Labor Department, Department of Factory Inspection, as provided in section 31-9, is authorized to investigate and make recommendations for the elimination or prevention of occupational diseases reported to it in accordance with the provisions of this section. Said department is also authorized to study and provide advice in regard to conditions suspected of causing occupational diseases, provided information obtained upon investigations made in accordance with the provisions of this section shall not be admissible as evidence in any action at law to recover damages for personal injury or in any action under the Workers’ Compensation Act.

(1949 Rev., S. 367; P.A. 73-449, S. 2; P.A. 78-245, S. 1, 3; P.A. 79-376, S. 2.)

History: P.A. 73-449 replaced department of health with labor department, department of factory inspection; Sec. 19-48 transferred to Sec. 31-40a in 1975; P.A. 78-245 deleted provision requiring labor department to pay physicians five cents for making report; P.A. 79-376 substituted “workers’ compensation act” for “workmen’s compensation act”.

Sec. 31-40v. Establishment of safety and health committees by certain employers. (a) In order to promote health and safety in places of employment in this state, each employer of twenty-five or more employees in this state, including the state and any po-
litical subdivision of the state, and each employer whose rate of work related injury and illness exceeds the average incidence rate of all industries in this state, shall administer a safety and health committee in accordance with regulations adopted pursuant to subsection (b) of this section. For purposes of this subsection, “incidence rate” means the number of federal Occupational Safety and Health Administration recordable injuries and illnesses per one hundred full-time employees.

(b) The chairman of the Workers’ Compensation Commission, in consultation with the Labor Commissioner and in accordance with the provisions of chapter 54, shall adopt regulations to carry out the provisions of this section. The regulations shall (1) prescribe the membership of safety and health committees to ensure representation of employers and employees; (2) specify the frequency of committee meetings; (3) require employers to make, file and maintain adequate written records of each committee meeting subject to inspection by the chairman or his authorized designee; (4) require employers to compensate employee representatives at their regular hourly wage while the employee representatives are engaged in safety and health committee training or are attending committee meetings; (5) prescribe the duties and functions of safety and health committees, which shall include (A) establishing procedures for workplace safety inspections by the committee, (B) establishing procedures for investigating all safety incidents, accidents, illnesses and deaths, (C) evaluating accident and illness prevention programs, (D) establishing training programs for the identification and reduction of hazards in the workplace which damage the reproductive systems of employees, and (E) establishing training programs to assist committee members in understanding and identifying the effects of employee substance abuse on workplace accidents and safety; and (6) prescribe guidelines for the training of safety and health committee members.

(c) Notwithstanding the provisions of this section, each employer who, on July 1, 1993, has an existing health and safety program or other program determined by the chairman of the Workers’ Compensation Commission to be effective in the promotion of health and safety in the workplace, shall not be required to comply with this section. The chairman of the Workers’ Compensation Commission, in consultation with the Labor Commissioner, shall adopt regulations, in accordance with the provisions of chapter 54, establishing the criteria for evaluating such programs.

(P.A. 93-228, s. 28, 35.)

History: P.A. 93-228 effective July 1, 1993.

Sec. 31-230. Benefit year and base period. An individual’s benefit year shall commence with the beginning of the week with respect to which he has filed a valid initiating claim and shall continue through the Saturday of the fifty-first week following the week in which it commenced, provided no benefit year shall end until after the end of the third complete calendar quarter, plus the remainder of any uncompleted calendar week which began in such quarter, following the calendar quarter in which it commenced, and provided further, the benefit year of a claimant who has filed a combined wage claim, as described in subsection (b) of section 31-255, shall be the benefit year prescribed by the law of the paying state. In no event shall a benefit year be established before the termination of an existing benefit year previously established under the provisions of this chapter. The base period of a benefit year shall be the first four of the five
most recently completed calendar quarters prior to such benefit year, provided such quarters were not previously used to establish a prior valid benefit year and provided further, the base period with respect to a combined wage claim, as described in subsection (b) of section 31-255, shall be the base period of the paying state, except that for any individual who is eligible to receive or is receiving workers' compensation or who is properly absent from work under the terms of his employer's sick leave or disability leave policy, the base period shall be the first four of the five most recently worked quarters prior to such benefit year, provided such quarters were not previously used to establish a prior valid benefit year and provided further, the last most recently worked calendar quarter is no more than twelve calendar quarters prior to the date such individual makes his initiating claim. As used in this section, an initiating claim shall be deemed valid if the claimant is unemployed and meets the requirements of subsections (1) and (3) of section 31-235. The base period of an individual's benefit year shall include wages paid by any nonprofit organization electing reimbursement in lieu of contributions, or by the state and by any town, city or other political or governmental subdivision of or in this state or of any municipality to such person with respect to whom such employer is subject to the provisions of this chapter. With respect to weeks of unemployment beginning on or after January 1, 1978, wages for insured work shall include wages paid for previously uncovered services. For purposes of this section, the term "previously uncovered services" means services (A) which were not employment as defined in section 31-222, and were not services covered pursuant to section 31-223, at any time during the one-year period ending December 31, 1975; and (B) which (i) are agricultural labor as defined in section 31-222(a)(1)(H), or domestic service as defined in section 31-222(a)(1)(J), or (ii) are services performed by an employee of this state or a political subdivision thereof, as provided in section 31-222(a)(1)(C) or by an employee of a nonprofit educational institution which is not an institution of higher education, as provided in section 31-222(a)(1)(E)(iii), except to the extent that assistance under Title II of the Emergency Jobs and Unemployment Assistance Act of 1974 was paid on the basis of such services.

History: 1969 act made minor wording changes for clarity; 1971 act added reference to "governmental" subdivisions and included wages paid by nonprofit organizations electing reimbursement in lieu of contributions; P.A. 73-78 clarified continuation of benefit year as "through the Saturday of the fifty-first week following the week in which it commenced" and prohibited establishment of new benefit year before termination of existing benefit year; P.A. 75-334 added exception re benefit year base period for those eligible to receive or receiving worker's compensation; P.A. 75-525 required that benefit year and benefit period of claimant's filing combined claim be that prescribed by paying state; P.A. 77-115 required that last most recently worked quarter be no more than twelve, rather than four, quarters before claim made in provision re those receiving or eligible to receive worker's compensation; P.A. 77-426 added provisions re weeks of unemployment beginning on and after January 1, 1978; P.A. 79-40 excluded use of quarters used previously to establish prior benefit year in establishing base period for subsequent benefit year; P.A. 79-376 substituted "workers" for "workmen's" compensation; P.A. 83-421 provided that, for any individual who is properly absent from work under the terms of his employer's sick leave or disability leave policy, the base period shall be the first four of the five most recently worked quarters prior to the benefit year; (Revisor's note: In 1991 the reference to "this subsection" was changed editorially by the Revisor to read "this section").

Section is constitutional; does not impair vested rights. 137 C. 129. Workers' compensation benefits do not qualify as "wages" within meaning of Sec. 31-222(b)(1) and therefore could not be used to determine the base period of a benefit year under the section. 239 C. 233.

Sec. 31-258. Repayment of benefits on receipt of workers' compensation. Any person who has drawn benefits under this chapter who subsequently receives compensi-
tion for temporary disability under a workers’ compensation law with respect to the same period for which he has drawn unemployment compensation benefits shall be liable to repay to the administrator the sum so received under this chapter, provided the amount which he is liable to repay shall not exceed the amount received under the workers’ compensation law. If such person does not repay the sum at that time, such sum may be offset by the administrator against any future claims for benefits which such person may have.

(1955, S. 3083d; P.A. 79-376, S. 33.)

History: P.A. 79-376 replaced “work men’s compensation” with “workers’ compensation”.

Sec. 37-3a. Rate recoverable as damages. Except as provided in sections 37-3b, 37-3c and 52-192a, interest at the rate of ten per cent a year, and no more, may be recovered and allowed in civil actions or arbitration proceedings under chapter 909, including actions to recover money loaned at a greater rate, as damages for the detention of money after it becomes payable. Judgment may be given for the recovery of taxes assessed and paid upon the loan, and the insurance upon the estate mortgaged to secure the loan, whenever the borrower has agreed in writing to pay such taxes or insurance or both. Whenever the maker of any contract is a resident of another state or the mortgage security is located in another state, any obligee or holder of such contract, residing in this state, may lawfully recover any agreed rate of interest or damages on such contract until it is fully performed, not exceeding the legal rate of interest in the state where such contract purports to have been made or such mortgage security is located.

History: P.A. 76-316 added exception as provided in Sec. 52-192a; P.A. 79-364 applied section to arbitration proceedings; P.A. 81-315 added reference to Sec. 37-3b as an exception to this section; P.A. 83-267 increased rate of interest from eight to ten per cent; P.A. 87-260 added reference to Sec. 37-3c as an exception to this section; May Sp. Sess. P.A. 92-11 deleted exception re recovery of interest with respect to demand obligations as provided in repealed Sec. 42a-122(j).

Sec. 38a-470. (Formerly Sec. 38-174n). Lien on workers' compensation awards for insurers. Notice of lien. (a) For purposes of this section, "controverted claim" means any claim in which compensation is denied either in whole or in part by the workers' compensation carrier or the employer, if self-insured.

(b) Any insurer, hospital or medical service corporation, health care center or employee welfare benefit plan which furnished benefits or services under a health insurance policy or a self-insured employee welfare benefit plan to any person suffering an injury or illness covered by the Workers' Compensation Act has a lien on the proceeds of any award or approval of any compromise made by a workers' compensation commissioner less attorneys' fees approved by the district commissioner and reasonable costs related to the proceeding, to the extent of benefits paid or services provided for the effects of the injury or illness arising out of and in the course of employment as a result of a controverted claim, provided such plan, policy or contract provides for reduction, exclusion, or coordination of benefits of the policy or plan on account of workers' compensation benefits.

(c) The lien shall arise at the time such benefits are paid or such services are rendered. The person or entity furnishing such benefits or services shall serve written notice upon the employee, the insurance company providing workers' compensation benefits or the employer, if self-insured, and the workers' compensation commissioner for the district in which the claim for workers' compensation has been filed, setting forth the nature and extent of the lien allowable under subsection (b). The lien shall be effective against any workers' compensation award made after the notice is received.

(d) The written notice shall be served upon the employee at his last known address, the insurance company at its principal place of business in this state or the employer, if self-insured, at its principal place of business, and the workers' compensation commissioner, at the district office. proceed may move for nolluit or default as appropriate. During the pendency of the appeal
any workers' compensation benefits due shall be paid into the court in accordance with
the rules relating to interpleader actions.

The group shall notify the Commissioner and Chairman of the Workers’ Compensation Commission of a termination or cancellation of a member within ten days and shall maintain coverage of each cancelled or terminated member for thirty days after notice, at the terminating member’s expense, unless the group is notified sooner by the Workers’ Compensation Commission that the cancelled or terminated member has procured workers’ compensation insurance, has become an approved self-insurer or has become a member of another group.

(c) The group shall pay all workers’ compensation benefits for which each member incurs liability during its period of membership. A member who elects to terminate its membership or is cancelled by a group remains jointly and severally liable for workers’ compensation obligations of the group and its members which were incurred during the cancelled or terminated member’s period of membership.

(d) A group member shall not be relieved of its workers’ compensation liabilities incurred during its period of membership except through payment by the group or the member of required workers’ compensation benefits.

(1949 Rev., S. 7648; P.A. 77-256; S. 1, 2; P.A. 78-280, S. 80, 127.)

History: P.A. 77-256 authorized issuance of subpoenas and subpoenas duces tecum and added provision re application for order compelling obedience where person disobeys subpoena or fails to answer questions, etc., P.A. 78-280 required that application for order compelling obedience be made to superior court rather than to court of common pleas, fulfilling requirements of P.A. 76-436 which transferred functions of common pleas court to superior court.

The deposition may be received in evidence at the trial or hearing of the civil action, workers' compensation matter or probate proceeding in lieu of the appearance of the witness in court or at the hearing. The deposition may be taken by stenographic means, videotape or in such other manner as may be provided by rule of court of the commission commissioners.

(b) Whenever the deposition of a physician, psychologist, chiropractor, naturopathic physician or dentist is so taken, the party requesting the deposition shall pay to the medical expert the fee for giving testimony for the deposition.

Notice of the application shall be served on the adverse party in the same manner as any other pleading. (b) In all actions for the recovery of damages for personal injuries or death, pending on October 1, 1977, or brought thereafter, and in all court proceedings in family relations matters, as defined in section 46b-1, or in the Family Support Magistrate Division, pending on October 1, 1998, or brought thereafter, any party offering in evidence a signed report and bill for treatment of any treating physician, dentist, chiropractor, natureopath, physical therapist, podiatrist, psychologist, emergency medical technician or optometrist may have the report and bill admitted into evidence as a business entry and it shall be presumed that the signature on the report is that of the treating physician, dentist, chiropractor, natureopath, physical therapist, podiatrist, psychologist, emergency medical technician or optometrist and that the report and bill were made in the ordinary course of business. The use of any such report or bill in lieu of the testimony of such treating physician, dentist, chiropractor, natureopath, physical therapist, podiatrist, psychologist, emergency medical technician or optometrist shall not give rise to any adverse inference concerning the testimony or lack of testimony of such treating physician, dentist, chiropractor, natureopath, physical therapist, podiatrist, psychologist, emergency medical technician or optometrist.
(c) This section shall not be construed as prohibiting either party or the court from calling the treating physician, dentist, chiropractor, naturopath, physical therapist, podiatrist, psychologist, emergency medical technician or optometrist as a witness.

(a) by deleting provisions stating that the section shall be applicable to actions "pending on October 1, 1972, or which are thereafter brought", designated the last sentence of Subsec. (b) as a new Subsec. (c), and made minor technical changes to the section; P.A. 89-453 amended Subsec. (b) to add provision that the use of any report or bill in lieu of the testimony of a treating health care provider shall not give rise to any adverse inference re testimony or lack of testimony of such treating health care provider; P.A. 94-158 applied provisions to psychologists, emergency medical technicians and optometrists; P.A. 95-42 applied provisions to physical therapists; P.A. 98-81 amended Subsec. Section 31-40v of the general statutes “Establishment of safety and health committees by certain employers” requires that every covered employer administer a safety and health committee to promote health and safety in places of employment in this state. The purpose of this regulation is to specify rules for establishing and administering committees which will bring employers and employees together in a non-adversarial, cooperative, and effective effort to promote safety and health at each work site.

(Effective May 22, 1995)

Sec. 31-40v-2. Definitions.

For the purpose of sections 31-40v-1 through 31-40v-11, inclusive:

(b) “Chairman” means the chairman of the Connecticut Workers’ Compensation Commission or his designated agent.

(c) “Employee” means a person engaged in service to an employer in a business of his employer.

(d) “Employer” means a person engaged in business who has employees, including the State of Connecticut and any political subdivision thereof.

(b) In determining employment levels under sections 31-40v-1 to 31-40v-11, inclusive, of these regulations, the employer shall count all regular employees excluding temporary and seasonal workers under the employer’s direction and control.

(Effective May 22, 1995)

(d) Reasonable efforts shall be made to ensure that committee members are representative of the major work activities at the work site.

(e) An employer need not provide a safety and health committee where the employees do not primarily report to or work at a fixed location and at work sites where less than 25 employees are employed. In such situations, a single centralized committee may represent the safety and health concerns of covered employees.

(Effective May 22, 1995)

Where detailed reports are requested or indicated, requiring a significant expenditure of time by the attending physician, a reasonable additional charge for such time will be appropriate.

(c) It shall be the duty of the attending physician, without specific request, to keep the employer or insurance carrier advised of any significant development in the course of his treatment, such as the attainment of maximum medical improvement, a hospital admission, a surgical procedure, a failure to accept indicated treatment or to keep scheduled appointments, or an ability to return to gainful employment.

(d) Upon reasonable notice, an attending physician will make himself available as a witness in hearings before a compensation commissioner, for which appearance he will be entitled to be paid a reasonable fee by the party requesting his attendance, subject to the pertinent provisions of law.

(e) All charges for medical, surgical, hospital and nursing services, except those for expert testimony, shall be solely the responsibility of the employer or carrier, and no claim will be made against the injured employee for all or part of a fee.

(f) It will be considered professionally reprehensible for a physician to refuse to send out his patient’s medical report to a party properly entitled because his medical bill for services rendered has not been paid up to that time.

(g) Violation of these regulations shall constitute sufficient cause for a removal from the approved list of physicians maintained by the board of compensation commissioners.

employees shall include provision for plan providers to evaluate the capacity of injured
employees of such employers to return to their most recent employment, with or without
modification, or to another position with their employer. Such providers shall indicate
any limitations on the ability of such employees to perform work related tasks.

(e) Each medical care plan shall include provision for both a service utilization re-
view providing a method to evaluate the necessity and appropriateness of medical and
health care services recommended by a provider, and a means of dispute resolution if
payment for such medical and health care services is denied. Such service utilization
review and dispute resolution shall include, at a minimum, the following review and
appeal procedures:

(1) Initiation of a review by any one or more of the following parties: the employee,
the provider, the employer, or the medical care plan itself, either directly or through a
utilization review contractor. If a party other than the plan initiates the review, such party
shall supply to the plan all information in its possession which is relevant to the review.
The plan may also request such information as it deems necessary to conduct the review.

(2) Upon receipt of all proffered and requested information, the plan shall review
such recommended treatment, utilizing written clinical criteria which have been estab-
lished by the plan and periodically evaluated by appropriate providers of medical and
health care services required under Chapter 568 of the Connecticut General Statutes.

(3) Not more than two (2) business days after receipt of all such information, the plan

name and telephone number of the person to contact with regard to an appeal. The pro-
vider and the employee shall also be provided with a copy of the written review and ap-
peal procedures.

(4) The provider or the employee may, within fifteen (15) days of the written notice
of determination, notify the plan of his or her intent to appeal a determination to deny
payment for the recommended treatment.

(5) Upon such appeal, the plan shall provide, at the request of the employee or pro-
vider, a practitioner in a specialty relating to the employee's condition for the purpose of
reviewing the plan's initial decision.

(6) Within fifteen (15) days of the request for such review and submission of any
further documentation regarding the review, the reviewing practitioner shall submit his
opinion regarding such recommended treatment to the medical director of the medical
care plan who shall, within fifteen (15) days thereafter, render a written decision re-
garding such treatment.

(7) The employee, the provider or the employer may request a further review of the
medical director's written decision; such request for further review shall be in writing
and shall be submitted to the chief executive officer of the medical care plan within fif-
teen (15) days of the medical director's written decision. The party requesting further
review shall have an opportunity for a hearing if such party requests it in writing and may, at such party’s expense, produce whatever written support or oral testimony it wishes at any such hearing. Such hearing shall be conducted within fifteen (15) days of the written request therefor. The chief executive officer of the medical care plan shall make any final determination of such request for further review and may utilize an advisory committee to assist him in his determination. The chief executive officer shall issue a final written decision on the request for further review as soon as practical but, in any event, within thirty (30) days of the later of the date of submission of the written request for such review or the date of conclusion of the hearing requested as part of such review.

(8) In the case of an emergency condition, an employee or his representative shall be provided a minimum of twenty-four (24) hours following an admission, service or procedure to request certification and continuing treatment for that emergency condition before a utilization determination is made. If a determination is made not to provide such continuing treatment and the employee or his representative, the provider, or the employer requests a review of such determination, an expedited review shall be conducted by the medical director and a final decision rendered within two (2) days of the request for review.

(f) The necessity and appropriateness of medical and health care services recommended by providers of a medical care plan shall not be subject to review by a Workers’ Compensation Commissioner until the plan’s utilization review and dispute resolution review and appeal procedures, as described in subsection (e) have been exhausted. The decision of the chief executive officer of the plan relating to payment for such medical and health care services shall be subject to modification only upon showing that it was unreasonable, arbitrary or capricious.

(g) Each medical care plan shall include a quarterly report to the Chairman describing the result and number of appeals processed pursuant to the utilization review and dispute resolution review and appeal procedure set forth in subsection (e).

(h) The service utilization review and dispute resolution review and appeal procedures of subsection (e) shall, at a minimum, satisfy the following standards:

Physicians making utilization review recommendations and decisions shall hold current and valid licenses in the State of Connecticut.

(2) Utilization review staff shall be generally available by toll-free telephone, at least forty hours per week during regular business hours.

(3) Each utilization review professional shall comply with all applicable state and federal laws to protect the confidentiality of individual medical records; summary and aggregate data shall not be considered confidential if it does not provide sufficient information to allow identification of individual patients.

(4) All hospitals which are plan providers shall permit licensed utilization review professionals to conduct reviews on the premises. Each utilization review professional shall conduct its telephone and on-site information gathering reviews and hospital com-
munications during the hospitals’ reasonable and normal business hours, unless otherwise mutually agreed. Utilization review professionals shall identify themselves by name and by the name of their organization, if any, and, for on-site reviews, shall carry picture identification.

(5) The provider being reviewed shall provide to each utilization review professional, within a reasonable period of time, all relevant information necessary for the utilization review professional to certify the admission, procedure, treatment or length of stay. Failure of the provider to provide such documentation for review shall be grounds for denial of certification in accordance with the policy of the utilization review organization or medical care plan.

(6) No utilization review professional may receive any financial incentive based on the number of denials of certification made by such professional.

(7) Any medical care plan which engages directly in utilization review and any utilization review contractor which performs utilization review on behalf of a medical care plan shall, according to law, be licensed by the Commissioner of Insurance as a utilization review company.

(i) Each medical care plan shall include a procedure for reporting information annually which provides, at a minimum, the following:

(1) data comparing employees treated under the medical care plan with employees treated outside the medical care plan, either because their illnesses or injuries were incurred before the effective date of such plan or because they exercised their right to select their own providers outside the plan, and such comparisons shall be made in terms of:

(A) type of care;
(B) volume of care;
(C) cost of care; and
(D) lost time days per employee.

(2) the number of employees who began their treatment under the plan but subsequently sought treatment outside the plan, such data to be expressed both in absolute numbers and as a percentage of the average employee plan population.

(j) Medical care plans may include, as a means of reducing service costs and utilization, the use of appropriate employees or designated contract providers as care managers or coordinators; such care managers or coordinators shall be licensed, as required by law and as provided in subsection (h) of this regulation and may have the following duties:

(1) To assist employees in obtaining initial treatment and subsequent referrals to providers of medical and health care services within the plan.
(2) To monitor the employee’s progress under the treatment plan designed for that employee and make suggested changes or modifications in such treatment plan in the interests of quality care and cost-effective delivery of such quality care.

(3) To communicate appropriately with the employer, insurer, self-insurance service organization or other claim administrator with respect to the employee’s medical and health care treatment and recommended payment therefor.

(k) Nothing in this section is intended to prohibit an employer from providing more than one medical care plan for its employees, either directly or through an insurer, mutual employer association, self-insurance service organization or other sponsoring organization.

(E) Job placement
(F) Post-placement follow-up

(Effective October 18, 1995)

Sec. 31-283a-2. Vocational rehabilitation benefit eligibility.

As provided in Section 31-283a of the general statutes, a disabled employee may be eligible for vocational rehabilitation benefits, provided the Chairman or his designee finds that:

(1) The employee, employer, insurance carrier, physician, Commissioner, or other interested party has requested vocational rehabilitation services by completing and filing an application signed by the applicant for vocational rehabilitation benefits with the Chairman or his designee.

(2) There exists a permanent impairment which substantially disables the employee for a significant period of time from performing the worker’s most recent or customary
type of work and that such permanent impairment is a direct result of an injury found to be compensable under Chapter 568 of the general statutes by a Commissioner, a voluntary agreement, an award; or in lieu of those, a stipulation approved by a Commissioner.

(Effective October 18, 1995)

Sec. 31-283a-3. Vocational rehabilitation programs and benefits provided to eligible employees.

(a) Vocational evaluation. Each employee may be evaluated to determine the need and/or type of rehabilitation services which may be provided. This evaluation may include a summary of physical, psychological, intellectual capabilities and limitations, a work accommodation analysis, work history, education, inventories of transferable skills and vocational interests, and all other data pertinent to the individual’s vocational capabilities.

(b) Employment capabilities determination. Following vocational evaluation, the Chairman or his designee shall determine whether:

1. The employee has the capacity to return to his or her customary or most recent work. In this case all services will be terminated.

2. The employee has the capacity to return to his or her customary or most recent work provided job modifications are effected. In this case the Commission will assist the employee in obtaining suitably modified employment.

3. The employee possesses adequate vocational skills to obtain other employment. In this case the Commission will assist the employee in obtaining suitable employment.

5. The employee’s medically documented residual capacities present a reasonable expectation of successful completion of a program of vocational rehabilitation including but not limited to reemployment by the same employer in a different capacity, on-the-job training, or vocational education for a new occupation. In this case the Chairman or his designee will provide an appropriate program.

6. The employee lacks sufficient transferable skills to function adequately within the labor market to which the employee is most likely to be exposed. In this case the Chairman or his designee will provide an appropriate program.

7. Accommodation of the employee’s vocational goals would not require modification of the policies, practices and procedures of the rehabilitation program such that it would cause a fundamental alteration of the nature of the services offered thereunder.
(c) **Determination of employment objective.** The Chairman or his designee shall determine which of the following employment objectives is the most feasible in each case:

(1) Reemployment by the same employer with appropriate job modification.

(2) Reemployment by the same employer after the employee has received vocational rehabilitation services.

(3) Reemployment in the competitive labor market with other than the original employer in a job after the employee has received vocational rehabilitation services.

(d) **Establishment and structure of vocational rehabilitation plan.** The Chairman or his designee will prepare an individual rehabilitation plan and trainee program manual for each disabled employee whose determined employment objective will require the disbursement of funds. Such plan shall be approved by the Chairman or his designee and contain the following data:

(1) Employment objective;

(2) Proposed beginning and ending dates;

(3) Program content;

(4) Program source;

(5) Special conditions upon which the program is based;

(6) All other data including the cost effective factors as may be required by the Chairman or his designee;

(7) Total estimated program cost;

(8) Program approval as evidenced by the signatures of the injured employee, counseling coordinator, and the Chairman or his designee. No commitment of funds shall be effected or disbursement made in the absence of these approvals.

(e) **Job placement.** The Chairman or his designee will provide appropriate services for each eligible employee for whom reemployment is proposed. These may include, but are not limited to, the following:

(1) Formal training in job seeking skills;

(2) Job market research and assessment;

(3) Job accommodation analysis;

(4) Job placement assistance as appropriate or through other agencies both public and private;

(5) Post-placement follow-up to assess the employee’s successful reentry into the labor market.
(f) **Vocational counseling.** The Chairman or his designee shall provide appropriate individual counseling and rehabilitation services to each eligible employee in a timely manner.

(Effective October 18, 1995)

**Sec. 31-283a-4. Rehabilitation allowance payments.**

(a) **Eligibility.** The Chairman or his designee may provide to each person for whom a vocational rehabilitation plan has been approved, timely allowances for basic living expenses of the employee while engaged in a full-time vocational training program under the rehabilitation program’s sponsorship, provided:

1. The employee is not receiving or eligible to receive any benefits provided by Chapter 568 of the general statutes, is not receiving or eligible to receive other benefits such as, but not limited to, unemployment compensation or social security disability benefits.

2. The employee is engaged in a training program described by a vocational rehabilitation plan requiring the trainee to be present at the place of instruction at least 25 scheduled hours, or at a college level program consisting of a course load of no less than 12 credit hours required and earned per semester, or no less than six credit hours required and earned during the summer.

3. The trainee is adhering to the specific terms of the plan and trainee manual and is providing timely and accurate information as to training progress, performance, and attendance, as required by the Chairman or his designee.

(b) **Schedule of payments.** The Workers’ Compensation Commission may pay vocational rehabilitation allowances to eligible trainees in accordance with the following:

1. The allowance paid each trainee shall be a percentage of the benefits which the trainee would receive for the same period if eligible for compensation provided in Section 31-307, 31-307a, 31-308(a), or 31-308a of the general statutes; which percentage shall be established at least annually by the Chairman or his designee. An additional allowance includes travel expenses from the employee’s home to the training facility and return.

2. Each trainee’s starting date and payment amount shall be approved by a Workers’ Compensation Commissioner and submitted to the Chairman or his designee on an authorization for rehabilitation allowance.

3. Payments will be made at two-week intervals, upon completion and submission to the Chairman or his designee of a claim for payment of rehabilitation allowance, at the end of each period.

(c) **Termination of payments.** The Workers’ Compensation Commission shall cease to pay vocational rehabilitation allowances to any person whose training under the plan has been concluded. If payments are terminated for reasons other than scheduled expira-
tion of the trainee’s vocational rehabilitation plan, written notice of termination and the reason therefor shall be provided to the employee by the Chairman or his designee.

(Effective October 18, 1995)

Sec. 31-283a-5. Discontinuance of benefits.

(a) Maintenance of benefits. The trainee shall complete each approved vocational rehabilitation plan unless the Chairman or his designee shall find one or more of the following conditions to exist:

(1) Absences from training exceed ten percent (10%) of the scheduled instruction time for a period; being one semester or one module (a single course or unit of instruction as defined by the training school’s course description).

(2) Performance is determined to be substandard, as evidenced by a grade report, transcript, or training progress report form received from the training provider.

(3) The Commission is informed by written statement from the training provider that the trainee’s conduct at the training site fails to meet minimum standards as established by the training site’s written policy.

(4) Trainee has willfully submitted false claims, reports or statements to the Workers’ Compensation Commission.

(5) Any combination of the preceding conditions as a result of which the program no longer offers a reasonable expectation of successful conclusion.

(b) Procedure for vocational rehabilitation plan termination. Except for those plans terminated for reasons stated in subdivision (5) of subsection (a) of this section, no plan may be terminated except in accordance with the following procedure:

(1) The trainee shall be given written warning specifying why his or her conduct, performance or attendance record is unacceptable, and that failure to correct the deficiency shall result in his/her termination from the program.

(2) If the deficiency set forth in the warning notice has not been corrected within 30 days, or such other time specified therein, he/she shall be withdrawn from the program.

(Effective October 18, 1995)

Sec. 31-283a-6. Contested vocational rehabilitation cases. Appeal process.

(a) Notice of appeal. Any person having made application for vocational rehabilitation benefits and aggrieved by action of the Workers’ Compensation Commission in withholding or providing benefits, and having been unable to effect resolution through informal discussion, shall be afforded an opportunity for hearing upon submission of a written notice of appeal to the Chairman or his designee. This notice shall include but not necessarily be limited to the following:
(1) The specific nature of the grievance;

(2) The remedy sought;

(3) Acceptable alternative remedies, if any.

(b) Appeal procedure. Upon receipt of a notice of appeal as provided in subsection (a) of this section the Chairman or his designee shall initiate the following appeal procedure:

(1) Within fifteen (15) days of receipt of a notice of appeal, an informal conference will be scheduled with the grievant, at a mutually acceptable time and place, for the purposes of effecting a remedy acceptable to both parties.

(2) If the informal conference does not result in resolution of the issue within 15 days, the grievant will be so informed in writing. The grievant may further pursue a remedy by submitting a written request for a hearing to the Chairman or his designee.

(3) The Chairman or his designee shall, not more than 30 days following receipt of the request for hearing, notify the employee of the time and place selected for the hearing.

(4) The Chairman shall conduct the hearing, accepting all relevant evidence, both oral and written.

(5) Within 30 days of the conclusion of the hearing, the Chairman shall render his written decision notifying the grievant of what remedial action, if any, the Workers' Compensation Commission is prepared to implement.

(6) The Chairman's final decision shall be binding and shall not be appealable.

(a) Application Filing. An employer who seeks exemption from insuring its risk under the Workers’ Compensation Act shall apply to the Chairman of the commission or his designee for the privilege of becoming an individual self-insurer. An employer who is approved to self-insure agrees to meet by cash payments, all obligations incurred by it under the Act as such become due and payable. An employer who is approved to self-insure is subject to the Commission’s rules and regulations as adopted or amended and subject to the Commission’s full right and authority to prescribe new and additional rules and regulations. The Commission’s authority and its rules and regulations pertaining to self-insurance shall continue to apply to all employers previously self-insured until all liabilities incurred while self-insured have been fully discharged.

A certificate of self-insurance applies only to the applicant and its affiliated businesses or subsidiaries included in the application. Other affiliates or subsidiaries may be included under a self-insurer’s certificate in the future upon the approval of the Chairman or his designee.

(Effective October 1, 1996)

Sec. 31-284-3. Partial self-insurance.

An employer may be approved by the Chairman to self-insure the operations of one or more separately incorporated and independently managed business units and insure the remainder with an insurance carrier if it can show that there will be a clear distinction between the insured and self-insured portions of the employer’s liabilities. The separation of operations and payroll shall be clear. The insured portions shall be identified by name, locations, carrier, policy number, and coverage dates. If a dispute arises as to responsibility for payment, the employer shall assume full financial responsibility to im-
mediate all payments to the injured employee without waiting for the dispute to be settled.

(Effective October 1, 1996)

Sec. 31-284-4. Delayed start-up.

If an employer has not implemented its self-insurance program within the first six (6) months following the Chairman or his designee's approval, the approval shall be void, thus requiring a new application to be filed for approval.

(Effective October 1, 1996)

Sec. 31-284-5. Decisions of the commission.

The Chairman or his designee may deny an application, or revoke a certificate of self-insurance if the employer does not have sufficient assets, net worth, or liquidity to meet its obligations, or any component of a proposed or existing self-insurance program does not meet the standards set by the Chairman or his designee.

(B) Acceptable levels of long term debt; and

(C) Established record of financial stability and solvency.

The request for reconsideration shall be submitted in writing and be received by the Chairman or his designee no later than 30 days after the notice of the Commission’s determination.

(Effective October 1, 1996)

Sec. 31-284-8. Security requirements.

As a condition of self-insurance, employers shall post and maintain a security deposit for the certificate period in a form and amount approved by the Chairman or his designee, unless waived by the Chairman or his designee. All self-insurers shall execute a security deposit agreement as part of the application process. If approved, an applicant shall post a security deposit in accordance with the security deposit agreement. Security shall be provided in the form of a surety bond, an irrevocable funded trust, an irrevocable letter of credit, or cash deposit.

(1) Surety bonds shall be issued on the prescribed form. Bonds shall not be released until either a new bond is executed which fully replaces and assumes the liabilities of the previous bond or until all obligations have been fully discharged under a terminated self-insurance program.

(2) Irrevocable funded trusts may be used as a security deposit. The fund’s trustee is required to report the fund’s assets, market value, and investment activity on a periodic basis. Interest or dividends shall accumulate to the trust. Trust assets may not be transferred or reverted back to the employer unless amounts in excess of sufficient funding needs are approved by the Chairman or his designee.

(3) Irrevocable letters of credit and/or cash deposits may be accepted only at the discretion and approval of the Chairman or his designee. Letters of credit shall renew automatically, have a minimum sixty (60) day cancellation by certified mail, and not be subject to any conditions by the bank or contingent upon reimbursement. Letters shall be issued on the prescribed forms and issued by an acceptable bank with a branch office or confirming bank in Connecticut. Any outstanding liabilities under a letter shall be secured with a surety bond at least ten (10) days before any cancellation takes effect or the letter will be drawn on and the monies deposited to an account under the State’s control. Cash deposits shall be made to a custodial account with the State or an approved depository institution. The account shall be assigned to the State by the employer to secure the payment of the employer’s obligations under the Act.

(4) Funds held by the State as security shall be accompanied by appropriate legal instruments which designate their use solely for payment of workers’ compensation ob-
llications, and effectively assign right, title, and interest in such funds to the State. No judgment creditors, other than claimants entitled to benefits under the Act, have a right to levy upon any of a self-insurer's security deposits made under this regulation.

(Effective October 1, 1996)

Sec. 31-284-9. Guarantee of liabilities.

Each subsidiary or affiliate company shall provide a guarantee by the parent corporation for payment of benefits under the Act with an accompanying authorization resolution. The form and substance of such guarantee shall be approved by the Chairman or his designee. Separate legal entities may be self-insured under one certificate only if they are majority-owned subsidiaries or if the same person or group of persons owns a majority interest in such entities. An agreement jointly and severally binding each entity for the liability created under the approval shall be executed in a form acceptable to the Chairman or his designee. Execution of a Guarantee of Liabilities shall not reduce the amount of required security.

(Effective October 1, 1996)

Sec. 31-284-10. Excess insurance.

(a) Excess insurance shall be maintained by each self-insurer unless waived by the Chairman or his designee.

(b) Excess insurance shall be issued by an insurance carrier permitted to write workers' compensation insurance in the State of Connecticut. The Chairman shall approve the issuing carrier, coverage language, upper limits, and retained amounts of the policy. Thirty (30) days advance notice to the Chairman or his designee is required for cancellation.

(c) Failure to maintain said coverage will be grounds for automatic revocation of a self-insurance certificate.

(Effective October 1, 1996)

Sec. 31-284-11. Reporting requirements.

(a) Financial Reports. Initial applications shall be accompanied by the three (3) proceeding fiscal years' independently audited financial reports. Renewal applicants shall submit the latest available fiscal year-end audited financial reports. Current self-insurers shall submit audited financial year-end reports within thirty (30) days of availability.

1) If the latest audited financial statement is more than six (6) months old, the corporate treasurer, partner, or proprietor, shall file an affidavit stating that there has been no significant deterioration in the financial condition of the applicant.
(2) If there has been a material adverse change since the date of the audited financial report, an explanation from the company treasurer shall be attached or a new statement prepared and submitted.

(b) Interim reports may be requested by the Chairman or his designee when the financial strength of the employer is at question as determined by the Chairman or his designee.

(c) All applicants shall provide a description of the primary and secondary sources of funds for the payment of claims.

(Effective October 1, 1996)

Sec. 31-284-12. Claims reporting requirements.

Self-insurers shall maintain true and accurate loss records. All self-insurance applicants and self-insurers shall report loss information. Losses shall be reported at least annually at the time of renewal, but more frequent reports may be required.

(Effective October 1, 1996)

Sec. 31-284-13. Reserves.

All self-insurers are required to evaluate and maintain adequate records of the future liability of all claims incurred under its self-insurance program. Future liabilities shall represent the probable total cost of compensation over the life of each claim, based on all available information at the valuation date for the period of time covered by the annual report. Reserves shall be reported at least annually at the time of renewal, more frequent reports, however, may be required.

(Effective October 1, 1996)

Sec. 31-284-14. Additional reporting requirements.

(a) The Chairman or his designee shall be notified within ten (10) days by certified mail of any bankruptcy filing by a current or former self-insurer.

(b) If there is a change in the majority ownership of the self-insurer, through sale, merger, or corporate restructuring, the self-insurance certification shall automatically terminate and the employer shall reapply in order to continue self-insurance. The Chairman or his designee may extend termination of the self-insurance certification to allow for filing. In some cases, it may be possible to amend and transfer an existing certificate without a new application.

(Effective October 1, 1996)
Sec. 31-284-15. Renewal applications.

(a) Renewal applications are to be submitted sixty (60) days prior to the expiration of the current certificate of self-insurance. The application is to be completed in full and accompanied by:

(1) Self-insurer’s latest audited annual financial report;

(2) Certificate of insurance that shows continued or renewed excess insurance coverage; and

(3) Documented compliance with security requirements.

(b) Municipal employers issued certificates that are continuous until revoked shall submit a completed municipality update form by each November first (November 1) until all self-insured claims are fully discharged.

(Effective October 1, 1996)

Sec. 31-284-16. Termination of self-insured status.

(a) An employer may voluntarily terminate its self-insurance privileges of any or all of its operations by writing to the Chairman or his designee and providing the reason for the termination, the date and time of the intended termination, the carrier name, policy number and effective date of the full coverage insurer assuming the risk after the self-insurance termination, and full identification of the purchaser of any self-insured operations sold, including the date and time the sale is effective.

(b) The Chairman or his designee shall be provided with thirty (30) days advance written notice of an employer’s intent to terminate its self-insurance, but no later than ten (10) days after a change in ownership in the case of a sale.

(c) All former self-insurers are responsible for any and all workers’ compensation liabilities incurred during the self-insurance period. The incurred liabilities of a subsidiary or division are not subject to transfer to another entity through a sale unless the liabilities are to be fully covered under a workers’ compensation insurance policy or a qualified self-insurance program. Such transfer shall have prior written approval from the Chairman or his designee.

(d) Whenever an employer exits the self-insurance program, the Chairman or his designee may require such employer to provide all available information regarding incurred liabilities.

(e) An employer whose self-insurance certification has been terminated or revoked shall continue to provide competent administration of incurred claims. If it is determined by the Chairman or his designee that the claims are not being competently administered or reported, the Chairman or his designee may notify the employer of the problem and require it to be addressed within sixty (60) days. If the problem is not addressed within sixty (60) days, the Chairman or his designee may require the employer to select a new administrator. If the employer fails to enter into an agreement with a new administrator
in a timely manner the Chairman or his designee may designate a new claims administrator and the costs shall be borne by the employer.

(f) The Chairman or his designee may seek to enjoin a currently or previously self-insured employer from liquidating its assets, selling its tangible Connecticut property, or moving its operations out of Connecticut before it has received approval from the Chairman or his designee of an acceptable exit plan to provide for the continued payment of its outstanding workers' compensation liabilities.

(Effective October 1, 1996)

Sec. 31-284-17. Assessments.

The assessments made by the Connecticut State Treasurer under statutory provisions for the expenses of the operation of the Workers' Compensation Commission and the Second Injury Fund, or a subsequent guaranty fund, shall be paid in full. Delinquent assessments may be grounds for the revocation of a certificate of self-insurance. Each self-insurer shall report to the State Treasurer by April first (April 1) of each year the total amount of compensation paid in the previous calendar year on all losses incurred during any year of its self-insurance program. Administrative assessment payments are required of former self-insurers based upon any cases incurred during the entire period of self-insurance until all the cases are closed.

(Effective October 1, 1996)

Sec. 31-284-18. New regulation grace period.

If the specific requirements prescribed in Sections 31-284-1 through 31-284-17 would create a hardship on an existing self-insurer, the self-insurer may apply to the Chairman or his designee for a temporary deviation waiver. The request shall be made in writing before any deadline prescribed in Section 31-284-7 and shall include a detailed explanation for the request and the estimated time needed to comply. The request may also suggest alternatives for achieving substantial compliance during such grace period. Approval of a temporary deviation waiver is discretionary upon showing of hardship. Approvals shall be in writing. Approvals will advise the self-insurer of its new deadline for regulatory compliance and may contain conditions necessary to the approval. The Chairman or his designee will not grant a temporary deviation waiver if there is reason to believe that a self-insurer is unable to comply with specific requirements because of deterioration in its financial position or if such waiver will impede the Commission's ability to obtain relevant information to monitor a self-insurer's financial condition.

(Effective October 1, 1996)
Sec. 31-284-19. Severability.

If any portion of this Section or its application is held invalid, remaining Sections or separate applications shall not be affected, to the end that the Sections of this regulation are severable.

(Effective October 1, 1996)

Sec. 31-284-20. Grandfathered employers.

These regulations apply to any self-insurance program approved by the Chairman or his designee on or after October 1, 1996. Employers with self-insurance programs approved by the Chairman or his designee prior to October 1, 1996 will continue to be covered by the requirements set forth by the Chairman at the time they were first approved, however, if the program has been approved for two (2) or more years, then at the time of the program’s last renewal.

(Effective October 1, 1996)

(Note: See also Administrative Regulation Section 31-279-1, Claims administration.)

Filing of Voluntary Agreements

Sec. 31-296-1. Voluntary agreements. A voluntary agreement shall be prepared by the employer or his insurer in connection with all cases concerning which there is no dispute that the claimant suffered an accident and injury arising out of and in the course of his employment causing either temporary partial or temporary total disability beyond the three-day waiting period. The voluntary agreement shall be submitted to the claimant for execution by him and forwarded by the employer or its insurer to the commissioner having jurisdiction within three weeks after the employer has actual knowledge of the accident and that the disability will extend beyond the three-day waiting period. Failure of the employer to furnish the insurer with a wage statement for the computation of the proper compensation rate shall not excuse failure to comply with the provisions of this section. Failure or inability of the employer to secure a medical report shall not excuse failure to file a voluntary agreement whenever the employer or the insurer has actual knowledge, or with reasonable diligence could have secured knowledge, that the claimant was actually disabled by a compensable accident. Noncompliance with this section is subject to the penalty provided in section 31-288 of the general statutes.

(Effective January 5, 1971)

Sec. 31-296-2. Undetermined liability. In any case in which the employer or the insurer doubts the fact of accident or the causal relationship between the accident and the disability, but wishes to make payment without prejudice and without admitting liability, he shall notify both the claimant and the commissioner by letter that payment will be
made without prejudice. Such letter shall contain a statement of the average weekly wage, the compensation disability rate, the number of dependent children or stepchildren and the total weekly benefit to be paid. A formal notice of the employer’s intention to contest liability (Form 43) shall accompany such letter to protect the respondent’s rights. Payments without prejudice shall be made for not more than six weeks. If, at the end of such period, the employer or insurer has completed his investigation and determines the accident is compensable, a voluntary agreement shall be offered. Otherwise, the employer shall promptly request an informal hearing.

(Effective January 5, 1971)

Preclusion of Compensation Liability

Sec. 31-297(b)-1. Motion to Preclude. Whenever a party files a Motion to Preclude presentation of defenses, alleging rights under Sec. 31-297(b) C.G.S., the movant shall support such filing by such documents as are appropriate, including but not limited to affidavits, copies of notices with return receipt indicating date of service and written admissions. The movant shall also file a memorandum of law in support of such motion.

The adverse party prior to the date set for hearing on such motion shall file opposing affidavits and any further documentation and memoranda of law.

All such motions and accompanying filings and memoranda shall be filed and served on all parties.

Upon good cause shown the Commissioner may waive any of these requirements.

(Adopted by Commission March 19, 1987)

(Effective date: April 1, 1987)

[Note: See, Sec. 31-294c]

Appeal from Compensation Commissioner
(CRB Appeal Procedure)

Sec. 31-301-1. Appeal. An appeal from an award, a finding and award, or a decision of the commissioner upon a motion shall be made to the compensation review division by filing in the office of the commissioner from which such award or such decision on a motion originated an appeal petition and five copies thereof. Such appeal shall be filed within ten days after the entry of such award or decision and shall be in substantial conformity with the forms approved by said division. Such commissioner within three days thereafter shall mail such petition and three copies thereof to the chairman of the compensation review division and a copy thereof to the adverse party or parties, and shall thereupon, or as soon thereafter as shall be practicable, cause to be filed with the chairman of the compensation review division a certified copy of the award or of the decision
upon a motion together with a finding upon which the award was predicated, with such other parts of the record as are necessary for a proper consideration of the appeal. The commissioner shall, upon order of the compensation review division, file a certified copy of any other document comprising a part of the record which the division deems necessary for the proper disposition of the appeal.

(Effective June 24, 1980)

Sec. 31-301-2. Reasons of Appeal. Within ten days after the filing of the appeal petition, the appellant shall file with the compensation review division his reasons of appeal. Where the reasons of appeal present an issue of fact for determination by the division, issue must be joined by a pleading filed in accordance with the rules applicable in ordinary civil actions; but where the issue is to be determined upon the basis of the finding of the commissioner and the evidence before him, no pleadings by the appellee are necessary.

(Effective June 24, 1980)

Sec. 31-301-3. Finding. The finding of the commissioner should contain only the ultimate relevant and material facts essential to the case in hand and found by him, together with a statement of his conclusions and the claims of law made by the parties. It should not contain excerpts from evidence or merely evidential facts, nor the reasons for his conclusions. The opinions, beliefs, reasons and argument of the commissioner should be expressed in the memorandum of decision, if any be filed, so far as they may be helpful in the decision of the case.

(Effective June 24, 1980)

Sec. 31-301-4. Correction of Finding. If the appellant desires to have the finding of the commissioner corrected he must, within two weeks after such finding has been filed, unless the time is extended for cause by the commissioner, file with the commissioner his motion for the correction of the finding and with it such portions of the evidence as he deems relevant and material to the corrections asked for, certified by the stenographer who took it, but if the appellant claims that substantially all the evidence is relevant and material to the correction sought, he may file all of it so certified, indicating in his motion so far as possible the portion applicable to each correction sought. The commissioner shall forthwith, upon the filing of the motion and of the transcript of the evidence, give notice to the adverse party or parties.

(Effective June 24, 1980)
Sec. 31-301-5. Evidence to be Filed by Appellee. The appellee should if he deems that additional evidence is relevant and material to the motion to correct, within one week after the appellant has filed his transcript of evidence, so notify the commissioner, and at the earliest time he can procure it file with the commissioner such additional evidence.

(Effective June 24, 1980)

Sec. 31-301-6. Assignable Errors. The reasons of appeal may assign, in addition to other errors: first, that the conclusions of the commissioner are legally inconsistent with the subordinate facts found; second, that the commissioner erred in refusing to grant a motion to correct the finding or in refusing to find the facts as contained in the motion.

(Effective June 24, 1980)

Sec. 31-301-7. Duty of Commissioner on Appeal. The commissioner shall file with the compensation review division, within a reasonable time, such motions together with his decisions thereon. If the motions are denied in whole or in part and such denial is made a ground of appeal, the commissioner shall, within a reasonable time thereafter, file in the compensation review division the transcripts of evidence as may have been taken before the commissioner in the form of testimony, or taken by him in other ways, and deemed by him to be relevant and material to these corrections.

(Effective June 24, 1980)

Sec. 31-301-8. Function of Compensation Review Division. Ordinarily, appeals are heard by the compensation review division upon the certified copy of the record filed by the commissioner. In such cases the division will not retry the facts or hear evidence. It considers no evidence other than that certified to it by the commissioner, and then for the limited purpose of determining whether the finding should be corrected, or whether there was any evidence to support in law the conclusion reached. It cannot review the conclusions of the commissioner when these depend upon the weight of the evidence and the credibility of witnesses. Its power in the corrections of the finding of the commissioner is analogous to, and its method of correcting the finding similar to the power and method of the Supreme Court in correcting the findings of the trial court.

(Effective June 24, 1980)

Sec. 31-301-9. Additional Evidence. If any party to an appeal shall allege that additional evidence or testimony is material and that there were good reasons for failure to present it in the proceedings before the commissioner, he shall by written motion request an opportunity to present such evidence or testimony to the compensation review division, indicating in such motion the nature of such evidence or testimony, the basis of the claim of materiality, and the reasons why it was not presented in the proceedings before the commissioner. The compensation review division may act on such motion with or without a hearing, and if justice so requires may order a certified copy of the evidence
for the use of the employer, the employee or both, and such certified copy shall be made a part of the record on such appeal.

(Effective June 24, 1980)

Sec. 31-301-10. Pro Forma Award. In the case of a pro forma award by a commissioner as provided by Section 31-324, Connecticut General Statutes, if a correction of the commissioner's finding is sought, an appeal to the compensation review division shall be taken but shall be confined to the issues involved in the corrections claimed.

(Effective June 24, 1980)

Sec. 31-301-11. Motion to Correct Not Reserved. Motions to correct the finding of the commissioner cannot be reserved. They must be decided by the compensation review division.

**SCHEDULE A**

For active members of volunteer fire companies or emergency medical service organizations, the Average Weekly Wage shall be continued to be the average production wage in the state as determined by the Labor Commissioner under the provisions of C.G.S. 31-309. There shall be no prorating of compensation benefits because of other employment by a volunteer firefighter. If the employee does not have FICA taken out of his/her pay, please call the appropriate Workers’ Compensation district office for assistance on completing this form.

**For One Employer**

- For an employee who has worked less than two full calendar weeks, determine the Average Weekly Wage by using the customary wage in the locality for similar employment, or an agreed number of hours in a regular work week. When filling in the “Number of Weeks Worked,” do not include a broken week at the beginning of employment, the week in which the injury occurred, nor any period of seven consecutive days of lost time. Refer to C.G.S. 31-310.
- Pay for overtime or bonuses may be applicable and included as part of wages received within the 52 weeks prior to the injury.

INSTRUCTIONS FOR INSURER OR SELF-INSURED EMPLOYER
(Not for use by employee)

1. Calculate the employee’s average gross weekly wage in accordance with Section 31-310. Find the employee’s average gross weekly wage in either the right or left column.

2. Determine the employee’s filing status. There are four types of filing status: single; head of household; married filing jointly; and married filing separately. Determination of the correct filing status shall be based on the employee’s status on the date of injury and the eligibility criteria for filing status used for federal and state income tax purposes of the prior year ending December 31st. The employee’s filing status and number of exemptions utilized should be consistent with the position the employee took in filing the prior year return. (i.e. Date of injury was 6/15/96 then you would use 12/31/95 to establish the employee’s filing status.)

3. Determine the employee's number of exemptions.

4. In the event that the employee or spouse is over sixty-five years of age or blind, the weekly worker’s compensation calculation needs to be performed manually. See Exhibits I-IV in the State of Connecticut Workers’ Compensation Commission Weekly Benefits Tables for instructions on how to calculate the average weekly benefit.

5. Match the appropriate average weekly wage and filing status with the appropriate number of exemptions.

6. The figure shown is the weekly compensation benefit.

7. If the benefit is for a partial disability, the benefit amount cannot exceed the average weekly wage for the State of Connecticut for the date of injury.

A COMMUTATION IS a lump sum payment of permanent partial disability benefits as awarded by a Voluntary Agreement approved by this office. Instead of receiving your benefits on a weekly basis, you or your attorney may request that the Commissioner order the insurance company to pay either a portion of or the entire amount of the award in a lump sum payment.

COMMUTATIONS ARE AWARDED pursuant to Section 31-302 of the Connecticut General Statutes. In determining whether your request is “just or necessary” according to Section 31-302, you may be required to provide a specific reason why your benefits should be paid in a lump sum. For example, if you need the money to pay outstanding debts, the commissioner may require you to provide copies of outstanding bills, or if you plan to use the money to purchase a home, car or business, you may be required to provide a copy of the sales contract. Since ordering a commutation is “discretionary”, the Commissioner can refuse to grant any lump sum payment if he/she does not feel it would be in your best interest.

IF THE COMMISSIONER GRANTS your request to receive your benefits in a lump sum, the total amount will be reduced by up to 6%. This represents the discount the insurance company is entitled to for paying your future benefits now.

IN ADDITION, you understand that by accepting the lump sum payment you will be receiving benefits that would normally be paid over a period of time. Therefore, if at a later date during the period you would be receiving your permanent partial disability benefits your doctor determines you are totally disabled as a result of your work injury, THE INSURANCE COMPANY MAY REFUSE TO PAY YOU ANY FURTHER BENEFITS DURING THIS PERIOD OF TIME. Many insurance companies, as well as the Second Injury Fund, may agree to pay applicable cost of living adjustment and dependency allowances for the period of time you are found to be totally disabled. However, they may refuse to pay your full compensation for that time period.

If you have any questions regarding the Commutation or its effects on your entitlement to future benefits, please call your Representative or the district office. If not, please indicate below whether you:

a) have returned to work  YES  NO

b) understand the issue discussed above, and

  YES  NO

c) still wish to receive all or a portion of your benefits in a lump sum payment.  YES  NO

You will so indicate by signing your name below the appropriate paragraphs and dating it.

This notice must be served upon the Commissioner and *Employer by personal presentation or by registered or certified mail. For the protection of the parties, the employer should note the date when this notice was received and the claimant should keep a copy of this notice with the date of service.*

*Persons employed by the State of Connecticut must also serve the employer by serving this notice upon the Commissioner of Administrative Services, 165 Capital Avenue, Hartford, CT 06106.*

**WARNING:** If an employer does not file a notice contesting liability for this claim OR begin making workers' compensation benefit payments "without prejudice" within 28 calendar days from the date when this claim is received by personal delivery or by registered or certified mail, Compensation Shall Be Presumed and cannot thereafter be contested. If an employer chooses to begin making workers' compensation benefit payments "without prejudice" within 28 calendar days from the date of receipt of this claim and still wishes to contest this claim, it must do so by filing a notice contesting liability for this claim within one year from receipt of this claim. [See Sec. 31-29c(b)]

Rev. 3/16/96
A 30C form should be filed promptly after a work-related injury or illness takes place. There is a statute of limitation for filing workers’ compensation claims: within one year of the date of an accidental injury or within three years from the first manifestation of a symptom of an occupational disease. (NOTE: If within the applicable time period described above, (1) there has been a hearing or a written request for a hearing or an assignment for a hearing on (2) your employer’s insurance carrier has already signed a Voluntary Agreement, you do NOT need to file a 30C Form for the injury or illness it covers.)

You should file a 30C form because . . .

• There will be no doubt that you are claiming that you have a work-related injury or occupational disease.
• It is the best way to ensure that you have met the statute of limitations for filing a workers’ compensation claim.
• A simple “accident report” filed with the employer is not an official claim for workers’ compensation.
• Your claim will be more likely to receive prompt attention from your employer or insurance carrier.
• Once your employer receives an official claim, they have only 28 calendar days in which to either deny your claim or to begin making workers’ compensation benefit payments “without prejudice.” If an official denial is not issued within 28 calendar days or if benefit payments are not initiated within 28 calendar days, your employer must accept the compensability of your claim.

Directions for Completing the 30C Claim Form

Please pay close attention to these directions. When filling out a 30C Form, remember to Type or Print Neatly in Ink (except for signatures).

In filling out the 30C Form, please note the following:

1. In the “INJURED WORKER INFORMATION” box at the upper left side of the form, type or neatly print the name of the injured worker (If you are the injured worker, type your name here). Also fill in the injured worker’s Social Security number, D.O.B. (date of birth), put a check in the box if the worker is a minor (under the age of 18) and fill in the injured worker’s street address, town, state, zip code, and telephone number.

2. In the “EMPLOYER INFORMATION” box at the lower left side of the form, type or neatly print the name of the employer (“Name of employer” means the name of the organization for which you work, NOT your boss or supervisor) and its street address, town, state, zip code, and telephone number. Next fill in (YES or NO) whether the injured worker’s injury occurred at the employer’s location just listed; if the injury took place at a location other than that listed, fill in the location, street address, town, state and zip code where the injury actually occurred.

3. In the “INJURY INFORMATION” box at the upper right side of the form, type or neatly print the date of the injured worker’s injury and the town in which the injury occurred (Note the city or town in which the injury actually occurred. This will not necessarily be the same location as the employer’s business address). Next indicate the part of the worker’s body injured and how the injury occurred (in the blank space describe your injury in simple terms. Indicate the part of your body affected and the type of injury. For example: “Sprain to the right shoulder”, “amputation of the left thumb”, “fracture of the right ankle”, “severe strain to lower back”, etc.). Lastly, indicate (YES or NO) whether the injury is an occupational disease or whether it has resulted from repetitive trauma.

4. In the “SIGNATURE OF INJURED WORKER OR REPRESENTATIVE” box at the lower right side of the form, sign your name and fill in the date of your signature. If you are the injured worker, if you are NOT the injured worker, then sign your name, fill in the date of your signature, and then type or neatly print your name, the name (if any) of your firm, your street address, town, state, zip code, and your telephone number.

Once you have completed the 30C Form, follow these procedures:

5. Make two (2) extra copies of your completed 30C Form (this can be done at many quick-copy printers).

6. Send the original 30C to your employer by Certified or Registered mail, return receipt requested. The claim may also be delivered in person but if so, have the employer acknowledge in writing the receipt of the claim. State employees’ work-related injuries and illnesses are reported on Form PER-WC 207, entitled “Report of Occupational Injury or Disease to an Employee”. If a State employee elects to file a 30C Form, then he or she must send the 30C Form to the Commissioner of Administrative Services, 165 Capitol Avenue, Hartford, CT 06106, NOT to the particular office where employed. (The Form PER-WC 207 is only an accident report and is NOT the official claim form for workers’ compensation benefits — State employees, like any other employees, must file a 30C Form in order to file an official workers’ compensation claim.)

7. Send a copy of the 30C to the appropriate Workers’ Compensation Commission District Office by Certified or Registered mail, return receipt requested, or deliver by personal presentation. Addresses for all Workers’ Compensation Commission District Offices may be found in this packet of material. The “District Office” refers to the number given to the District Workers’ Compensation Commission Office for the town in which you were injured. Refer to the Connecticut map provided with the Form 30C for the number of the Compensation District for the town in which you were injured.

8. Keep the remaining copy of the 30C for your own file.

STATE OF CONNECTICUT
WORKERS’ COMPENSATION COMMISSION
STIPULATION AND WHAT IT MEANS

A stipulation is a full and final settlement of your case. Once it is approved by the Commissioner, your case is closed. You cannot recover any further benefits from this employer for this injury.

By accepting this stipulation, you give up your rights to any future medical, disability, or loss of income benefits to which you might be entitled. Those benefits include:

1. Payment of all future medical bills you might incur for services related to this injury;

2. Future period of temporary total and/or temporary partial benefits to which you may be entitled as a consequence of this injury;

3. A specific indemnity award for your permanent partial disability, if any;

4. Additional specific indemnity benefits should your permanent partial disability worsen over time as a result of the natural degeneration of your condition;

5. Additional lost earning benefits under Section 31-308a if at the end of a specific indemnity award you are unable to earn equivalent wages;

6. Group health insurance under Section 31-284b. (Applies to state and municipal employees only.)

HOWEVER, your eligibility to Vocational Rehabilitation is not affected by this Stipulation assuming you meet all other eligibility requirements.

You should also be aware that you are entitled to a formal hearing, which is a trial, with regards to any of the issues that the insurance company may be disputing. However, by accepting a stipulation, you are also waiving this right as well.

If you have any questions regarding the Stipulation or its effects on your entitlement to future benefits, please ask them now. If not, then please indicate below whether you:

Yes No

A) Understand the issue discussed above and

B) Still wish to settle your case by way of a Stipulation

You will so indicate by signing your name below and dating it.
